

## House Resolution 707

By: Representatives Stephens of the 164<sup>th</sup> and Greene of the 154<sup>th</sup>

## A RESOLUTION

- 1 Commending GPS Air; and for other purposes.
- 2 WHEREAS, naturally occurring in the environment, ions are created as a result of energy  
3 generated by processes such as rushing water, crashing waves, and even sunlight; and
- 4 WHEREAS, these naturally formed ions serve the environment by cleaning and removing  
5 potentially harmful pollutants from the air; and
- 6 WHEREAS, GPS Air's NPBI technology can be used in an indoor setting to generate ions  
7 through a soft ionization process without producing ozone or any other detrimental  
8 byproducts; and
- 9 WHEREAS, ions generated as a result of this technology serve the same purpose as they do  
10 naturally in the environment, cleaning and freshening the air; and
- 11 WHEREAS, there currently exists hundreds of Georgia-based HVAC companies that are  
12 able to install GPS Air products, which can easily be retrofitted into pre-existing HVAC  
13 systems with no maintenance required; and

14 WHEREAS, the use of technology such as soft ionization to improve indoor air quality  
15 should be embraced and supported within this state.

16 NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that  
17 the members of this body commend GPS Air for its remarkable ionization products and  
18 encourage the citizens of Georgia to seek opportunities to integrate said technology into their  
19 existing HVAC systems.

20 BE IT FURTHER RESOLVED that the Clerk of the House of Representatives is authorized  
21 and directed to make appropriate copies of this resolution available for distribution to the  
22 public and the press.
