7 offering electrical service to the public for compensation under a certificate of public
8 convenience and necessity issued by the former Alaska Public Utilities Commission or
9 the Regulatory Commission of Alaska under AS 42.05.221 may not be held liable for

3 (2) the vegetation was located outside the boundaries of the utility's
4 real property, lease, permit, easement, or right-of-way and the utility caused the

6 (A) enter the boundaries of the utility's real property, lease,
7 permit, easement, or right-of-way; and

8 (B) contact the utility's facilities.

9 (c) This section does not preclude civil liability for private property damage
10 resulting from a fire caused by contact between vegetation and a utility's facilities.

11 (d) In this section, "vegetation management plan" means a document that
12 establishes a procedure by which a utility will manage vegetation to protect the
13 reliability and safety of the utility's electric facilities.
