- 12 oral instructions of the individual with respect to health care
- 13 decisions or the designation of a health care representative;
- 14 the advance directive controls.
- 15 Sec. 24. (a) An advance directive signed by or for a declarant
- 16 under this section may accomplish or communicate one (1) or more
- 17 of the following:
- 18 (1) Designate one (1) or more competent adult individuals or
- 19 other persons as a health care representative to make health
- 20 care decisions for the declarant or receive health information
- 21 on behalf of the declarant, or both.
- 22 (2) State specific health care decisions by the declarant.
- 23 (3) State the declarant's preferences or desires regarding the
- 24 provision, continuation, termination, or refusal of life
- 25 prolonging procedures, palliative care, comfort care, or
- 26 assistance with activities of daily living.
- 27 (4) Specifically disqualify one (1) or more named individuals
- 28 from:
- 29 (A) being appointed as a health care representative for the
- 30 declarant;
- 31 (B) acting as a proxy for the declarant under section 38 of
- 32 this chapter; or
- 33 (C) receiving and exercising delegated authority from the
- 34 declarant's health care representative.
- 35 (b) An advance directive under this section must be signed by or
- 36 for the declarant using one (1) of the following methods:
- 37 (1) Signed by the declarant in the presence of two (2) adult
- 38 witnesses or in the presence of a notary public.
- 39 (2) Signing of the declarant's name by another adult
- 40 individual at the specific direction of the declarant, in the
- 41 declarant's direct physical presence, and in the presence of
- 42 the two (2) adult witnesses or a notary public. However, an

1 individual who signs the declarant's name on the advance
 2 directive may not be a witness, the notary public, or a health
 3 care representative designated in the advance directive.

4 (c) An advance directive signed under this section must be
 5 witnessed or acknowledged in one (1) of the following ways:

6 (1) Signed in the declarant's direct physical presence by two
 7 (2) adult witnesses, at least one (1) of whom may not be the
 8 spouse or other relative of the declarant.

9 (2) Signed or acknowledged by the declarant in the presence
 10 of a notary public, who completes and signs a notarial
 11 certificate under IC 33-42-9-12 and makes it a part of the
 12 advance directive.

13 If the advance directive complies with either subdivision (1) or (2),
 14 but contains additional witness signatures or a notarial certificate
 15 that is not needed, the advance directive is still validly witnessed
 16 and acknowledged.

17 (d) If a declarant resides in or is located in a jurisdiction other
 18 than Indiana at the time when the declarant signs a writing that
 19 communicates the information described in subsection (a), the
 20 writing must be treated as a validly signed advance directive under
 21 this chapter if the declarant was not incapacitated at the time of
 22 signing and if the writing was:

23 (1) signed and witnessed or acknowledged in a manner that
 24 complies with subsections (b) and (c); or

25 (2) signed in a manner that complies with the applicable law
 26 of the jurisdiction in which the declarant was residing or was
 27 physically located at the time of signing.

28 Sec. 25. An advance directive signed by a declarant under this
 29 section may contain any of the following additional provisions:

30 (1) A provision that delays:

31 (A) the effectiveness of an instruction or decision by the
 32 declarant; or

33 (B) the effectiveness of the authority of a designated health
 34 care representative;

35 until a stated date or the occurrence of a specifically defined
 36 event.

37 (2) If the advance directive explicitly provides that a health
 38 care decision or instruction or the authority of one (1) or
 39 more health care representatives is to be effective upon the
 40 future incapacity, disability, or incompetence of the declarant,
 41 a provision that:

42 (A) specifies the person or persons who are authorized to

- 1 **participate in the determination of incapacity, disability, or**
 2 **incompetence and the evidence or information to be used**
 3 **for the determination;**
 4 **(B) is not more stringent than the procedure described in**
 5 **section 31 of this chapter; and**
 6 **(C) does not allow a medical determination by a physician,**
 7 **psychologist, or other health care professional to be**
 8 **superseded by the subjective judgment or veto of another**
 9 **person or by nonmedical evidence regarding the**
 10 **declarant's capacity or incapacity.**
 11 **(3) A provision that terminates the authority of a designated**
 12 **health care representative on:**
 13 **(A) a stated date; or**
 14 **(B) upon the occurrence of a specifically defined event.**
 15 **(4) A provision that designates two (2) or more health care**
 16 **representatives as having authority to act individually to**
 17 **make health care decisions for the declarant in a specified**
 18 **order of priority.**
 19 **(5) A provision that designates two (2) or more health care**
 20 **representatives and permits them to act individually and**
 21 **independently, or that requires them to act jointly, on a**
 22 **majority vote basis, or under a combination of requirements**
 23 **to make all health care decisions or specified health care**
 24 **decisions for the declarant. The advance directive may include**
 25 **a provision for a successor health care representative to act**
 26 **according to different requirements.**
 27 **(6) A provision that states a fee or presumptive reasonable**
 28 **hourly rate for the compensation that a health care**
 29 **representative may collect for acting on behalf of the**
 30 **declarant or providing caregiving services to the declarant.**
 31 **(7) A provision that prohibits a health care representative**
 32 **from collecting compensation for acting under the advance**
 33 **directive.**
 34 **(8) A provision that requires a professional adviser or other**
 35 **additional person to witness, ratify, or approve the declarant's**
 36 **oral or written revocation or amendment of designation of**
 37 **one (1) or more health care representatives within the**
 38 **advance directive.**
 39 **(9) A provision that:**
 40 **(A) prohibits a designated health care representative from**
 41 **consenting to mental health treatment for the declarant; or**
 42 **(B) designates a different health care representative to**

- 1 consent to mental health treatment.
- 2 (10) A provision that designates an adult individual or
- 3 another person as an advocate with the authority to:
- 4 (A) receive:
- 5 (i) health information about the declarant; and
- 6 (ii) information and documents from a health care
- 7 representative about the health care representative's
- 8 actions on behalf of the declarant;
- 9 (B) monitor, audit, and evaluate the actions of a health
- 10 care representative designated by the declarant; and
- 11 (C) take remedial action in the best interests of the
- 12 declarant, including revoking or limiting the authority of
- 13 any health care representative or filing a petition with a
- 14 court for appropriate relief.
- 15 (11) Any other provision concerning the:
- 16 (A) declarant's health care or health information; or
- 17 (B) implementation of the declarant's advance directive.
- 18 Sec. 26. (a) The state department of health shall develop a
- 19 sample form for an advance directive that is consistent with this
- 20 chapter. The sample form must contain the following provisions:
- 21 (1) A provision that states a declarant's preferences or desires
- 22 about providing, continuing, terminating, or refusing life
- 23 prolonging procedures, palliative care, comfort care, or
- 24 assistance with activities of daily living.
- 25 (2) A provision that designates one (1) or more health care
- 26 representatives to make health care decisions for a declarant
- 27 or to receive health information on behalf of a declarant, or
- 28 both.
- 29 The sample form may include boxes that can be checked, signed, or
- 30 initialed to select provisions that are optional but permitted under
- 31 section 25 of this chapter.
- 32 (b) A declarant is not required to use any official or unofficial
- 33 form to prepare and sign a valid advance directive.
- 34 Sec. 27. (a) A complete copy of the signed and witnessed or
- 35 notarized advance directive must be given to each health care
- 36 representative who:
- 37 (1) is specifically designated by name in the advance directive;
- 38 and
- 39 (2) has authority to make health care decisions that are
- 40 immediately effective under the explicit terms of the advance
- 41 directive or under section 30(1) of this chapter.
- 42 If the advance directive is signed with electronic signatures, a

1 complete copy that is generated or converted from the original
 2 electronic record and that is viewable and printable is valid and
 3 may be relied upon as the equivalent to the original.

4 (b) A declarant who has capacity is responsible for giving a
 5 complete copy of the declarant's advance directive to a health care
 6 provider. If a declarant has signed an advance directive but lacks
 7 the capacity to make health care decisions or provide informed
 8 consent, any health care representative designated in the advance
 9 directive or any other interested person shall give a complete copy
 10 of the declarant's advance directive to a health care provider.
 11 Upon receipt of the declarant's advance directive, the health care
 12 provider shall put a copy of the advance directive in the declarant's
 13 medical records.

14 Sec. 28. (a) The declarant who signs an advance directive may
 15 revoke that advance directive by any of the following:

16 (1) Signing, in a manner that complies with section 24(b) and
 17 24(c) of this chapter, another advance directive.

18 (2) Signing, in a manner that complies with section 24(b) and
 19 24(c) of this chapter, a document that:

20 (A) states in writing that the declarant is revoking the
 21 previously signed advance directive; and

22 (B) confirms the declarant's compliance with any explicit
 23 additional conditions for valid revocation that are stated in
 24 the advance directive.

25 (3) Orally expressing the declarant's present intention, in the
 26 direct physical presence of a health care provider, to:

27 (A) revoke the entire advance directive;

28 (B) revoke a designation of one (1) or more health care
 29 representatives within the advance directive; or

30 (C) revoke one (1) or more specific health care decisions or
 31 one (1) or more desires or treatment preferences within the
 32 advance directive.

33 However, if a declarant has not been determined to be
 34 incapacitated under section 31 of this chapter, the declarant always
 35 has the right to orally revoke a health care decision that is included
 36 within an advance directive under section 24(a)(2) of this chapter
 37 or a statement of desires or treatment preferences that is included
 38 within an advance directive under section 24(a)(3) of this chapter,
 39 despite any contrary wording in the advance directive.

40 (b) Until a health care representative or health care provider
 41 has actual knowledge of a valid revocation of an advance directive:

42 (1) actions and health care decisions by a health care

1 representative designated in the advance directive are valid
2 and binding on the declarant; and

3 (2) health care providers may continue to rely on health care
4 decisions by the health care representative.

5 (c) A declarant who has signed a valid advance directive may
6 amend or restate that advance directive in a writing that is signed
7 in compliance with section 24(b) of this chapter and witnessed or
8 acknowledged in compliance with section 24(c) of this chapter. The
9 amendment or restatement may take any action that could have
10 been included in the former or original advance directive.

11 Sec. 29. (a) Except when the terms of the advance directive
12 explicitly prohibit or restrict delegation, a health care
13 representative who is designated by name in an advance directive
14 may make a written delegation of some or all of the health care
15 representative's authority to one (1) or more other competent
16 adults or other persons, on a temporary or open ended basis as
17 stated in the written delegation document.

18 (b) A written delegation document under this section must be
19 signed in compliance with section 24(b) of this chapter and
20 witnessed or acknowledged in compliance with section 24(c) of this
21 chapter.

22 (c) A written delegation of authority that does not state an
23 expiration date continues until it is revoked, in a manner
24 complying with section 28 of this chapter, by the competent
25 declarant or by the health care representative who signed the
26 written delegation.

27 (d) If the advance directive explicitly states a date or event that
28 triggers termination of the advance directive or termination of the
29 authority of a health care representative who makes a written
30 delegation under this section, the delegated authority terminates
31 upon the triggering event or expiration date.

32 Sec. 30. An advance directive must be interpreted to carry out
33 the known or demonstrable intent of the declarant. The following
34 presumptions apply to an advance directive unless the terms of the
35 advance directive explicitly prevent a presumption from applying:

36 (1) If the advance directive does not state a delayed effective
37 date or a future triggering event for effectiveness, the advance
38 directive is effective immediately upon signing and witnessing
39 or acknowledgment in compliance with section 24 of this
40 chapter. However, if the declarant has capacity to consent to
41 health care, the declarant has the right to make health care
42 decisions, give consent, or provide instructions that supersede

- 1 or overturn any decision that is made or could be made by the
 2 declarant's health care representative.
- 3 **(2) If the advance directive does not explicitly state an**
 4 **expiration date or a triggering event for termination, the**
 5 **advance directive and the authority of each designated health**
 6 **care representative continues until the death of the declarant**
 7 **or until an earlier valid revocation of the advance directive.**
- 8 **(3) If an advance directive designates two (2) or more health**
 9 **care representatives and does not specify that:**
- 10 **(A) the health care representative's respective authority to**
 11 **act is subject to an order of priority; or**
- 12 **(B) the health care representatives must act jointly or on**
 13 **a majority vote basis;**
- 14 **each health care representative has concurrent authority to**
 15 **act individually and independently to make health care**
 16 **decisions for the declarant. If two (2) or more health care**
 17 **representatives who are required to act jointly disagree about**
 18 **a health care decision, or if two (2) or more health care**
 19 **representatives who are authorized to act independently give**
 20 **conflicting instructions to a health care provider, the health**
 21 **care provider may decline to comply with the conflicting**
 22 **instructions, and in an urgent or emergency situation, the**
 23 **health care provider may provide treatment consistent with**
 24 **the instructions of one (1) physician who examines or**
 25 **evaluates the declarant.**
- 26 **(4) If:**
- 27 **(A) an individual signs more than one (1) advance directive**
 28 **at different times; and**
- 29 **(B) the later signed advance directive does not explicitly**
 30 **state that one (1) or more of the previous advance**
 31 **directives by the declarant remain in effect;**
- 32 **each previous advance directive is superseded and revoked by**
 33 **the last signed advance directive.**
- 34 **(5) Unless the advance directive explicitly provides otherwise,**
 35 **each health care representative who is designated in an**
 36 **advance directive continues to have authority after the death**
 37 **of the declarant to do the following:**
- 38 **(A) Make anatomical gifts on the declarant's behalf,**
 39 **subject to any previous written direction by the declarant.**
- 40 **(B) Request or authorize an autopsy.**
- 41 **(C) Make plans for the disposition of the declarant's body,**
 42 **including executing a funeral planning declaration on**

behalf of the declarant under IC 29-2-19.

(6) Each health care representative who is designated in an advance directive and who has current authority to act is a personal representative of the declarant for purposes of 45 CFR Parts 160 through 164.

(7) If an advance directive explicitly provides that the authority of one (1) or more health care representatives is to be effective upon the future incapacity, disability, or incompetence of the declarant but if the advance directive does not specify a method or procedure for determining the incapacity, disability, or incompetence of the declarant:

- (A) the health care representative's authority to act becomes effective upon a determination that the declarant is incapacitated that is stated in a writing or other record by a physician, licensed psychologist, or judge; and
- (B) each health care representative who is designated in the advance directive is authorized to act as the declarant's personal representative under 45 CFR 164.502(g) to obtain access to the declarant's information, and to communicate with the declarant's health care providers, for the purpose of gathering information necessary for determinations under this subdivision.

(8) Each health care representative who is designated in an advance directive and who has current authority to make health care decisions for the declarant has authority to consent to mental health treatment for the declarant.

(9) If the advance directive is silent on the issue of compensation for a health care representative designated in the advance directive, then each health care representative is entitled to receive the following:

- (A) Reasonable compensation from the declarant's property for services or acts actually performed by the health care representative and for the declarant.
- (B) Reasonable reimbursement from the declarant's property for out-of-pocket expenses actually incurred and paid by the health care representative from the health care representative's own funds in the course of performing services or acts for the declarant under the advance directive.

Any health care representative may waive part or all of the compensation or expense reimbursements that the health care representative would be entitled to receive under the terms of

- 1 the advance directive or under this subdivision.
 2 (10) If an advance directive explicitly provides that the
 3 authority of a health care representative is effective only at
 4 times when the declarant is incapacitated or unable to consent
 5 to health care, then unless the advance directive explicitly
 6 states another procedure:
 7 (A) the health care representative's authority becomes
 8 effective when a determination of the declarant's
 9 incapacity is noted in the declarant's medical records
 10 under section 31(c) of this chapter; and
 11 (B) the health care representative's authority becomes
 12 inactive when the declarant regains capacity.
 13 (11) If the authority of a health care representative under the
 14 advance directive is effective immediately upon signing by the
 15 declarant, the health care representative's authority may be
 16 rescinded or superseded by the direct decisions of the
 17 declarant at all times when the declarant has not been
 18 determined to be incapacitated.
 19 (12) If:
 20 (A) an advance directive designates one (1) or more health
 21 care representatives;
 22 (B) a health care representative is not reasonably available
 23 to act for the declarant; and
 24 (C) the declarant is incapacitated or not competent to
 25 make personal health care decisions;
 26 then subject to any order of priority explicitly stated in the
 27 advance directive, each health care representative designated
 28 in the advance directive must be given the opportunity to
 29 exercise authority for the declarant.
 30 (13) If explicitly allowed or required in the advance directive,
 31 each person who may act as a proxy for the declarant under
 32 sections 38 and 39 of this chapter, if an advance directive had
 33 not existed, has the right to make a written demand for and to
 34 receive from a health care representative a narrative
 35 description or other appropriate accounting of the actions
 36 taken and decisions made by a health care representative
 37 under the advance directive. Notwithstanding any provision
 38 in the advance directive, a health care representative who
 39 prepares a narrative description or accounting in response to
 40 a written demand is entitled to reasonable compensation for
 41 the time and effort spent in doing so.
 42 (14) Notwithstanding any provision in the advance directive,

1 if a declarant is not competent to amend or revoke the
 2 declarant's advance directive, then a person who may act as
 3 a proxy for the declarant under sections 38 and 39 of this
 4 chapter has the right to petition a probate court with
 5 jurisdiction over the declarant for any of the following relief:

6 (A) An order modifying or terminating the advance
 7 directive.

8 (B) An order removing a health care representative or
 9 terminating the authority of a person who holds delegated
 10 authority under the advance directive, on the grounds that
 11 the health care representative or person is not acting or is
 12 declining to act in the best interests of the declarant.

13 (C) An order directing a health care representative to
 14 make or carry out a specific health care decision for the
 15 declarant.

16 (D) An order appointing a new or additional health care
 17 representative, on the grounds that all health care
 18 representatives designated in the advance directive are not
 19 reasonably available to act.

20 Before issuing an order under this subdivision, the court must
 21 hold a hearing after notice to the declarant, to each health
 22 care representative, and any other person whose rights or
 23 authority could be affected by the order, and to any persons
 24 who have the highest priority under sections 38 and 39 of this
 25 chapter to serve as a proxy for the declarant if an advance
 26 directive had not existed. An order issued under this
 27 subdivision must be guided by the declarant's best interests
 28 and the declarant's known or demonstrable intent.

29 Sec. 31. (a) For purposes of this section, the term "declarant"
 30 includes an individual who has not executed an advance directive
 31 or who has no unrevoked advance directive in effect.

32 (b) A declarant is presumed to be capable of making health care
 33 decisions for the declarant unless the declarant is determined to be
 34 incapacitated. The declarant's desires are controlling while a
 35 declarant has decision making capacity. Each physician or health
 36 care provider must clearly communicate to a declarant who has
 37 decision making capacity the treatment plan and any change to the
 38 treatment plan before implementation of the plan or a change to
 39 the plan. Incapacity may not be inferred from a person's voluntary
 40 or involuntary hospitalization for mental illness or from the
 41 person's intellectual disability.

42 (c) When a declarant is incapacitated, a health care decision

1 made on the declarant's behalf by a health care representative is
 2 effective to the same extent as a decision made by the declarant if
 3 the declarant were not incapacitated. However, if:

4 (1) a health care representative makes and communicates a
 5 health care decision; and

6 (2) a health care provider concludes that carrying out that
 7 health care decision would be medically inappropriate or
 8 clearly contrary to the declarant's best interests;

9 then the health care provider has the same right to refuse to carry
 10 out that decision as if that decision were made and communicated
 11 directly by the declarant at a time when the declarant was not
 12 incapacitated.

13 (d) If a declarant's capacity to make health care decisions or
 14 provide informed consent is in question, the declarant's treating
 15 physician shall evaluate the declarant's capacity and, if the treating
 16 physician concludes that the declarant lacks capacity, enter that
 17 evaluation in the declarant's medical record.

18 (e) If the treating physician is unable to reach a conclusion
 19 under subsection (d) about whether the declarant lacks capacity,
 20 the treating physician and other health care providers shall treat
 21 the declarant as still having capacity to make health care decisions
 22 and provide informed consent, until a later evaluation occurs
 23 under this section after the passage of time or after a change in the
 24 declarant's condition.

25 (f) This chapter does not limit the authority of a probate court
 26 under IC 29-3 to make determinations about an individual's
 27 incapacity or recovery from a period of incapacity.

28 (g) A determination made under this section that a declarant
 29 lacks capacity to make health care decisions may not be construed
 30 as a finding that a declarant lacks capacity for any other purpose.

31 **Sec. 32. (a)** Except when a health care representative's authority
 32 has been expressly limited by the declarant in an advance directive,
 33 the health care representative, in accordance with the declarant's
 34 instructions made while competent, has the following authority and
 35 responsibilities:

36 (1) The authority to act for the declarant and to make all
 37 health care decisions for the declarant at all times when the
 38 health care representative's authority is in effect, subject to
 39 the right of the competent declarant to act directly and
 40 personally.

41 (2) The authority and responsibility to be reasonably available
 42 to consult with appropriate health care providers to provide

- 1 informed consent.
- 2 (3) The authority and responsibility to act in good faith and
 3 make only health care decisions for the declarant that the
 4 health care representative believes the declarant would have
 5 made under the circumstances if the declarant were capable
 6 of making the decisions, taking into account the express or
 7 implied intentions of the declarant or if the declarant's
 8 express or implied intentions are not known, the declarant's
 9 best interests.
- 10 (4) The authority and responsibility to provide written
 11 consent using an appropriate form when consent is required,
 12 including a physician's order not to resuscitate (IC 16-36-6).
- 13 (5) The authority to be provided access to the appropriate
 14 health information of the declarant.
- 15 (6) The authority to apply for public benefits, including
 16 Medicaid and the community and home options to
 17 institutional care for the elderly and disabled (CHOICE)
 18 program, for the declarant and have access to information
 19 regarding the declarant's income, assets, and banking and
 20 financial records to the extent required to make application.
 21 A health care provider or health care facility may not make
 22 the application a condition of continued care if the declarant,
 23 if capable of deciding, would have refused to apply for the
 24 public benefits.
- 25 (b) The health care representative may authorize the release of
 26 health information to appropriate persons to ensure the continuity
 27 of the declarant's health care and may authorize the admission,
 28 discharge, or transfer of the declarant to or from a health care
 29 facility or other health or residential facility or program licensed or
 30 registered by a state agency.
- 31 (c) If, after a declarant has designated one (1) or more health
 32 care representatives in an advance directive, a court appoints a
 33 guardian of the declarant's person, the authority of each
 34 designated health care representative continues unless the
 35 appointing court modifies or revokes the authority of one (1) or
 36 more health care representatives after a hearing upon notice under
 37 section 30(14) of this chapter. The court may order a health care
 38 representative to make appropriate or specified reports to the
 39 guardian of the declarant's person or property.
- 40 Sec. 33. (a) A health care provider furnished with a copy of a
 41 declarant's advance directive shall make the declarant's advance
 42 directive a part of the declarant's medical records. If a change in

1 or termination of the advance directive becomes known to the
 2 health care provider, the change or termination must be noted in
 3 the declarant's medical records.

4 (b) If a health care provider believes that an individual may lack
 5 the capacity to give informed consent to health care, then, until the
 6 individual is determined to have capacity under section 31 of this
 7 chapter, the health care provider shall consult with:

8 (1) a health care representative designated by the declarant;
 9 or

10 (2) if a health care representative has not been designated or
 11 if a health care representative is not reasonably available to
 12 act, a proxy under section 38 of this chapter;
 13 who has authority and priority to act and who is reasonably
 14 available to act.

15 (c) Subject to the right of a competent declarant to directly
 16 make and communicate health care decisions for the declarant and
 17 to rescind a health care decision by a health care representative
 18 who is designated in an advance directive the following conditions
 19 apply:

20 (1) A health care provider may continue to administer
 21 treatment for the declarant's comfort, care, or the alleviation
 22 of pain in addition to treatment made under the decision of
 23 the health care representative.

24 (2) Subject to subdivision (3), a health care provider shall
 25 comply with a health care decision made by a health care
 26 representative if the decision is communicated to the provider.

27 (3) If a health care provider is unwilling to comply with a
 28 health care decision made by a health care representative, the
 29 provider shall do the following:

30 (A) Notify the health care representative of the health care
 31 provider's unwillingness to comply with the decision.

32 (B) Promptly take all steps necessary to transfer the
 33 responsibility for the declarant's health care to another
 34 health care provider designated by the health care
 35 representative. However, a health care provider who takes
 36 steps for a transfer does not have a duty to look for or
 37 identify another health care provider who will accept the
 38 declarant.

39 However, if a health care provider is unwilling to comply with
 40 a health care decision made by a health care representative,
 41 and the declarant's health condition would make transfer of
 42 the declarant untenable or unadvisable, this subsection does

1 not prohibit the health care provider from following the
2 health care provider's dispute resolution procedure with the
3 objective of reaching a decision in the best interest of the
4 declarant.

5 **Sec. 34. If a health care representative designated in an advance**
6 **directive has authority to:**

7 (1) make an anatomical gift on behalf of the declarant;
8 (2) authorize an autopsy of the declarant's remains; or
9 (3) direct the disposition of the declarant's remains;
10 under either the explicit provisions of the advance directive or
11 section 30(5) of this chapter, the anatomical gift, autopsy, or
12 remains disposition is considered the act of the declarant or of the
13 person who has legal authority to make the necessary decisions.

14 **Sec. 35. (a) A health care provider shall give a health care**
15 **representative authorized to receive information under an advance**
16 **directive the same access as the declarant has to examine and copy**
17 **the declarant's health information and medical records, including**
18 **records relating to mental health and other medical conditions held**
19 **by a physician or other health care provider.**

20 (b) The access to records under this section must be given at the
21 declarant's expense and may be subject to reasonable rules of the
22 provider to prevent disruption of the declarant's health care.

23 (c) A health care representative may release information
24 obtained under this section to any person authorized to receive the
25 information under IC 16-39.

26 **Sec. 36. (a) A health care provider or other person who acts in**
27 **good faith reliance on an advance directive or on a health care**
28 **decision made by a health care representative with apparent**
29 **authority is immune from liability to the declarant and to the**
30 **declarant's heirs or other successors in interest to the same extent**
31 **as if the health care provider or other person had dealt directly**
32 **with the declarant and if the declarant had been competent and not**
33 **incapacitated.**

34 (b) A health care provider is not responsible for determining the
35 validity of an advance directive.

36 **Sec. 37. (a) A health care representative designated in an**
37 **advance directive may furnish to a health care provider or other**
38 **person an affidavit that states, to the best knowledge of the health**
39 **care representative:**

40 (1) that the document attached to and furnished with the
41 affidavit is a true copy of the named declarant's advance
42 directive that is currently in effect;

- 1 (2) that the declarant is alive;
 2 (3) that the advance directive was validly executed;
 3 (4) if the effectiveness of the health care representative's
 4 authority to act under the advance directive begins upon the
 5 occurrence of a certain event, that the event has occurred and
 6 the health care representative has authority to act;
 7 (5) if the health care representative who furnishes the
 8 affidavit does not have the highest priority to act under the
 9 explicit terms of the advance directive, an explanation that all
 10 health care representatives who are identified in the advance
 11 directive as having higher priority are not reasonably
 12 available to act; and
 13 (6) that the relevant powers granted to the health care
 14 representative have not been altered or terminated.

15 An affidavit under this section must be signed, sworn to, and
 16 acknowledged by the health care representative in the presence of
 17 a notary public or if the health care representative swears or
 18 affirms to the accuracy of the affidavit's contents under the
 19 penalties for perjury.

20 (b) A health care provider or other person who:

- 21 (1) relies on an affidavit described in subsection (a); and
 22 (2) acts in good faith;

23 is immune from liability that might otherwise arise from the health
 24 care provider's or other person's actions in reliance on the advance
 25 directive that is the subject of the affidavit.

26 Sec. 38. (a) For purposes of this section, the term "declarant"
 27 includes an individual who has not executed an advance directive
 28 or who does not have an advance directive currently in effect.

29 (b) This section applies only if a declarant is not capable of
 30 consenting to health care, and:

- 31 (1) the declarant has not executed an advance directive under
 32 this chapter or who does not have an advance directive
 33 currently in effect; or
 34 (2) the declarant has executed an advance directive and the
 35 health care representative designated in the advance directive
 36 is not willing, able, or reasonably available to make health
 37 care decisions for the declarant.

38 (c) Except as provided in section 39 of this chapter, health care
 39 decisions may be made for the declarant by any of the following
 40 individuals to act as a proxy, in the following decreasing order of
 41 priority, if an individual in a prior class is not reasonably available,
 42 willing, and competent to act:

- 1 **(1) The judicially appointed guardian of the declarant or a**
- 2 **health care representative appointed under IC 16-36-1-8 or**
- 3 **section 30(14) of this chapter.**
- 4 **(2) A spouse.**
- 5 **(3) An adult child.**
- 6 **(4) A parent.**
- 7 **(5) An adult sibling.**
- 8 **(6) A grandparent.**
- 9 **(7) An adult grandchild.**
- 10 **(8) The nearest other adult relative in the next degree of**
- 11 **kinship who is not listed in subdivisions (2) through (7).**
- 12 **(9) A friend who:**
 - 13 **(A) is an adult;**
 - 14 **(B) has maintained regular contact with the individual;**
 - 15 **and**
 - 16 **(C) is familiar with the individual's activities, health, and**
 - 17 **religious or moral beliefs.**
- 18 **(10) The individual's religious superior, if the individual is a**
- 19 **member of a religious order.**
- 20 **(d) Any health care decision made under subsection (c) must be**
- 21 **based on the proxy's informed consent and on the decision the**
- 22 **proxy reasonably believes the declarant would have made under**
- 23 **the circumstances, taking into account the declarant's express or**
- 24 **implied intentions. If there is no reliable indication of what the**
- 25 **declarant would have chosen, the proxy shall consider the**
- 26 **declarant's best interests in deciding that proposed treatments are**
- 27 **to be withheld or that treatments currently in effect are to be**
- 28 **withdrawn.**
- 29 **(e) Before exercising the incapacitated declarant's rights to**
- 30 **select or decline health care, the proxy must attempt to comply in**
- 31 **good faith with:**
 - 32 **(1) the instructions, desires, or preferences, if any, stated by**
 - 33 **the declarant regarding life prolonging procedures in an**
 - 34 **advance directive executed under IC 16-36-1, IC 16-36-4, or**
 - 35 **IC 30-5; and**
 - 36 **(2) IC 16-36-6, if a valid POST form (as defined by**
 - 37 **IC 16-36-6-4) executed by the patient is in effect.**
- 38 **However, a proxy's decision to withhold or withdraw life**
- 39 **prolonging procedures must be supported by evidence that the**
- 40 **decision would have been the one the declarant would have chosen**
- 41 **had the declarant been competent or, if there is no reliable**
- 42 **indication of what the declarant would have chosen, that the**

1 decision is in the declarant's best interests.

2 (f) If there are multiple individuals at the same priority level
3 under this section, those individuals shall make a reasonable effort
4 to reach a consensus as to the health care decisions on behalf of the
5 declarant who is unable to provide health care consent. If the
6 individuals at the same priority level disagree as to the health care
7 decisions on behalf of the individual who is unable to provide
8 health care consent, a majority of the available individuals at the
9 same priority level controls.

10 (g) Nothing in this section shall be construed to preempt the
11 designation of persons who may consent to the medical care or
12 treatment of minors established under IC 16-36-1-5(b).

13 **Sec. 39.** The following individuals may not serve as a proxy
14 under section 38 of this chapter:

15 (1) An individual specifically disqualified in the declarant's
16 advance directive.

17 (2) A spouse who:

18 (A) is legally separated; or

19 (B) has a petition for dissolution, legal separation, or
20 annulment of marriage that is pending in a court;

21 from the individual.

22 (3) An individual who is subject to a protective order or other
23 court order that directs that individual to avoid contact with
24 the declarant.

25 (4) An individual who is subject to a pending criminal charge
26 in which the declarant was the alleged victim.

27 **Sec. 40.** If a declarant has become and remains incapacitated
28 and has previously executed a valid advance directive under this
29 chapter and executed:

30 (1) an appointment of a health care representative executed
31 under IC 16-36-1 before January 1, 2023;

32 (2) a durable power of attorney granting health care powers
33 and executed under IC 30-5 before January 1, 2023; or

34 (3) a similar advance directive executed by the declarant
35 under the laws of another state in which the declarant was
36 physically present at the time of signing; and

37 if a material conflict exists between multiple documents described
38 in this section or if a material conflict exists between the health
39 care decisions that different health care representatives or other
40 authorized agents propose to make under the multiple documents,
41 or if there is a material difference between the documents, then the
42 document signed last by the declarant and the authority of the

1 **named representatives or agents in that document controls.**

2 SECTION 40. IC 16-39-2-9 IS AMENDED TO READ AS
3 FOLLOWS [EFFECTIVE JULY 1, 2020]: Sec. 9. (a) For the purposes
4 of this chapter, the following persons are entitled to exercise the
5 patient's rights on the patient's behalf:

6 (1) If the patient is a minor, the parent, guardian, or other court
7 appointed representative of the patient.

8 (2) If the provider determines that the patient is incapable of
9 giving or withholding consent, the patient's guardian, a court
10 appointed representative of the patient, a person possessing a
11 health care power of attorney **under IC 30-5-5-16** for the patient,
12 or the patient's health care representative **under IC 16-36-1-7 or**
13 **IC 16-36-7.**

14 (b) A custodial parent and a noncustodial parent of a child have
15 equal access to the child's mental health records unless:

16 (1) a court has issued an order that limits the noncustodial parent's
17 access to the child's mental health records; and

18 (2) the provider has received a copy of the court order or has
19 actual knowledge of the court order.

20 If the provider incurs an additional expense by allowing a parent equal
21 access to a child's mental health records, the provider may require the
22 parent requesting the equal access to pay a fee under IC 16-39-9 to
23 cover the cost of the additional expense.

24 SECTION 41. IC 23-14-31-26, AS AMENDED BY P.L.190-2016,
25 SECTION 32, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
26 JULY 1, 2020]: Sec. 26. (a) Except as provided in subsection (c), the
27 following persons, in the priority listed, have the right to serve as an
28 authorizing agent:

29 (1) A person:

30 (A) granted the authority to serve in a funeral planning
31 declaration executed by the decedent under IC 29-2-19; or

32 (B) named in a United States Department of Defense form
33 "Record of Emergency Data" (DD Form 93) or a successor
34 form adopted by the United States Department of Defense, if
35 the decedent died while serving in any branch of the United
36 States Armed Forces (as defined in 10 U.S.C. 1481) and
37 completed the form.

38 (2) An individual specifically granted the authority to serve in a
39 power of attorney or a health care power of attorney executed by
40 the decedent under IC 30-5-5-16 **or a health care representative**
41 **under IC 16-36-7.**

42 (3) The individual who was the spouse of the decedent at the time

- 1 of the decedent's death, except when:
2 (A) a petition to dissolve the marriage or for legal separation
3 of the decedent and spouse is pending with a court at the time
4 of the decedent's death, unless a court finds that the decedent
5 and spouse were reconciled before the decedent's death; or
6 (B) a court determines the decedent and spouse were
7 physically and emotionally separated at the time of death and
8 the separation was for an extended time that clearly
9 demonstrates an absence of due affection, trust, and regard for
10 the decedent.
- 11 (4) The decedent's surviving adult child or, if more than one (1)
12 adult child is surviving, the majority of the adult children.
13 However, less than half of the surviving adult children have the
14 rights under this subdivision if the adult children have used
15 reasonable efforts to notify the other surviving adult children of
16 their intentions and are not aware of any opposition to the final
17 disposition instructions by more than half of the surviving adult
18 children.
- 19 (5) The decedent's surviving parent or parents. If one (1) of the
20 parents is absent, the parent who is present has authority under
21 this subdivision if the parent who is present has used reasonable
22 efforts to notify the absent parent.
- 23 (6) The decedent's surviving sibling or, if more than one (1)
24 sibling is surviving, the majority of the surviving siblings.
25 However, less than half of the surviving siblings have the rights
26 under this subdivision if the siblings have used reasonable efforts
27 to notify the other surviving siblings of their intentions and are
28 not aware of any opposition to the final disposition instructions by
29 more than half of the surviving siblings.
- 30 (7) The individual in the next degree of kinship under IC 29-1-2-1
31 to inherit the estate of the decedent or, if more than one (1)
32 individual of the same degree is surviving, the majority of those
33 who are of the same degree. However, less than half of the
34 individuals who are of the same degree of kinship have the rights
35 under this subdivision if they have used reasonable efforts to
36 notify the other individuals who are of the same degree of kinship
37 of their intentions and are not aware of any opposition to the final
38 disposition instructions by more than half of the individuals who
39 are of the same degree of kinship.
- 40 (8) If none of the persons described in subdivisions (1) through
41 (7) are available, or willing, to act and arrange for the final
42 disposition of the decedent's remains, a stepchild (as defined in

- 1 IC 6-4.1-1-3(f) of the decedent. If more than one (1) stepchild
 2 survives the decedent, then a majority of the surviving
 3 stepchildren. However, less than half of the surviving stepchildren
 4 have the rights under this subdivision if they have used reasonable
 5 efforts to notify the other stepchildren of their intentions and are
 6 not aware of any opposition to the final disposition instructions by
 7 more than half of the stepchildren.
- 8 (9) The person appointed to administer the decedent's estate under
 9 IC 29-1.
- 10 (10) If none of the persons described in subdivisions (1) through
 11 (9) are available, any other person willing to act and arrange for
 12 the final disposition of the decedent's remains, including a funeral
 13 home that:
- 14 (A) has a valid prepaid funeral plan executed under IC 30-2-13
 15 that makes arrangements for the disposition of the decedent's
 16 remains; and
- 17 (B) attests in writing that a good faith effort has been made to
 18 contact any living individuals described in subdivisions (1)
 19 through (9).
- 20 (11) In the case of an indigent or other individual whose final
 21 disposition is the responsibility of the state or township, the
 22 following may serve as the authorizing agent:
- 23 (A) If none of the persons identified in subdivisions (1)
 24 through (10) are available:
- 25 (i) a public administrator, including a responsible township
 26 trustee or the trustee's designee; or
- 27 (ii) the coroner.
- 28 (B) A state appointed guardian.
- 29 However, an indigent decedent may not be cremated if a
 30 surviving family member objects to the cremation or if cremation
 31 would be contrary to the religious practices of the deceased
 32 individual as expressed by the individual or the individual's
 33 family.
- 34 (12) In the absence of any person under subdivisions (1) through
 35 (11), any person willing to assume the responsibility as the
 36 authorizing agent, as specified in this article.
- 37 (b) When a body part of a nondeceased individual is to be cremated,
 38 a representative of the institution that has arranged with the crematory
 39 authority to cremate the body part may serve as the authorizing agent.
- 40 (c) If:
- 41 (1) the death of the decedent appears to have been the result of:
- 42 (A) murder (IC 35-42-1-1);

- 1 (B) voluntary manslaughter (IC 35-42-1-3); or
 2 (C) another criminal act, if the death does not result from the
 3 operation of a vehicle; and
 4 (2) the coroner, in consultation with the law enforcement agency
 5 investigating the death of the decedent, determines that there is a
 6 reasonable suspicion that a person described in subsection (a)
 7 committed the offense;
 8 the person referred to in subdivision (2) may not serve as the
 9 authorizing agent.
 10 (d) The coroner, in consultation with the law enforcement agency
 11 investigating the death of the decedent, shall inform the crematory
 12 authority of the determination referred to in subsection (c)(2).
 13 (e) If a person vested with a right under subsection (a) does not
 14 exercise that right not later than seventy-two (72) hours after the person
 15 receives notification of the death of the decedent, the person forfeits the
 16 person's right to determine the final disposition of the decedent's
 17 remains, and the right to determine final disposition passes to the next
 18 person described in subsection (a).
 19 (f) A crematory authority owner has the right to rely, in good faith,
 20 on the representations of a person listed in subsection (a) that any other
 21 individuals of the same degree of kinship have been notified of the
 22 final disposition instructions.
 23 (g) If there is a dispute concerning the disposition of a decedent's
 24 remains, a crematory authority is not liable for refusing to accept the
 25 remains of the decedent until the crematory authority receives:
 26 (1) a court order; or
 27 (2) a written agreement signed by the disputing parties;
 28 that determines the final disposition of the decedent's remains. If a
 29 crematory authority agrees to shelter the remains of the decedent while
 30 the parties are in dispute, the crematory authority may collect any
 31 applicable fees for storing the remains, including legal fees that are
 32 incurred.
 33 (h) Any cause of action filed under this section must be filed in the
 34 probate court in the county where the decedent resided, unless the
 35 decedent was not a resident of Indiana.
 36 (i) A spouse seeking a judicial determination under subsection
 37 (a)(3)(A) that the decedent and spouse were reconciled before the
 38 decedent's death may petition the court having jurisdiction over the
 39 dissolution or separation proceeding to make this determination by
 40 filing the petition under the same cause number as the dissolution or
 41 separation proceeding. A spouse who files a petition under this
 42 subsection is not required to pay a filing fee.

1 SECTION 42. IC 23-14-55-2, AS AMENDED BY P.L.190-2016,
 2 SECTION 33, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 3 JULY 1, 2020]: Sec. 2. (a) Except as provided in subsection (c), the
 4 owner of a cemetery is authorized to inter, entomb, or inurn the body
 5 or cremated remains of a deceased human upon the receipt of a written
 6 authorization of an individual who professes either of the following:

7 (1) To be (in the priority listed) one (1) of the following:

8 (A) An individual granted the authority to serve in a funeral
 9 planning declaration executed by the decedent under
 10 IC 29-2-19, or the person named in a United States
 11 Department of Defense form "Record of Emergency Data"
 12 (DD Form 93) or a successor form adopted by the United
 13 States Department of Defense, if the decedent died while
 14 serving in any branch of the United States Armed Forces (as
 15 defined in 10 U.S.C. 1481) and completed the form.

16 (B) An individual specifically granted the authority in a power
 17 of attorney or a health care power of attorney executed by the
 18 decedent under IC 30-5-5-16 **or a health care representative**
 19 **under IC 16-36-7.**

20 (C) The individual who was the spouse of the decedent at the
 21 time of the decedent's death, except when:

22 (i) a petition to dissolve the marriage or for legal separation
 23 of the decedent and spouse is pending with a court at the
 24 time of the decedent's death, unless a court finds that the
 25 decedent and spouse were reconciled before the decedent's
 26 death; or

27 (ii) a court determines the decedent and spouse were
 28 physically and emotionally separated at the time of death
 29 and the separation was for an extended time that clearly
 30 demonstrates an absence of due affection, trust, and regard
 31 for the decedent.

32 (D) The decedent's surviving adult child or, if more than one
 33 (1) adult child is surviving, the majority of the adult children.
 34 However, less than half of the surviving adult children have
 35 the rights under this clause if the adult children have used
 36 reasonable efforts to notify the other surviving adult children
 37 of their intentions and are not aware of any opposition to the
 38 final disposition instructions by more than half of the surviving
 39 adult children.

40 (E) The decedent's surviving parent or parents. If one (1) of the
 41 parents is absent, the parent who is present has authority under
 42 this clause if the parent who is present has used reasonable

- 1 efforts to notify the absent parent.
- 2 (F) The decedent's surviving sibling or, if more than one (1)
- 3 sibling is surviving, the majority of the surviving siblings.
- 4 However, less than half of the surviving siblings have the
- 5 rights under this clause if the siblings have used reasonable
- 6 efforts to notify the other surviving siblings of their intentions
- 7 and are not aware of any opposition to the final disposition
- 8 instructions by more than half of the surviving siblings.
- 9 (G) The individual in the next degree of kinship under
- 10 IC 29-1-2-1 to inherit the estate of the decedent or, if more
- 11 than one (1) individual of the same degree of kinship is
- 12 surviving, the majority of those who are of the same degree.
- 13 However, less than half of the individuals who are of the same
- 14 degree of kinship have the rights under this clause if they have
- 15 used reasonable efforts to notify the other individuals who are
- 16 of the same degree of kinship of their intentions and are not
- 17 aware of any opposition to the final disposition instructions by
- 18 more than half of the individuals who are of the same degree
- 19 of kinship.
- 20 (H) If none of the persons described in clauses (A) through (G)
- 21 are available, or willing, to act and arrange for the final
- 22 disposition of the decedent's remains, a stepchild (as defined
- 23 in IC 6-4.1-1-3(f)) of the decedent. If more than one (1)
- 24 stepchild survives the decedent, then a majority of the
- 25 surviving stepchildren. However, less than half of the
- 26 surviving stepchildren have the rights under this subdivision
- 27 if they have used reasonable efforts to notify the other
- 28 stepchildren of their intentions and are not aware of any
- 29 opposition to the final disposition instructions by more than
- 30 half of the stepchildren.
- 31 (I) The person appointed to administer the decedent's estate
- 32 under IC 29-1.
- 33 (J) If none of the persons described in clauses (A) through (I)
- 34 are available, any other person willing to act and arrange for
- 35 the final disposition of the decedent's remains, including a
- 36 funeral home that:
- 37 (i) has a valid prepaid funeral plan executed under
- 38 IC 30-2-13 that makes arrangements for the disposition of
- 39 the decedent's remains; and
- 40 (ii) attests in writing that a good faith effort has been made
- 41 to contact any living individuals described in clauses (A)
- 42 through (I).

- 1 (2) To have acquired by court order the right to control the
2 disposition of the deceased human body or cremated remains.
3 The owner of a cemetery may accept the authorization of an individual
4 only if all other individuals of the same priority or a higher priority
5 (according to the priority listing in this subsection) are deceased, are
6 barred from authorizing the disposition of the deceased human body or
7 cremated remains under subsection (c), or are physically or mentally
8 incapacitated from exercising the authorization, and the incapacity is
9 certified to by a qualified medical doctor.
- 10 (b) An action may not be brought against the owner of a cemetery
11 relating to the remains of a human that have been left in the possession
12 of the cemetery owner without permanent interment, entombment, or
13 inurnment for a period of three (3) years, unless the cemetery owner
14 has entered into a written contract for the care of the remains.
- 15 (c) If:
- 16 (1) the death of the decedent appears to have been the result of:
17 (A) murder (IC 35-42-1-1);
18 (B) voluntary manslaughter (IC 35-42-1-3); or
19 (C) another criminal act, if the death does not result from the
20 operation of a vehicle; and
- 21 (2) the coroner, in consultation with the law enforcement agency
22 investigating the death of the decedent, determines that there is a
23 reasonable suspicion that a person described in subsection (a)
24 committed the offense;
- 25 the person referred to in subdivision (2) may not authorize the
26 disposition of the decedent's body or cremated remains.
- 27 (d) The coroner, in consultation with the law enforcement agency
28 investigating the death of the decedent, shall inform the cemetery
29 owner of the determination referred to in subsection (c)(2).
