- 15 (b) A county coroner or a coroner's deputy who receives an
 16 investigatory record from a law enforcement agency shall treat the
 17 investigatory record with the same confidentiality as the law
 18 enforcement agency would treat the investigatory record.
- 19 (c) Notwithstanding any other provision of this section, a coroner
 20 shall make available a full copy of an autopsy report, other than a
 21 photograph, a video recording, or an audio recording of the autopsy,
 22 upon the written request of a parent of the decedent, an adult child of
 23 the decedent, a next of kin of the decedent, or an insurance company
 24 investigating a claim arising from the death of the individual upon
 25 whom the autopsy was performed. A parent of the decedent, an adult
 26 child of the decedent, a next of kin of the decedent, and an insurance
 27 company are prohibited from publicly disclosing any information
 28 contained in the report beyond that information that may otherwise be
 29 disclosed by a coroner under this section. This prohibition does not
 30 apply to information disclosed in communications in conjunction with
 31 the investigation, settlement, or payment of the claim.
- 32 (d) Notwithstanding any other provision of this section, a coroner
 33 shall make available a full copy of an autopsy report, other than a
 34 photograph, a video recording, or an audio recording of the autopsy,
 35 upon the written request of:
 36 (1) the director of the division of disability and rehabilitative
 37 services established by IC 12-9-1-1;
 38 (2) the director of the division of mental health and addiction
 39 established by IC 12-21-1-1; or
 40 (3) the director of the division of aging established by
 41 IC 12-9.1-1-1;
 42 in connection with a division's review of the circumstances surrounding

1 the death of an individual who received services from a division or
2 through a division at the time of the individual's death.

3 (e) Notwithstanding any other provision of this section, a coroner
4 shall make available, upon written request, a full copy of an autopsy
5 report, including a photograph, a video recording, or an audio recording
6 of the autopsy, to:

7 (1) the department of child services established by IC 31-25-1-1,
8 including an office of the department located in the county where
9 the death occurred;

10 (2) the statewide child fatality review committee established by
11 IC 16-49-4; or

12 (3) a county child fatality review team or regional child fatality
13 review team established under IC 16-49-2 for the area where the
14 death occurred;

15 for purposes of an entity described in subdivisions (1) through (3)
16 conducting a review or an investigation of the circumstances
17 surrounding the death of a child (as defined in IC 16-49-1-2) and
18 making a determination as to whether the death of the child was a
19 result of abuse, abandonment, or neglect. An autopsy report made
20 available under this subsection is confidential and shall not be
21 disclosed to another individual or agency, unless otherwise authorized
22 or required by law.

23 **(f) Notwithstanding any other provision of this section, a**
24 **coroner shall make available, upon written request, a full copy of**
25 **an autopsy report, including a photograph, a video recording, or**
26 **an audio recording of the autopsy, to the statewide maternity**
27 **mortality review committee established under IC 16-50-1.**

28 ~~(f)~~ (g) Notwithstanding any other provision of this section, and
29 except as otherwise provided in this subsection, a coroner may make
30 available, upon written request, a full copy of an autopsy report to the
31 peer review committee (as defined in IC 34-6-2-99) of a hospital at
32 which the decedent was treated immediately before death for purposes
33 of the hospital's peer review activities. An autopsy report made
34 available under this subsection:

35 (1) may not include:

36 (A) a photograph;

37 (B) a video recording; or

38 (C) an audio recording;

39 of the autopsy; and

40 (2) is confidential and may not be disclosed to another individual
41 or agency, unless otherwise authorized or required by law.

42 However, if immediately making available an autopsy report under this

1 subsection will interfere with the coroner's investigation or other legal
 2 proceedings related to the decedent's death, the coroner may delay
 3 making available the requested autopsy related information until the
 4 investigation or other legal proceedings are concluded.

5 ~~(g)~~ **(h)** Except as provided in subsection ~~(h)~~; **(i)**, the information
 6 required to be available under subsection (a) must be completed not
 7 later than fourteen (14) days after the completion of:

8 (1) the autopsy report; or

9 (2) if applicable, any other report, including a toxicology report,
 10 requested by the coroner as part of the coroner's investigation;
 11 whichever is completed last.

12 ~~(h)~~ **(i)** The prosecuting attorney may petition a circuit or superior
 13 court for an order prohibiting the coroner from publicly disclosing the
 14 information required in subsection (a). The prosecuting attorney shall
 15 serve a copy of the petition on the coroner.

16 ~~(i)~~ **(j)** Upon receipt of a copy of the petition described in subsection
 17 ~~(h)~~; **(i)**, the coroner shall keep the information confidential until the
 18 court rules on the petition.

19 ~~(j)~~ **(k)** The court shall grant a petition filed under subsection ~~(h)~~ **(i)**
 20 if the prosecuting attorney proves by a preponderance of the evidence
 21 that public access or dissemination of the information specified in
 22 subsection (a) would create a significant risk of harm to the criminal
 23 investigation of the death. The court shall state in the order the reasons
 24 for granting or denying the petition. An order issued under this
 25 subsection must use the least restrictive means and duration possible
 26 when restricting access to the information. Information to which access
 27 is restricted under this subsection is confidential.

28 ~~(k)~~ **(l)** Any person may petition the court to modify or terminate an
 29 order issued under subsection ~~(j)~~; **(k)**. The petition for modification or
 30 termination must allege facts demonstrating that:

31 (1) the public interest will be served by allowing access; and

32 (2) access to the information specified in subsection (a) would not
 33 create a significant risk to the criminal investigation of the death.

34 The person petitioning the court for modification or termination shall
 35 serve a copy of the petition on the prosecuting attorney and the coroner.

36 ~~(l)~~ **(m)** Upon receipt of a petition for modification or termination
 37 filed under subsection ~~(k)~~; **(l)**, the court may:

38 (1) summarily grant, modify, or dismiss the petition; or

39 (2) set the matter for hearing.

40 If the court sets the matter for hearing, upon the motion of any party or
 41 upon the court's own motion, the court may close the hearing to the
 42 public.

1 ~~(m)~~ (n) If the person filing the petition for modification or
2 termination proves by a preponderance of the evidence that:
3 (1) the public interest will be served by allowing access; and
4 (2) access to the information specified in subsection (a) would not
5 create a significant risk to the criminal investigation of the death;
6 the court shall modify or terminate its order restricting access to the
7 information. In ruling on a request under this subsection, the court shall
8 state the court's reasons for granting or denying the request.
