4 or beneficiary of a member) under this section is the creditable
5 service that was used to compute the member's retirement benefit

7 may not be used to determine the amount of the increased monthly
8 benefit payable under this section.

9 (c) The increases specified in this section:

10 (1) are based upon the date of the member's latest retirement
11 or disability;

12 (2) do not apply to benefits payable in a lump sum; and

13 (3) are in addition to any other increase provided by law.

14 SECTION 3. IC 10-12-4-11 IS ADDED TO THE INDIANA CODE
15 AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE
16 UPON PASSAGE]: Sec. 11. (a) The basic monthly pension amount
17 (plus postretirement increases) payable after June 30, 2019, to an
18 employee beneficiary of the state police 1987 benefit system who
19 retired or was disabled after June 30, 1987, and before July 2,
20 2018, shall be increased by one percent (1%) of the maximum basic
21 monthly pension amount payable to a retired state police employee
22 in the grade of a trooper who has completed twenty-five (25) years
23 of service as of July 1, 2019, as calculated under section 7 of this

25 (b) The increases specified in this section:

26 (1) must be based on the date of the employee beneficiary's
27 latest retirement or disability;

28 (2) do not apply to the benefits payable in a lump sum; and

30 SECTION 4. IC 10-12-5-3, AS AMENDED BY P.L.5-2008,
31 SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
32 UPON PASSAGE]: Sec. 3. (a) The pension advisory board that
33 administers the pension under IC 10-12-3 shall direct and supervise the
34 supplemental benefits provided in this chapter.

35 (b) The pension advisory board shall:

36 (1) annually provide a schedule showing the number of retirees
37 receiving pension benefits under IC 10-12-3; and

38 (2) meet at least one (1) time each year to add to the regular
39 pension benefit or annuity and any previously granted
40 supplemental benefit the amount described in ~~subsection~~
41 **subsections (c) or (d) through (g), as applicable.**

42 (c) This subsection applies only to a retiree who is eligible for the

first time under section 2 of this chapter to receive a supplemental benefit. The supplemental benefit referred to in subsection (b)(2) for a retiree in the first year the retiree is eligible for a supplemental benefit is the sum of:

(1) the difference between:

(A) the retiree's pension benefit; and

(B) the pension benefit:

(i) received by an employee retiring in that year from the department with twenty (20) years of active service; and

(ii) computed on the day the pension advisory board meets as required under subsection (b)(2); plus

(2) any amount computed under subsection (d) after the date the retiree reaches fifty-five (55) years of age.

(d) This subsection applies to a retiree who is eligible under section 2 of this chapter to receive a supplemental benefit **before January 1, 2019**, but whose supplemental benefit is not computed under subsection (c). The supplemental benefit referred to in subsection (b)(2) **for retirees to whom this subsection applies** is equal to fifty percent (50%) of the difference between:

(1) the pension benefits to be received by an employee retiring from the department with twenty (20) years of active service the day after a change in the monthly wage received by a police employee in the grade of trooper at the beginning of the trooper's sixth year of service; and

(2) the pension benefit received by an employee retiring from the department with twenty (20) years of active service the day before a change in the monthly wage received by a police employee in the grade of trooper at the beginning of the trooper's sixth year of service.

(e) **This subsection applies to a retiree who is eligible under section 2 of this chapter to receive a supplemental benefit in 2019 and who has previously received an initial supplemental benefit under subsection (c). The supplemental benefit referred to in subsection (b)(2) for retirees to whom this subsection applies is equal to fifty percent (50%) of the difference between:**

(1) the pension benefit that would be received by an employee retiring from the department with twenty (20) years of active service if it were assumed, solely for the sake of making the calculation under this subsection, that:

(A) the monthly wage received by a police employee in the grade of trooper at the beginning of the trooper's sixth year of service had been increased by one percent (1%);

1 and

2 (B) the employee retiring with twenty (20) years of active
3 service is retiring on the day after the increase in the
4 monthly wage of a sixth year trooper described in clause
5 (A); and

6 (2) the pension benefit received by an employee retiring from
7 the department with twenty (20) years of active service the
8 day before the hypothetical increase described in subdivision
9 (1) of the monthly wage received by a police employee in the
10 grade of trooper at the beginning of the trooper's sixth year
11 of service.

12 (f) This subsection applies to a retiree who is eligible under
13 section 2 of this chapter to receive a supplemental benefit after
14 December 31, 2019, who previously received an initial
15 supplemental benefit under subsection (c), who received a
16 supplemental benefit under subsection (e), and who has not yet
17 received a supplemental benefit under this subsection. The
18 supplemental benefit referred to in subsection (b)(2) for retirees to
19 whom this subsection applies is equal to the amount determined
20 under STEP FOUR of the following formula:

21 **STEP ONE: Determine the difference between:**

22 (A) the pension benefits to be received by an employee
23 retiring from the department with twenty (20) years of
24 active service the day after a change in the monthly wage
25 received by a police employee in the grade of trooper at the
26 beginning of the trooper's sixth year of service; and

27 (B) the pension benefit received by an employee retiring
28 from the department with twenty (20) years of active
29 service on December 31, 2019.

30 **STEP TWO: Multiply:**

31 (A) the STEP ONE result; by

32 (B) fifty percent (50%).

33 **STEP THREE: Determine the greater of:**

34 (A) the STEP TWO result; or

35 (B) the amount of the supplemental benefit received by the
36 retiree under subsection (e).

37 **STEP FOUR: Determine the difference between:**

38 (A) the STEP THREE result; and

39 (B) the amount of the supplemental benefit received by the
40 retiree under subsection (e).

41 If, whenever the pension advisory board makes a calculation under
42 this subsection, the STEP FOUR result of the foregoing formula is

1 zero dollars (\$0), a retiree to whom this subsection applies is not
2 considered to have yet received a supplemental benefit under this
3 subsection.

4 (g) This subsection applies to a retiree who is eligible under
5 section 2 of this chapter to receive a supplemental benefit after
6 December 31, 2019, who previously received an initial
7 supplemental benefit under subsection (c), and who never received
8 a supplemental benefit under subsection (e) or who previously
9 received supplemental benefits under both subsections (e) and (f).
10 The supplemental benefit referred to in subsection (b)(2) for
11 retirees to whom this subsection applies is equal to fifty percent
12 (50%) of the difference between:

13 (1) the pension benefits to be received by an employee retiring
14 from the department with twenty (20) years of active service
15 the day after a change in the monthly wage received by a
16 police employee in the grade of trooper at the beginning of the
17 trooper's sixth year of service; and

18 (2) the pension benefit received by an employee retiring from
19 the department with twenty (20) years of active service the
20 day before a change in the monthly wage received by a police
21 employee in the grade of trooper at the beginning of the
22 trooper's sixth year of service.

23 SECTION 5. An emergency is declared for this act.
