HB No. 483

Abstract: Extends the time period for granting income tax credits related to the construction, repair, or renovation of facilities related to musical and theatrical productions and performances.

<u>Present law</u> establishes five different types of tax credits related to musical and theatrical productions. <u>Proposed law</u> retains <u>present law</u>.

One of the five credits authorized in <u>present law</u> is a credit related to the construction, repair, or renovation of a state-certified musical or theatrical facility infrastructure project. <u>Present law</u> further provides that the amount of the base investment credit given for investment in such projects cannot exceed \$10,000,000 per project. Further provides that no more than \$60,000,000 in tax credits under <u>present law</u> may be granted for these projects per year.

Proposed law retains present law.

Under <u>present law</u> such credits must be granted by Dec. 31, 2013. <u>Proposed law</u> changes the termination date for the authority to grant such credits <u>from</u> Dec. 31, 2013, <u>to</u> Dec. 31, 2022.
