House Bill 482 (Delegate Mosby, *et al.*)
 Ways and Means

Income Tax Credit - Endowments of Maryland Historically Black Colleges and Universities

This bill creates a tax credit against the State income tax for 25% of a donation made to a qualified permanent endowment fund at Bowie State University, Coppin State University, Morgan State University, or University of Maryland Eastern Shore. The Comptroller’s Office (1) may award a maximum of \$400,000 in tax credits in each year and (2) is required to adopt regulations to implement the tax credit application, approval, and monitoring processes. **The bill takes effect July 1, 2019, and applies to tax years 2019 and beyond.**

Fiscal Summary

State Effect: General fund revenues decrease by \$400,000 annually beginning in FY 2020 due to credits claimed against the income tax. Transportation Trust Fund (TTF) and Higher Education Investment Fund (HEIF) revenues decrease beginning in FY 2020 to the extent credits are claimed against the corporate income tax. General fund expenditures increase by \$124,000 in FY 2020 due to implementation costs at the Comptroller’s Office. Future years reflect ongoing expenditures.

Analysis

Bill Summary: A qualified permanent endowment fund is a fund that is held in perpetuity by a qualifying institution of higher education and is used to benefit the institution or its students. Taxpayers seeking the tax credit must apply to the Comptroller for a tax credit certificate for the qualified donation planned in the tax year; applications are approved on a first-come, first-served basis until the maximum amount of authorized credits have been approved. The amount of the tax credit is 25% of a proposed donation and may not exceed the tax liability imposed in the year. Any unused amount of the credit can be carried forward to future tax years until the full amount of the excess is used.

Current Law: No similar tax credit exists, although individuals who itemize their deductions and businesses can generally deduct charitable donations from income, which typically lowers federal and State income tax liability.

State Revenues: Tax credits may be claimed beginning in tax year 2019. As a result, general fund revenues will decrease by \$400,000 annually beginning in fiscal 2020. This estimate assumes that the Comptroller's Office awards the maximum authorized amount of credits in each year and tax credits are claimed against the personal income tax. To the extent tax credits are claimed against the corporate income tax, a portion of tax credits claimed will decrease TTF and HEIF revenues.

State Expenditures: The Comptroller's Office advises that it will incur additional costs beginning in fiscal 2020 as a result of hiring one revenue examiner and incurring operational and programming expenses. General fund expenditures will increase by an estimated \$124,000 in fiscal 2020, which reflects the bill's July 1, 2019 effective date. It includes a salary, fringe benefits, one-time start-up costs, and ongoing operating expenses. Operational expenses include development of an application, processing of applications, monitoring of eligibility, and issuance of certificates.

Position	1
Salary and Fringe Benefits	\$63,463
Operating Expenses	5,515
Programming Expenditures	<u>55,000</u>
Total FY 2020 Expenditures	\$123,978

Future year expenditures reflect annual increases and employee turnover as well as ongoing operating expenses.
