8 SYNOPSIS: This bill would prohibit the sale of a  
9 device that provides Internet access unless the  
10 device contains an active filter that blocks access  
11 to specified types of obscene material.

12 This bill would establish a procedure for a  
13 consumer to have a filter deactivated, impose a  
14 filter deactivation fee, and provide for the  
15 collection and distribution of the fee.

16 This bill would require a person selling a  
17 device that provides Internet access to respond to  
18 reports of obscene material that has breached the  
19 filter.

20 This bill would provide for injunctive  
21 relief and civil and criminal penalties.

22 Amendment 621 of the Constitution of Alabama  
23 of 1901, now appearing as Section 111.05 of the  
24 Official Recompilation of the Constitution of  
25 Alabama of 1901, as amended, prohibits a general  
26 law whose purpose or effect would be to require a  
27 new or increased expenditure of local funds from

1 becoming effective with regard to a local  
2 governmental entity without enactment by a 2/3 vote  
3 unless: it comes within one of a number of  
4 specified exceptions; it is approved by the  
5 affected entity; or the Legislature appropriates  
6 funds, or provides a local source of revenue, to  
7 the entity for the purpose.

8 The purpose or effect of this bill would be  
9 to require a new or increased expenditure of local  
10 funds within the meaning of the amendment. However,  
11 the bill does not require approval of a local  
12 governmental entity or enactment by a 2/3 vote to  
13 become effective because it comes within one of the  
14 specified exceptions contained in the amendment.

15

24 filter deactivated; to provide for a filter deactivation fee  
25 and to provide for the collection and distribution thereof; to  
26 provide for injunctive relief, civil and criminal penalties,  
27 and attorney fees and costs; and in connection therewith would

1 have as its purpose or effect the requirement of a new or
