

Regular Session, 2013

HOUSE CONCURRENT RESOLUTION NO. 86

BY REPRESENTATIVE KLECKLEY

A CONCURRENT RESOLUTION

To commend Resource Environmental Solutions for its generous contribution of native Louisiana live oak and cypress trees to the parishes of the state of Louisiana.

WHEREAS, April 22, 2013, was known worldwide as Earth Day, and there is no better time to recognize a generous donation made to the state of Louisiana; and

WHEREAS, Resource Environmental Solutions, Louisiana's leading developer and supplier of wetland ecosystem restoration, has restored over twenty-six thousand acres of wetlands in Louisiana and has donated native Louisiana live oak and cypress trees to parishes across the state; and

WHEREAS, this donation, made with the assistance of members of the Louisiana Legislature, is a gift that rehabilitates, restores, beautifies, and enhances the quality of life for all citizens of Louisiana; and

WHEREAS, Resource Environmental Solutions grew and potted native live oak and cypress trees at its nursery in Pointe Aux Chenes and thereby developed a powerful, environmental initiative that helps Louisiana restore the many trees lost as a result of Hurricane Katrina and that revitalizes Louisiana's natural ecosystems.

THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby recognize and express appreciation to Resource Environmental Solutions for its generous donation of native-grown live oak and cypress trees to the parishes of Louisiana, which donation restores refuges and habitats for wildlife and helps to maintain balance in natural ecosystems and enable self-sustaining environments.

BE IT FURTHER RESOLVED that a suitable copy of this Resolution be transmitted to Peter Couhig, President of Resource Environmental Solutions.
