- (2) under IC 20-49-6.

Unless the context clearly requires otherwise, a reference to a school corporation in this chapter includes a school corporation career and technical education school described in IC 20-37-1-1. However, an advance to a school corporation career and technical education school described in IC 20-37-1-1 is not considered an

advance to a school corporation for purposes of determining if the school corporation career and technical education school described in IC 20-37-1-1 qualifies for an advance.

SECTION 8. IC 20-49-4-1, AS ADDED BY P.L.2-2006, SECTION 172, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1,2014]: Sec. 1. This chapter applies to school corporations organized and formed through reorganization under IC 20-23-4, IC 20-23-6, or IC 20-23-7, and school townships under IC 20-23-3, and school corporation career and technical education schools described in IC 20-37-1-1. Unless the context clearly requires otherwise, a reference to a school corporation in this chapter includes a school corporation career and technical education school described in IC 20-37-1-1.

SECTION 9. IC 20-49-4-7, AS AMENDED BY P.L.205-2013, SECTION 308, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2014]: Sec. 7. As used in this chapter, "school building construction program" means the purchase, lease, or financing of land, the construction and equipping of school buildings, and the remodeling, repairing, or improving of school buildings by a school corporation:

- (1) that sustained a loss from a disaster;
- (2) whose adjusted assessed valuation (as determined under IC 6-1.1-34-8) per current ADM is within the lowest forty percent (40%) of the assessed valuation per current ADM when compared with all school corporation adjusted assessed valuation (as adjusted (if applicable) under IC 6-1.1-34-8) per current ADM; or (3) with an advance under this chapter outstanding on July 1, 1993, that bears interest of at least seven and one-half percent (7.5%).

The term does not include facilities used or to be used primarily for interscholastic or extracurricular activities. If a program involves a school corporation career and technical education school described in IC 20-37-1-1, the adjusted assessed valuation and current ADM of all those school corporations that are members of the career and technical education school are to be used for making determinations under this section.

SECTION 10. IC 20-49-4-9, AS ADDED BY P.L.2-2006, SECTION 172, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2014]: Sec. 9. Priority of advances for school building construction programs shall be made to school corporations that have the least amount of adjusted assessed valuation (as determined under IC 6-1.1-34-8) per student in ADM. **If a program**

involves a school corporation career and technical education school described in IC 20-37-1-1, the adjusted assessed valuation and current ADM of all those school corporations that are members of the career and technical education school are to be used for making determinations under this section.

To ensure timely payment of advances according to the terms, the state may in its sole discretion withhold from funds due to school corporations to which advances are made amounts necessary to pay the advances and the interest on the advances in accordance with their respective terms. The terms of the advances shall be established by the state board after consulting with the department and upon the approval of the budget agency in advance of the time the respective advances are made. However, in the case of school corporations with advances outstanding on July 1, 1993, the withholding may be adjusted to conform with this chapter. To the extent available, funds shall first be withheld from the distribution of state tuition support. However, if this distribution is not available or is inadequate, funds may be withheld from the distribution of other state funds to the school corporation to which the advance is made. If an advance is made to a school corporation career and technical education school described in IC 20-37-1-1, a part of the advance and the payment obligation for that part of the advance shall be determined by allocating the advance and payment amounts among the members of the career and technical education school using the number of students from each member school corporation that are enrolled in the career and technical education school in the school year the advance is made.

SECTION 12. IC 20-49-4-19, AS ADDED BY P.L.2-2006, SECTION 172, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2014]: Sec. 19. A school corporation receiving an advance shall agree to have the money advanced, together with the interest on the advance, deducted from the distribution of state tuition support until all the money advanced, together with the interest on the advance, has been paid. The state board and the state board of finance shall reduce each distribution of state tuition support to each school corporation to which an advance is made in an amount to be agreed upon by the state and the school corporation. If an advance is made to a school corporation career and technical education school described in IC 20-37-1-1, the reduction for a payment obligation for the advance shall be allocated as provided in section 18 of this

chapter.
