10 PORT TO THE LEGISLATURE; AND DECLARING AN EMERGENCY.
11

12 Be It Enacted by the Legislature of the State of Idaho:

13 SECTION 1. The Idaho Legislature hereby approves bonding authority for
14 the issuance of highway transportation (GARVEE) bonds by the Idaho Housing
15 and Finance Association in a principal amount sufficient to finance the
16 highway transportation projects listed in Section 40-315, Idaho Code, in
17 an amount up to \$162,000,000. Such bonds are expected to be paid from con-
18 tinuing appropriations of federal funds from the State Highway Account as
19 provided in Section 40-707, Idaho Code.

20 SECTION 2. The Legislature finds that the bonding authority provided
21 in Section 1 of this act shall be used in a manner that does not obligate fu-
22 ture legislatures or governors for additional bonding authority. The Idaho
23 Transportation Board shall allocate revenue generated from bonds authorized
24 in Section 1 of this act to finance projects listed in Section 40-315, Idaho
25 Code.

26 SECTION 3. The Idaho Transportation Board and the Idaho Transportation
27 Department shall not increase the scope, nor add specific projects, nor in
28 any manner extend or enlarge the transportation projects listed in Section
29 40-315, Idaho Code.

30 SECTION 4. To the extent the Idaho Transportation Board and the Idaho
31 Transportation Department determine that GARVEE program management ser-
32 vices are necessary, any agreement governing such services shall, to the
33 extent possible, be fully transparent to the public and Legislature and
34 shall endeavor to negotiate those services at the best possible rates.

35 SECTION 5. The bonds issued under the authority provided by Section 1
36 of this act shall be issued upon an approved resolution by the Idaho Trans-
37 portation Board requesting Idaho Housing and Finance Association to issue
38 bonds in amounts necessary to ensure that: the funds are necessary to meet
39 program obligation requirements; the funds will be used and disbursed in ac-

1 cordance with United States Treasury regulations to ensure tax exempt status
2 is retained; and the bonds are issued at prevailing market rates of interest.
3 Further, it is the intent of the Legislature that the bonds authorized by the
4 authority provided in Section 1 of this act be issued on an "as needed" basis
5 as determined by the Idaho Transportation Board. The purpose of this intent
6 is to delay debt service on additional bonding until funds must be obligated
7 to pay for right-of-way acquisition, construction, and/or other project-re-
8 lated costs and avoid violation of arbitrage rules that may result from is-
9 suance of bonds too far in advance of the need to obligate funds for expendi-
10 ture. The issuance of additional bonds shall be dependent upon advantageous
11 market rates and costs of bonding transactions as determined by the Idaho
12 Transportation Board.

13 SECTION 6. It is legislative intent that the Idaho Transportation Board
14 direct the use of the revenue raised from the bonding authority provided in
15 Section 1 of this act in such a manner that revenue shall be expended in a pri-
16 ority fashion and that the first priority of expenditures shall be for con-
17 tract construction, followed in order of priority by expenditures for right-
18 of-way acquisition, followed in priority by other necessary project-related
19 costs. Further, any savings realized from lower than expected cost esti-
20 mates or other efficiencies shall be applied to complete remaining projects
21 as soon as practicable, with any final remainder of savings applied to sched-
22 uled debt service.

23 SECTION 7. Relating to the projects referenced in Section 2 of this
24 act, it is legislative intent, that to the extent feasible and practical,
25 the Idaho Transportation Department perform project-related work within the
26 Department itself. The goal of this directive is to preserve the expenditure
27 of GARVEE funds for the priorities described in Section 6 of this act.

28 SECTION 8. The Idaho Transportation Board is hereby authorized to
29 transfer up to \$4,000,000 from within the State Highway Account to the GARVEE
30 Debt Service Fund to pay the state match as required for federal funds com-
31 mitted to pay the annual scheduled debt service on GARVEE bonds for fiscal
32 year 2012.

33 SECTION 9. Notwithstanding any other provisions of law, it is legisla-
34 tive intent that by September 30 of each year, the board shall submit a report
35 to the Legislature concerning projects currently under construction using
36 the bond financing as authorized by the provisions of this act, and shall in-
37 clude a list of planned highway transportation projects to be financed with
38 such bond financing during the next succeeding fiscal year.

39 SECTION 10. An emergency existing therefor, which emergency is hereby
40 declared to exist, this act shall be in full force and effect on and after its
41 passage and approval.
