11.32 (1) the ~~video display~~ covered electronic device is labeled with the manufacturer's brand,  
 11.33 which label is permanently affixed and readily visible; and

12.1 (2) the manufacturer has filed a registration with the agency, as specified in subdivision  
12.2 2.

12.3 ~~(b) A retailer must not sell, offer for sale, rent, or lease a video display device unless~~  
12.4 ~~the video display device is labeled according to this subdivision and listed as registered on~~  
12.5 ~~the agency website according to subdivision 2.~~

12.6 ~~(c) A retailer is not responsible for an unlawful sale under this subdivision if the~~  
12.7 ~~manufacturer's registration expired or was revoked and the retailer took possession of the~~  
12.8 ~~video display device prior to the expiration or revocation of the manufacturer's registration~~  
12.9 ~~and the unlawful sale occurred within six months after the expiration or revocation.~~

12.10 Subd. 2. **Manufacturer registration.** (a) By ~~August~~ October 15 each year, a manufacturer  
12.11 of ~~video display~~ covered electronic devices sold or offered for sale to ~~households~~ covered  
12.12 entities in the this state must submit a registration to the agency on a form prescribed by  
12.13 the commissioner that includes:

12.14 (1) a list of the manufacturer's brands of ~~video display~~ covered electronic devices offered  
12.15 for sale in this state;

12.16 (2) the name, address, and contact information of a person responsible for ensuring  
12.17 compliance with this chapter; and

12.25 mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB's), and  
12.26 polybrominated diphenyl ethers (PBDE's) under the RoHS (restricting the use of certain  
12.27 hazardous substances in electrical and electronic equipment) Directive 2002/95/EC of the  
12.28 European Parliament and Council and any amendments thereto; ~~or~~

12.29 ~~(2) unless~~ the manufacturer has received an exemption from one or more of those

13.3 (d) A ~~registration manufacturer must be updated~~ file an updated registration with the  
13.4 commissioner within ten days after a change in the manufacturer's brands of ~~video display~~  
13.5 covered electronic devices sold or offered for sale to households covered entities.

13.6 (e) A registration is effective upon receipt by the ~~agency commissioner~~ and is valid until  
13.7 ~~August~~ October 15 each year.

13.8 (f) The agency must review each registration and notify the manufacturer of any  
13.9 information required by this section that is omitted from the registration. Within 30 days  
13.10 of receipt of a notification from the agency, the manufacturer must submit a revised  
13.11 registration providing the information noted by the agency.

13.12 (g) The agency must maintain on its website the names of manufacturers and the  
13.13 manufacturers' brands listed in registrations filed with the agency. The agency must update  
13.14 the website information promptly upon receipt of a new or updated registration. The website  
13.15 must contain prominent language stating, ~~in effect,~~ that:

13.16 (1) sections 115A.1310 to 115A.1330 are directed at household equipment apply only  
13.17 to covered electronic devices sold to covered entities; and

13.18 (2) the manufacturers' brands list is, therefore, not a list of manufacturers qualified to  
13.19 sell to industrial, commercial, or other markets identified as exempt from the requirements

13.22 electronic devices or electronics recyclables from ~~households covered entities~~ unless that  
13.23 person has submitted a registration with the agency by ~~July~~ January 15 each year on a form  
13.24 prescribed by the commissioner. Registration information must include the name, address,  
13.25 telephone number, and location of the business and a certification that the collector has  
13.26 complied and will continue to comply with the requirements of sections 115A.1312 to  
13.27 115A.1318 and 115A.1331 to 115A.1337, as applicable, and any regulations adopted by a  
13.28 local government unit ~~for~~ that apply to the jurisdiction in which the collector operates. A  
13.29 ~~collector must indicate any end-of-life fees that will be charged at the collection point.~~ A  
13.30 registration is effective upon receipt by the agency and is valid until ~~July~~ January 15 each  
13.31 year. A collector may submit a single registration under this subdivision to collect covered  
13.32 electronic devices, electronics recyclables, or both.

14.1 Subd. 4. **Recycler registration.** No person may recycle ~~video display~~ covered electronic  
 14.2 devices or electronics recyclables generated by ~~households~~ covered entities unless that  
 14.3 person has submitted a registration with the agency by ~~July~~ October 15 each year on a form  
 14.4 prescribed by the commissioner. Registration information must include the name, address,  
 14.5 telephone number, and location of all recycling facilities under the direct control of the  
 14.6 recycler that may receive covered electronic devices or electronics recyclables from

 14.8 continue to comply with the requirements of sections 115A.1312 to ~~115A.1318~~ 115A.1337,  
 14.9 as applicable. A registered recycler must conduct recycling activities that are consistent  
 14.10 with this chapter. A registration is effective upon receipt by the agency and is valid until  
 14.11 ~~July~~ October 15 each year. A recycler may submit a single registration under this subdivision  
 14.12 to recycle covered electronic devices, electronics recyclables, or both.

14.13 Subd. 5. **Dual registration.** A person conducting both collection and recycling activities  
 14.14 may register under both subdivisions 3 and 4.

14.15 Subd. 6. **Denial of registration.** The commissioner may deny a registration under

 14.17 recycler has, as determined by the commissioner, a history of:

14.18 (1) repeated violations of federal, state, or local laws, regulations, standards, or ordinances  
 14.19 related to the collection, recycling, or other management of electronics recyclables;

14.20 (2) gross carelessness or incompetence in handling, storing, processing, transporting,  
 14.21 disposing of, or otherwise managing electronics recyclables, as determined by the  
 14.22 commissioner; or

14.23 (3) conviction of a felony in a federal or state court for forgery, official misconduct,  
 14.24 bribery, perjury, or knowingly submitting false information under any environmental law,  
 14.25 regulation, or permit.

14.26 Sec. 4. Minnesota Statutes 2022, section 115A.1314, is amended to read:

14.27 **115A.1314 MANUFACTURER REGISTRATION FEE FEES.**

14.28 Subdivision 1. **Registration fee.** (a) Each manufacturer who registers under section  
 14.29 115A.1312 must, by ~~August~~ October 15 each year, pay to the commissioner ~~of revenue~~ an  
 14.30 annual registration fee, on a form and in a manner prescribed by the commissioner of  
 14.31 revenue. The commissioner ~~of revenue~~ must deposit the fee in the state treasury and credit  
 14.32 the fee to the electronic waste collection and recycling account in the environmental fund.

15.1 (b) ~~For the transition year, which begins July 1, 2025, and ends December 31, 2026, the~~  
15.2 ~~registration fee for manufacturers that sell 100 or more video display devices to households~~  
15.3 ~~in the state during the previous calendar year a manufacturer is \$2,500, plus a variable~~  
15.4 ~~recycling fee \$3,750. The registration fee for manufacturers that sell fewer than 100 video~~  
15.5 ~~display devices in the state during the previous calendar year is a variable recycling fee.~~  
15.6 ~~The variable recycling fee is calculated according to the formula:~~

15.7  ~~$[A - (B + C)] \times D$ , where:~~

15.8 ~~A = the manufacturer's recycling obligation as determined under section 115A.1320;~~

15.9 ~~B = the number of pounds of covered electronic devices that a manufacturer recycled~~  
15.10 ~~or arranged to have collected and recycled from households during the immediately preceding~~  
15.11 ~~program year, as reported under section 115A.1316, subdivision 1;~~

15.12 ~~C = the number of phase I or phase II recycling credits a manufacturer elects to use to~~  
15.13 ~~calculate the variable recycling fee; and~~

15.14 ~~D = the estimated per-pound cost of recycling, initially set at \$0.50 per pound for~~  
15.15 ~~manufacturers who recycle less than 50 percent of the manufacturer's recycling obligation;~~  
15.16 ~~\$0.40 per pound for manufacturers who recycle at least 50 percent but less than 90 percent~~  
15.17 ~~of the manufacturer's recycling obligation; \$0.30 per pound for manufacturers who recycle~~  
15.18 ~~at least 90 percent but less than 100 percent of the manufacturer's recycling obligation; and~~  
15.19 ~~\$0.00 per pound for manufacturers who recycle 100 percent or more of the manufacturer's~~  
15.20 ~~recycling obligation.~~

15.21 ~~(c) A manufacturer may petition the agency to waive the per-pound cost of recycling~~  
15.22 ~~fee, element D in the formula in paragraph (b), required under this section. The agency shall~~  
15.23 ~~direct the commissioner of revenue to waive the per-pound cost of recycling fee if the~~  
15.24 ~~manufacturer demonstrates to the agency's satisfaction a good faith effort to meet its recycling~~  
15.25 ~~obligation as determined under section 115A.1320. The petition must include:~~

15.26 ~~(1) documentation that the manufacturer has met at least 75 percent of its recycling~~  
15.27 ~~obligation as determined under section 115A.1320;~~

15.28 ~~(2) a list of political subdivisions and public and private collectors with whom the~~  
15.29 ~~manufacturer had a formal contract or agreement in effect during the previous program year~~  
15.30 ~~to recycle or collect covered electronic devices;~~

15.31 ~~(3) the total amounts of covered electronic devices collected from both within and outside~~  
15.32 ~~of the 11-county metropolitan area, as defined in subdivision 2;~~

16.1 ~~(4) a description of the manufacturer's best efforts to meet its recycling obligation as~~  
 16.2 ~~determined under section 115A.1320; and~~

16.3 ~~(5) any other information requested by the agency.~~

16.4 ~~(d) A manufacturer may retain phase I and phase II recycling credits to be added, in~~  
 16.5 ~~whole or in part, to the actual value of C, as reported under section 115A.1316, subdivision~~  
 16.6 ~~2, during any succeeding program year, provided that no more than 25 percent of a~~  
 16.7 ~~manufacturer's recycling obligation (A) for any program year may be met with phase I and~~  
 16.8 ~~phase II recycling credits, separately or in combination, generated in a prior program year.~~  
 16.9 ~~A manufacturer may sell any portion or all of its phase I and phase II recycling credits to~~  
 16.10 ~~another manufacturer, at a price negotiated by the parties, who may use the credits in the~~  
 16.11 ~~same manner.~~

16.12 ~~(e) For the purpose of determining B in calculating a manufacturer's variable recycling~~  
 16.13 ~~fee using the formula under paragraph (b), starting with the program year beginning July~~  
 16.14 ~~1, 2019, and continuing each year thereafter, the weight of covered electronic devices that~~  
 16.15 ~~a manufacturer recycled or arranged to have collected and recycled from households located~~  
 16.16 ~~outside the 11-county metropolitan area, as defined in subdivision 2, paragraph (b), is~~  
 16.17 ~~calculated at 1.5 times their actual weight.~~

16.18 (c) For the program year beginning January 1, 2027, and annually thereafter, the  
 16.19 commissioner must determine the annual registration fees on a sliding scale, based on the  
 16.20 manufacturer's market share of covered electronic devices sold in this state, by number of  
 16.21 units or weight, as determined by the commissioner. The commissioner must assign each  
 16.22 manufacturer to the applicable market share tier below, based on the commissioner's market  
 16.23 share calculation under paragraph (d):

16.24 <u>Tier 1</u>	<u>5 percent or greater</u>
16.25 <u>Tier 2</u>	<u>At least 1 but less than 5 percent</u>
16.26 <u>Tier 3</u>	<u>At least 0.1 but less than 1 percent</u>
16.27 <u>Tier 4</u>	<u>At least .03 but less than 0.1 percent</u>
16.28 <u>Tier 5</u>	<u>At least .01 but less than .03 percent</u>
16.29 <u>Tier 6</u>	<u>Less than .01 percent</u>

16.30 Each manufacturer in the same tier must pay the same fee amount. The commissioner must  
 16.31 determine the amount of the fee paid by manufacturers in each tier so that aggregate annual  
 16.32 registration fees do not exceed the total annual costs of activities specified in paragraph (e).

16.33 (d) For the purposes of this section, the commissioner must calculate each manufacturer's  
 16.34 market share as follows:

17.1 (1) by multiplying the total number of units or pounds of computers, computer monitors,  
 17.2 televisions, printers, and facsimile machines sold by the manufacturer nationally during the  
 17.3 previous calendar year by the ratio of Minnesota's population to the national population in  
 17.4 the same year, as measured by the United States Bureau of the Census, and dividing the  
 17.5 result by the total number of units or pounds of computers, computer monitors, televisions,  
 17.6 printers, and facsimile machines sold by all manufacturers nationally; and

17.7 (2) if applicable, for those product models of computers, computer monitors, televisions,  
 17.8 printers, and facsimile machines sold by the manufacturer that are EPEAT-registered, the  
 17.9 calculation in clause (1) must be reduced by:

17.10 (i) 15 percent for those product models that have been rated by EPEAT as achieving the  
 17.11 gold standard;

17.12 (ii) ten percent for those product models that have been rated by EPEAT as achieving  
 17.13 the silver standard; and

17.14 (iii) five percent for those product models that have been rated by EPEAT as achieving  
 17.15 the bronze standard.

17.16 (e) The aggregate annual registration fees paid by manufacturers under this subdivision  
 17.17 in a program year:

17.18 (1) may be used by the commissioner to implement and enforce sections 115A.1310 to  
 17.19 115A.1330 and for transfer to the commissioner of administration for responsibilities under  
 17.20 section 115A.1324; and

17.21 (2) may not be used to supplement payments made from the operations fee assessed in  
 17.22 subdivision 2a to the clearinghouse for distribution to collectors, transporters, and recyclers  
 17.23 and to manufacturers operating a mail-back system.

17.24 ~~Subd. 2. Use of registration fees. (a) Registration fees may be used by the commissioner~~  
 17.25 ~~for:~~

17.26 ~~(1) implementing sections 115A.1312 to 115A.1330, including transfer to the~~  
 17.27 ~~commissioner of revenue to carry out the department's duties under section 115A.1320,~~  
 17.28 ~~subdivision 2, and transfer to the commissioner of administration for responsibilities under~~  
 17.29 ~~section 115A.1324; and~~

17.30 ~~(2) grants to counties outside the 11-county metropolitan area, as defined in paragraph~~  
 17.31 ~~(b), and to private entities that collect for recycling covered electronic devices in counties~~  
 17.32 ~~outside the 11-county metropolitan area, where the collection and recycling is consistent~~  
 17.33 ~~with the respective county's solid waste plan, for the purpose of carrying out the activities~~

18.1 ~~under sections 115A.1312 to 115A.1330. In awarding competitive grants under this clause,~~  
 18.2 ~~the commissioner must give preference to counties and private entities that are working~~  
 18.3 ~~cooperatively with manufacturers to help them meet their recycling obligations under section~~  
 18.4 ~~115A.1318, subdivision 1.~~

18.5 ~~(b) The 11-county metropolitan area consists of the counties of Anoka, Carver, Chisago,~~  
 18.6 ~~Dakota, Hennepin, Isanti, Ramsey, Scott, Sherburne, Washington, and Wright.~~

18.7 Subd. 2a. **Operations fee.** (a) Beginning January 1, 2027, the commissioner must assess,  
 18.8 on a quarterly basis, an operations fee on each manufacturer that is required to pay a  
 18.9 registration fee for that program year. The commissioner must calculate the operations fee  
 18.10 by multiplying a manufacturer's market share, as calculated under subdivision 1, paragraph  
 18.11 (d), for the most recently completed program year by the total cost of collection,  
 18.12 transportation, and recycling operations of the plan during the previous quarter. For a  
 18.13 manufacturer operating a mail-back system under section 115A.1311, subdivision 4, the  
 18.14 operational fee is equal to the mail-back, transportation, and recycling costs of the program  
 18.15 during the previous quarter. A manufacturer must remit the full operations fee to the  
 18.16 commissioner within 30 days of receiving the fee assessment.

18.17 (b) The commissioner must deposit all fees collected under this subdivision into the  
 18.18 covered electronic device waste collection and recycling account established in section  
 18.19 115A.1321.

18.20 (c) No later than 30 days after receiving operations fees from manufacturers, the  
 18.21 commissioner must use the operations fees to make payments to the clearinghouse and to  
 18.22 manufacturers operating a mail-back system for collection, transportation, and recycling  
 18.23 costs, as applicable.

18.24 Sec. 5. Minnesota Statutes 2022, section 115A.1318, is amended to read:

18.25 **115A.1318 RESPONSIBILITIES; PROHIBITION.**

18.26 Subdivision 1. **Manufacturer responsibilities.** (a) In addition to fulfilling A manufacturer  
 18.27 must fulfill the requirements of sections 115A.1310 to 115A.1330, a manufacturer must  
 18.28 comply with paragraphs (b) to (f).

18.29 ~~(b) A manufacturer must annually recycle or arrange for the collection and recycling of~~  
 18.30 ~~an amount of video display devices as determined by the agency in section 115A.1320,~~  
 18.31 ~~subdivision 1. A manufacturer must assume all financial responsibility associated with for~~  
 18.32 ~~costs incurred from collecting, transporting, and recycling covered electronic devices that~~  
 18.33 ~~are used to meet the manufacturer's recycling obligation determined under section 115A.1320~~

19.1 ~~or that are counted as phase I or II recycling credits, including any necessary supplies. This~~  
19.2 ~~excludes costs that are associated with receiving and aggregating covered electronic devices~~  
19.3 ~~from households and all the activities up to the time that covered electronic devices are~~  
19.4 ~~loaded for transport to a recycler or arranged for transportation to a recycler under a plan~~  
19.5 ~~approved by the commissioner.~~

19.6 (c) ~~The obligations of a manufacturer apply~~ A manufacturer is required to recycle only  
19.7 ~~to video display covered electronic devices received from households and do not apply to~~  
19.8 ~~video display devices received from sources other than households~~ covered entities.

19.9 (d) A manufacturer must ~~conduct and document~~ ensure that due diligence assessments  
19.10 of collectors and recyclers it contracts with and of any applicable downstream recycling  
19.11 operations are conducted and documented, including an assessment of items specified under  
19.12 subdivision 2. A manufacturer is responsible for maintaining, for a period of three years,  
19.13 documentation that all covered electronic devices recycled, partially recycled, or sent to  
19.14 downstream recycling operations comply with the requirements of subdivision 2.

19.15 (e) ~~A manufacturer must provide the agency with contact information for a person who~~  
19.16 ~~can be contacted regarding the manufacturer's activities under sections 115A.1310 to~~  
19.17 ~~115A.1320.~~

19.18 (f) ~~(e)~~ Only ~~the~~ covered electronic devices that are recycled by a registered recycler that  
19.19 is certified by an ~~ANSI-ASQ National Accreditation Board-accredited third-party certification~~  
19.20 ~~body to an environmentally sound management standard are eligible to meet the~~  
19.21 ~~manufacturer's obligation as meeting an environmentally sound management standard by~~  
19.22 a certification body accredited by the American National Standards Institute-American  
19.23 Society for Quality National Accreditation Board may be reported under paragraph (f).

19.24 (f) Beginning March 1, 2027, and each March 1 thereafter, a manufacturer must report  
19.25 to the commissioner, on a form approved by the commissioner:

19.26 (1) a description of the collection, transportation, mail-back, and recycling activities  
19.27 conducted under the approved plan in all regions of the state;

19.28 (2) separate estimates of the number of units and the total weight of the manufacturer's  
19.29 covered electronic devices for each specific model sold to covered entities during the previous  
19.30 program year;

19.31 (3) the total weight of the manufacturer's covered electronic devices sold to covered  
19.32 entities during the previous program year, which may be estimated by multiplying the weight  
19.33 of its covered electronic devices sold nationally by the quotient of Minnesota's population

20.1 divided by the national population. The method in this clause must be used by a manufacturer  
20.2 that sells 99 or fewer covered electronic devices to covered entities in the state during the  
20.3 previous program year;

20.4 (4) an estimate of the total weight of covered electronic devices collected and recycled;

20.5 (5) a description of how the estimates in clauses (2) to (4) were calculated;

20.6 (6) a description of how the manufacturer employs bidding processes that are open,  
20.7 competitive, and fair;

20.8 (7) a description of how the manufacturer arranges transportation of covered electronic  
20.9 devices from collectors to recyclers within two business days of a request; and

20.10 (8) evidence of adequate financial assurance for collection, handling, and disposal  
20.11 activities demonstrated by posting a performance bond or issuing a letter of credit or other  
20.12 financial instrument.

20.13 (g) A manufacturer must furnish any information the commissioner determines is  
20.14 necessary to assess compliance with sections 115A.1310 to 115A.1330.

20.15 Subd. 1a. **Collector responsibilities.** ~~(a) Collection sites must be:~~ A collector must  
20.16 furnish any information requested by the commissioner to determine compliance with  
20.17 sections 115A.1310 to 115A.1330.

20.18 (b) A collector operating under a plan must:

20.19 (1) certify in a written agreement with the clearinghouse that the collector will operate  
20.20 in compliance with a plan approved by the commissioner;

20.21 (2) host collection sites that are:

20.22 ~~(1)~~ (i) staffed; and

20.23 ~~(2)~~ (ii) open to the public at a frequency adequate to meet the needs of the area being  
20.24 served;

20.25 (3) accept any covered electronic device; and

20.26 (4) beginning April 30, 2027, and each 30th day of July, October, January, and April  
20.27 thereafter, report to the clearinghouse on a form approved by the commissioner the total  
20.28 weight of covered electronic devices collected during the preceding quarter under the plan.

20.29 ~~(b)~~ (c) A collector may limit the number of covered electronic devices or covered  
20.30 electronic devices by product type accepted per customer per day or per delivery at a  
20.31 collection site or service.

21.1 ~~(e) A collector must use only registered recyclers.~~

21.2 (d) A collector that is not operating under a plan must comply with paragraph (a) and  
21.3 paragraph (b), clause (4), as applicable.

21.6 section 115A.1311, subdivision 3;

21.7 (2) ensure that all participants in the plan are registered with the agency;

21.8 (3) coordinate collection, transportation, and recycling activities under the plan, including  
21.9 establishing sufficient consolidation and transfer capacity to ensure efficient transportation  
21.10 of covered electronic devices;

21.11 (4) manage invoices from and distribute operations fees to collectors, transporters, and  
21.12 recyclers;

21.13 (5) collect and compile information from collectors, transporters, and recyclers to report  
21.14 to the commissioner; and

21.15 (6) provide any information requested by the commissioner to determine compliance  
21.16 with sections 115A.1310 to 115A.1330.

21.17 **Subd. 2. Recycler responsibilities.** (a) A recycler must certify in a written agreement  
21.18 with the clearinghouse that the recycler will operate in compliance with a plan approved  
21.19 by the commissioner.

23.16 July 1, 2025, ends on December 31, 2026.

23.17 (b) In addition to the annual registration and operations fees charged to manufacturers  
23.18 under section 115A.1314, the commissioner must charge each manufacturer a onetime  
23.19 advance operations fee that is due for payment on October 15, 2026. The commissioner

23.21 in 2024, as calculated under section 115A.1314, subdivision 1, paragraph (d), by the number  
23.22 of pounds of covered electronic devices the manufacturer collected in 2024, as reported in  
23.23 section 115A.1318, subdivision 1, paragraph (f); times the commissioner's estimate of the  
23.24 national average cost to recycle one pound of covered electronic devices; times 0.5.

23.25 (c) No later than March 31, 2027, the commissioner must compare each manufacturer's  
23.26 advance operations fee assessed in paragraph (b) with the product of the actual total cost  
23.27 of collecting, transporting, and recycling covered electronic devices under the plan in which  
23.28 the manufacturer participated, multiplied by the manufacturer's market share, as calculated  
23.29 under section 115A.1314, subdivision 1, paragraph (d). If the manufacturer's advance  
23.30 operations fee exceeds a manufacturer's share of estimated actual program costs, the  
23.31 commissioner must pay the difference to the manufacturer. If the manufacturer's share of  
23.32 estimated actual program costs exceeds the manufacturer's advance operations fee, the  
23.33 manufacturer must remit the difference to the commissioner.

24.1 (d) Notwithstanding section 115A.1318, reports required by the commissioner from  
 24.2 manufacturers, collectors, and recyclers for the 2025 program year are not due until January  
 24.3 15, 2027.

24.4 (e) All phase I and phase II recycling credits expire July 31, 2026, and may not be used  
 24.5 thereafter by a manufacturer to calculate the amount of covered electronic devices recycled  
 24.6 by the manufacturer.

24.7 (f) This section expires June 30, 2027.

24.8 Sec. 7. Minnesota Statutes 2022, section 115A.1320, is amended to read:

31.13 person has submitted a registration with the agency under section 115A.1312, subdivision  
31.14 3 or 4, as applicable.

31.15 **EFFECTIVE DATE.** This section is effective July 1, 2025.

31.16 Sec. 15. **[115A.1335] RECYCLING FEE.**

31.17 (a) On and after January 1, 2025, a recycling fee is imposed on each retailer equal to 3.2  
31.18 percent of the retail price to each electronics recyclable that the retailer offers for sale in  
31.19 this state.

31.20 (b) A retailer may collect the fee from the purchaser. If separately stated on the invoice,  
31.21 bill of sale, or similar document given to the purchaser, the fee is excluded from the sales  
31.22 price for purposes of the tax imposed under chapter 297A.

31.23 (c) If a retailer collects the fee from the purchaser, the retailer must show the total of  
31.24 the retail recycling fee as a separate item and distinct from the sales price and any other  
31.25 taxes or fees imposed on the retail purchase on the purchaser's receipt, invoice, or other bill  
31.26 of sale. The receipt, invoice, or other bill of sale must state the retail recycling fee as  
31.27 "electronic waste recycling fee."

31.28 (d) The fee required under this section may not be applied to previously owned or  
31.29 refurbished electronics recyclables.

32.1 (e) Beginning January 1, 2025, a retailer must remit the recycling fee for each electronics  
32.2 recyclable sold in this state to the commissioner monthly in a manner and accompanied by  
32.3 a form prescribed by the commissioner.

32.4 **EFFECTIVE DATE.** This section is effective January 1, 2025.

32.5 Sec. 16. **[115A.1336] ELECTRONIC WASTE RECYCLING ACCOUNT.**

32.6 Subdivision 1. **Establishment of account.** An electronic waste recycling account is  
32.7 established in the special revenue fund in the state treasury. The commissioner must credit  
32.8 to the account recycling fees remitted to the agency by retailers under section 115A.1335  
32.9 and appropriations and transfers to the account. Earnings, such as interest, dividends, and  
32.10 any other earnings arising from assets of the account, must be credited to the account. Money  
32.11 remaining in the account at the end of a fiscal year does not cancel to the general fund but  
32.12 remains in the account until expended. The commissioner must manage the account.

32.13 Subd. 2. **Use of money.** (a) Of the amount in the account, beginning in fiscal year 2025  
32.14 and continuing through fiscal year 2028, the commissioner must allocate \$1,000,000 each  
32.15 year for awarding grants under section 115A.1342 and to reimburse the agency for its costs  
32.16 to administer that section. Unexpended money for this purpose remains available for this  
32.17 purpose until June 30, 2028, at which point it becomes available for other purposes in this  
32.18 subdivision.

32.19 (b) \$420,000 is to be used for the study required under section 23.

32.20 (c) The balance of the account is to be used to:

32.21 (1) reimburse the costs of collectors under the electronic waste recycling program; and

32.22 (2) reimburse the reasonable costs of the agency to administer and enforce sections  
32.23 115A.1331 to 115A.1340, which costs may not exceed three percent of the balance in the  
32.24 account at the end of the month in which the agency submits a reimbursement request,  
32.25 excluding the amounts set aside for the purposes of paragraphs (a) and (b).

32.26 Subd. 3. **Financial reserve limit.** (a) The commissioner must not maintain a financial  
32.27 reserve in the account established under this section in excess of 75 percent of the agency's  
32.28 average annual expenses required to implement sections 115A.1331 to 115A.1342.

32.29 (b) If the financial reserve at any time exceeds 75 percent of the agency's annual expenses  
32.30 to implement sections 115A.1331 to 115A.1342, the commissioner must reduce the recycling  
32.31 fee established in section 115A.1335 for the following year to a level that results in  
32.32 compliance with this subdivision.

33.1 Subd. 4. **Appropriation.** Money in the account is appropriated to the commissioner for  
33.2 the purposes of subdivision 2.

33.3 **EFFECTIVE DATE.** This section is effective January 1, 2025.

33.4 Sec. 17. **[115A.1337] DISPOSITION OF RECYCLING FEES.**

33.5 Subdivision 1. **Collectors' invoices.** Beginning in the second quarter of 2025 and  
33.6 quarterly thereafter, a collector must submit to the commissioner, on a form and in a manner  
33.7 prescribed by the commissioner, information and supporting material documenting the  
33.8 following costs incurred to collect electronics recyclables during the previous quarter:

33.9 (1) the costs of collecting electronics recyclables that are transported for recycling;

33.10 (2) the costs of transporting electronics recyclables to recyclers, as evidenced by invoices  
33.11 from transporters; and

33.12 (3) recycling costs paid by collectors to recyclers of electronics recyclables, as evidenced  
33.13 by invoices from recyclers.

33.14 Subd. 2. **Agency review; reimbursement.** (a) The commissioner must review the  
33.15 information submitted by collectors under subdivision 1. The commissioner may request  
33.16 additional information or documentation from a collector.

33.17 (b) In determining the reasonableness of the cost information submitted by a collector  
33.18 under subdivision 1, the commissioner must compare the reported costs of collection,  
33.19 transportation, and recycling with those of other collectors, including collectors operating  
33.20 in the same geographic region, and must consider the extent to which significant deviations  
33.21 from the average cost are justified as a result of low population density, distance to recyclers,  
33.22 or other relevant factors.

33.23 (c) The commissioner may accept, reject, or modify the requested cost reimbursement  
33.24 amount submitted by a collector and must provide a collector with written notice of the  
33.25 reasons for any rejection or modification of the collector's requested cost reimbursement  
33.26 amount.

33.27 (d) Reimbursements to collectors for collection activities under this subdivision must  
33.28 be made only for the amount of collected electronics recyclables that is transported to a  
33.29 recycler.

33.30 (e) During the last week of each quarter, the commissioner must reimburse the collector  
33.31 for costs incurred during the previous quarter that the commissioner determines to be  
33.32 reasonable, plus an additional payment of \$0.90 per pound of electronics recyclables recycled.

34.1 (f) A person registered as both a collector and a recycler under section 115A.1312 may  
34.2 not be reimbursed for collection costs with respect to any electronics recyclables recycled  
34.3 by the person, although the person is eligible to receive the \$0.90 per pound additional  
34.4 payment under paragraph (e) for all electronics recyclables collected by that person that are  
34.5 recycled by that person or other recyclers.

34.6 (g) A transporter or recycler may not charge or accept payment from any person except  
34.7 a collector for transporting, recycling, or otherwise handling electronics recyclables.

34.8 (h) Except as provided in paragraph (i), a collector must be compensated for the costs  
34.9 of collecting, transporting, and recycling electronics recyclables under sections 115A.1331  
34.10 to 115A.1338 solely from reimbursements made by the commissioner from the proceeds  
34.11 of the recycling fee imposed in section 115A.1335.

34.12 (i) A collector may be compensated by a private individual for services that are associated  
34.13 with collecting and recycling electronics recyclables but that are not required under sections  
34.14 115A.1331 to 115A.1338, including but not limited to:

34.15 (1) collecting electronics recyclables from a private individual's home or business;

34.16 (2) data destruction services; and

34.17 (3) agreeing to be present at an electronics recyclables collection event hosted by a  
34.18 sponsor at a location other than a permanent collection site.

34.19 (j) A collector may not be reimbursed by the commissioner from the proceeds of the  
34.20 recycling fee for services described in paragraph (i).

34.21 **EFFECTIVE DATE.** This section is effective July 1, 2025.

34.22 **Sec. 18. [115A.1338] RESPONSIBILITIES.**

34.23 Subdivision 1. **Collector responsibilities.** (a) Collection sites must be staffed and open  
34.24 to the public at times convenient and of sufficient duration to meet the needs of the area  
34.25 being served.

34.26 (b) A collector may:

34.27 (1) refuse to accept any specific type of electronics recyclable; and

34.28 (2) limit the number or type of electronics recyclables accepted per customer per day or  
34.29 per delivery.

34.30 (c) By July 15 each year, a collector of electronics recyclables must report to the agency  
34.31 the total weight of electronics recyclables collected during the preceding calendar year.

35.1 Subd. 2. **Recycler responsibilities.** A recycler sent electronics recyclables by a collector  
35.2 must annually submit a written report to the commissioner, at a time determined by the  
35.3 commissioner, specifying:

35.4 (1) the total weight of electronics recyclables received from each collector during the  
35.5 previous year; and

35.6 (2) the names, locations, and type of facilities to which material from electronics  
35.7 recyclables are to be sent for final disposition.

35.8 Subd. 3. **Retailer responsibilities.** A retailer who sells electronics recyclables must  
35.9 provide information to purchasers of those products describing:

35.10 (1) how electronics recyclables may be recycled;

35.11 (2) opportunities and locations for the convenient collection of electronics recyclables  
35.12 for the purpose of recycling; and

35.13 (3) the fee for the operation of the program that is included in the purchase price of  
35.14 electronics recyclables sold in this state.

35.15 Subd. 4. **Agency responsibilities** (a) The commissioner must, in consultation with  
35.16 collectors and recyclers, annually review the amount of the recycling fee established under  
35.17 section 115A.1335 to ensure that revenue collected to reimburse collectors for collection,  
35.18 transportation, and recycling costs approved by the commissioner under section 115A.1337  
35.19 and to reimburse the agency for the costs of administering and enforcing sections 115A.1331  
35.20 to 115A.1342, is sufficient but not excessive. The commissioner may adjust the amount of  
35.21 the recycling fee or additional payment after considering:

35.22 (1) current and projected sales of electronics recyclables in this state;

35.23 (2) current and projected collection rates of electronics recyclables discarded in this  
35.24 state;

35.25 (3) the costs of collecting, transporting, and recycling electronics recyclables in this  
35.26 state; and

35.27 (4) the agency's costs of administering and enforcing sections 115A.1331 to 115A.1342.

35.28 (b) To ensure the most efficient use of recycling fees, the commissioner must encourage  
35.29 and may require collectors operating in nearby areas to consolidate what would otherwise  
35.30 be smaller separate shipments of electronics recyclables to recyclers.

35.31 (c) The commissioner must enforce sections 115A.1331 to 115A.1339 in the manner  
35.32 provided by sections 115.071, subdivisions 1, 3, 4, 5, and 6; and 116.072. The commissioner

36.1 may revoke a registration of a collector or recycler that violates sections 115A.1331 to  
36.2 115A.1338.

36.3 **EFFECTIVE DATE.** This section is effective July 1, 2025.

36.4 Sec. 19. **[115A.1339] REPORTING.**

36.5 No later than July 1, 2026, and by each July 1 thereafter, the commissioner must submit  
36.6 a written report to the chairs and ranking minority members of the legislative committees  
36.7 with primary jurisdiction over environment policy and finance on the operation of the  
36.8 electronic waste recycling program under sections 115A.1331 to 115A.1339. The report  
36.9 must include, at a minimum:

36.10 (1) the total weight of electronics recyclables collected during the previous year, by  
36.11 collector and county;

36.12 (2) the total weight of electronics recyclables transported for recycling during the previous  
36.13 year, by collector and county;

36.14 (3) total recycling fees deposited into the electronic waste recycling account;

36.15 (4) total reimbursements paid to collectors from the electronic waste recycling account;

36.16 (5) impacts of the electronic waste recycling program on the number or location of  
36.17 collectors;

36.18 (6) suggested changes to improve the efficiency and effectiveness of the electronic waste  
36.19 recycling program; and

36.20 (7) any other information about program operations or other issues the commissioner  
36.21 deems relevant.

36.22 **EFFECTIVE DATE.** This section is effective July 1, 2025.

36.23 Sec. 20. **[115A.1340] OTHER RECYCLING PROGRAMS.**

36.24 A city, county, or other public agency may not require purchasers of electronics  
36.25 recyclables to use public facilities to recycle electronics recyclables to the exclusion of other  
36.26 lawful programs available. Nothing in sections 115A.1331 to 115A.1338 prohibits or restricts  
36.27 the operation of any program recycling electronics recyclables in addition to those operated  
36.28 under sections 115A.1331 to 115A.1338 or prohibits or restricts any persons from receiving,  
36.29 collecting, transporting, or recycling electronics recyclables if those persons are registered  
36.30 under section 115A.1312.

37.1 **EFFECTIVE DATE.** This section is effective July 1, 2025.

37.2 Sec. 21. **[115A.1342] ELECTRONICS RECYCLER AIR QUALITY IMPROVEMENT**  
37.3 **GRANT PROGRAM.**

37.4 Subdivision 1. **Definition.** For the purposes of this section, "eligible applicant" means  
37.5 a recycler located in Minnesota that is participating in recycling programs operating under  
37.6 sections 115A.1310 to 115A.1337.

37.7 Subd. 2. **Establishment.** An electronics recycler air quality grant program is established  
37.8 in the agency to assist eligible applicants to purchase and install equipment to improve air  
37.9 quality in or outside the recycling facilities.

37.10 Subd. 3. **Application and award process.** (a) To be considered for a grant under this  
37.11 section, an eligible applicant must file a written application with the commissioner on a  
37.12 form prescribed by the commissioner.

37.13 (b) The commissioner must act as fiscal agent for the grant program and must develop  
37.14 administrative procedures to evaluate the application, evaluation, and grant award processes.

37.15 (c) The commissioner must award grants on a first-come, first-served basis.

37.16 (d) Grants may be awarded to an eligible applicant for:

37.17 (1) equipment that improves indoor air quality in a facility operating a shredder or  
37.18 smelter;

37.19 (2) equipment that improves outdoor air quality in a facility operating a smelter; or

37.20 (3) forklifts that operate solely on electricity that replace forklifts operating solely on a  
37.21 fossil fuel.

37.22 Subd. 4. **Grant amounts.** A grant awarded under this section may not exceed the lesser  
37.23 of 90 percent of the purchase and installation costs of the applicable equipment or \$500,000.

37.24 Subd. 5. **Expiration.** This section expires June 30, 2028.

37.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.

37.26 Sec. 22. **ELECTRONICS RECYCLING STUDY.**

37.27 (a) The commissioner of the Pollution Control Agency must contract with an independent  
37.28 third party to conduct a study that examines the barriers to electronics recycling and  
37.29 recommends ways those barriers may be overcome. The study must, at a minimum, address:

37.30 (1) the status of end markets for materials recovered from electronics recycling;

- 38.1 (2) information regarding the toxicity of materials recovered from electronics recycling;
- 38.2 (3) ways to promote worker safety in facilities that recycle electronics;
- 38.3 (4) opportunities and methods to recover precious metals from electronic recycling
- 38.4 processes;
- 38.5 (5) measures to reduce emissions of greenhouse gases from electronic recycling facilities;
- 38.6 and
- 38.7 (6) how changes in product design that increase the recyclability of electronics products
- 38.8 can be encouraged.
- 38.9 (b) No later than March 1, 2025, the commissioner must submit a written report
- 38.10 containing the findings and recommendations of the study to the chairs and ranking minority
- 38.11 members of the senate and house of representatives committees with primary responsibility
- 38.12 over recycling.
- 38.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.
- 38.14 Sec. 23. **REPEALER.**
- 38.15 Minnesota Statutes 2022, section 115A.1316, subdivisions 1, 2, and 3, are repealed.

**115A.1316 REPORTING REQUIREMENTS.**

Subdivision 1. **Manufacturer reporting requirements.** (a) By March 1 each year, each manufacturer must report to the agency using the form prescribed:

(1) the total weight of each specific model of its video display devices sold to households during the previous calendar year; and

(2) either:

(i) the total weight of its video display devices sold to households during the previous calendar year; or

(ii) an estimate of the total weight of its video display devices sold to households during the previous calendar year, calculated by multiplying the weight of its video display devices sold nationally times the quotient of Minnesota's population divided by the national population. All manufacturers with sales of 99 or fewer video display devices to households in the state during the previous calendar year must report using the method under this item for calculating sales.

A manufacturer must submit with the report required under this paragraph a description of how the information or estimate was calculated.

(b) By August 15 each year, each manufacturer must report to the agency:

(1) the total weight of covered electronic devices the manufacturer collected from households and recycled or arranged to have collected and recycled during the preceding program year;

(2) the number of phase I and phase II recycling credits the manufacturer has purchased and sold during the preceding program year;

(3) the number of phase I and phase II recycling credits possessed by the manufacturer that the manufacturer elects to use in the calculation of its variable recycling fee under section 115A.1314, subdivision 1; and

(4) the number of phase I and phase II recycling credits the manufacturer retains at the beginning of the current program year.

(c) Upon request of the commissioner of revenue, the agency shall provide a copy of each report to the commissioner of revenue.

Subd. 2. **Recycler reporting requirements.** (a) By July 15 each year, a recycler of covered electronic devices must report to the agency:

(1) the total weight of covered electronic devices recycled during the preceding program year and must certify that the recycler has complied with section 115A.1318, subdivision 2;

(2) the weight of video display devices recycled as part of covered electronic devices recycled during the previous program year; and

(3) an estimate of the weight of portable batteries and any mercury-containing lamps that are associated with the covered electronic devices managed.

(b) Upon request of the commissioner of revenue, the agency shall provide a copy of each report to the commissioner of revenue.

Subd. 3. **Collector reporting requirements.** By July 15 each year, a collector must report separately to the agency using the form prescribed by the commissioner:

(1) the total pounds of covered electronic devices collected in the state;

(2) a list of all recyclers to whom collectors delivered covered electronic devices; and

(3) whether the collector had a contract with a recycler or manufacturer to provide pounds toward meeting a manufacturer's obligation.
