115.175. Any person who knowingly or willfully gives any false information for the purpose of establishing his eligibility to register to vote or who conspires with another person for the purpose of encouraging his false registration or illegal vote, or who pays or offers to pay, accepts or offers to accept payment for registering to vote or for voting, or who otherwise willfully and fraudulently furnishes false information to a registration official for the purpose of causing a false or fictitious registration, or who registers to vote with the intention of voting more than once in the same election shall be guilty of a class one election offense. **Errors in the statewide voter registration system shall not amount to a class one election offense unless the individual knowingly or willfully provided false information that led to the error.**

52 **(f) An image of the person's signature.**

53

54 **In the event that the source agency does not have or does not provide an image of the**
55 **individual's signature, the secretary of state shall develop a method for indicating that the**
56 **voter is required to provide his or her signature and an acceptable form of voter**

61 **registered and shall promptly send each individual a written notice with the following**

63 **(a) An explanation that voter registration is voluntary, but if the individual does**
64 **not expressly decline registration, he or she will be registered to vote;**

65 **(b) A statement offering the opportunity to decline to register to vote, that**

72

73 **The written notice shall include a form that may be signed and returned in a prepaid**

89 be affected by the individual's decision to register or decline to register to vote.

90 6. The secretary of state and source agencies shall collaborate on the best methods
91 for complying with the requirements of this section. The secretary of state shall make rules
92 regarding the implementation of this section and shall be responsible for providing
93 training programs for source agencies. All source agencies in this section shall comply with
94 rules established by the secretary of state to assist with the implementation of automatic
95 voter registration.

96 7. The secretary of state may promulgate rules to assist in the implementation of
97 this section. Any rule or portion of a rule, as that term is defined in section 536.010, that
98 is created under the authority delegated in this section shall become effective only if it
99 complies with and is subject to all of the provisions of chapter 536 and, if applicable,
100 section 536.028. This section and chapter 536 are nonseverable, and if any of the powers
101 vested with the general assembly pursuant to chapter 536 to review, to delay the effective
102 date, or to disapprove and annul a rule are subsequently held unconstitutional, then the
103 grant of rulemaking authority and any rule proposed or adopted after August 28, 2020,
104 shall be invalid and void.
