- 8.683. Upon award of a construction management services contract, the successful construction manager shall contract with the public owner to furnish his **or her** skill and judgment in cooperation with, and reliance upon, the services of the project architect or engineer. The construction manager shall furnish business administration, management of the construction process and other specified services to the public owner and shall perform in an expeditious and economical manner consistent with the interest of the public owner. Should the public owner determine it to be in the public's best interest, the construction manager may provide or perform basic services for which reimbursement is provided in the general conditions to the construction management services contract. The construction manager shall not, however, be permitted to

bid on or perform any of the actual construction on a public works project in which he is acting as construction manager, nor shall any construction firm which controls, is controlled by, or shares common ownership or control with, the construction manager be allowed to bid on or perform work on such project. The actual construction work on the project shall be awarded by competitive bidding as provided by law. In the event a court of competent jurisdiction rules that any part of this act is unenforceable, the entire act shall be rendered null and void.

89.410. 1. The planning commission shall recommend and the council may by ordinance adopt regulations governing the subdivision of land within its jurisdiction. The regulations, in addition to the requirements provided by law for the approval of plats, may provide requirements for the coordinated development of the city, town or village; for the coordination of streets within subdivisions with other existing or planned streets or with other features of the city plan or official map of the city, town or village; for adequate open spaces for traffic, recreation, light and air; and for a distribution of population and traffic; provided that, the city, town or village may only impose requirements for the posting of bonds, letters of credit or escrows for subdivision-related improvements as provided for in subsections 2 to 5 of this section.

2. The regulation may include requirements as to the extent and the manner in which the streets of the subdivision or any designated portions thereto shall be graded and improved as well as including requirements as to the extent and manner of the installation of all utility facilities. Compliance with all of these requirements is a condition precedent to the approval of the plat. The regulations or practice of the council may provide for the tentative approval of the plat previous to the improvements and utility installations; but any tentative approval shall not be entered on the plat. The regulations may provide that, in lieu of the completion of the work and installations previous to the final approval of a plat, the council shall accept, at the option of the developer, an escrow secured with cash or an irrevocable letter of credit deposited with the city, town, or village. The city, town, or village may accept a surety bond, and such bond shall be in an amount and with surety and other reasonable conditions, providing for and securing the actual

construction and installation of the improvements and utilities within a period specified by the council and expressed in the bond. The release of any such escrow, letter of credit, or bond by the city, town or village shall be as specified in this section. The council may enforce the escrow or bond by all appropriate legal and equitable remedies. The regulations may provide, in lieu of the completion of the work and installations previous to the final approval of a plat, for an assessment or other method whereby the council is put in an assured position to do the work and make the installations at the cost of the owners of the property within the subdivision. The regulations may provide for the dedication, reservation or acquisition of lands and open spaces necessary for public uses indicated on the city plan and for appropriate means of providing for the compensation, including reasonable charges against the subdivision, if any, and over a period of time and in a manner as is in the public interest.

- 3. The regulations shall provide that in the event a developer who has posted an escrow, or letter of credit, or bond with a city, town, or village in accordance with subsection 2 of this section transfers title of the subdivision property prior to full release of the escrow, letter of credit, or bond, the municipality shall accept a replacement escrow or letter of credit from the successor developer in the form allowed in subsection 2 of this section and in the amount of the escrow or letter of credit held by the city, town, or village at the time of the property transfer, and upon receipt of the replacement escrow or letter of credit, the city, town, or village shall release the original escrow or letter of credit in full and release the prior developer from all further obligations with respect to the subdivision improvements if the successor developer assumes all of the outstanding obligations of the previous developer. The city, town, or village may accept a surety bond from the successor developer in the form allowed in subsection 2 of this section and in the amount of the bond held by the city, town, or village at the time of the property transfer, and upon receipt of the replacement bond, the city, town, or village shall release the original bond in full, and release the prior developer from all further obligations with respect to the subdivision improvements.
- 4. The regulations shall provide that any escrow or bond amount held by the city, town or village to secure actual construction and installation on each component of the improvements or utilities shall be released within thirty days of completion of each category of improvement or utility work to be installed, minus a maximum retention of five percent which shall be released upon completion of all improvements and utility work. The city, town, or village shall inspect each category of improvement or utility work within twenty business days after a request for such inspection. Any such category of improvement or utility work shall be deemed to be completed upon certification by the city, town or village that the project is complete in accordance with the ordinance of the city, town or village including the filing of all documentation and certifications required by the city, town or village, in complete and acceptable form. The release shall be

deemed effective when the escrow funds or bond amount are duly posted with the United States
Postal Service or other agreed-upon delivery service or when the escrow funds or bond amount
are hand delivered to an authorized person or place as specified by the owner or developer.

- 5. If the city, town or village has not released the escrow funds or bond amount within thirty days as provided in this section or provided a timely inspection of the improvements or utility work after request for such inspection, the city, town or village shall pay the owner or developer in addition to the escrow funds due the owner or developer, interest at the rate of one and one-half percent per month calculated from the expiration of the thirty-day period until the escrow funds or bond amount have been released. Any owner or developer aggrieved by the city's, town's or village's failure to observe the requirements of this section may bring a civil action to enforce the provisions of this section. In any civil action or part of a civil action brought pursuant to this section, the court may award the prevailing party or the city, town or village the amount of all costs attributable to the action, including reasonable attorneys' fees.
- 6. Nothing in this section shall apply to performance, maintenance and payment bonds required by cities, towns or villages.
- 7. Before adoption of its subdivision regulations or any amendment thereof, a duly advertised public hearing thereon shall be held by the council.
- 8. The provisions of subsection 2 of this section requiring the acceptance of an escrow secured by cash or an irrevocable letter of credit, rather than a surety bond, at the option of the developer, all of the provisions of subsection 3 of this section, and the provisions of subsections 4 and 5 of this section regarding an inspection of improvements or utility work within twenty business days shall not apply to any home rule city with more than four hundred thousand inhabitants and located in more than one county.
- [9. Notwithstanding the provisions of section 290.210 to the contrary, improvements secured by escrow, letter of credit, or bond as provided in this section shall not be subject to the terms of sections 290.210 to 290.340 unless they are paid for wholly or in part out of public funds.]

[290.230. 1. Not less than the prevailing hourly rate of wages for work of a similar character in the locality in which the work is performed, and not less than the prevailing hourly rate of wages for legal holiday and overtime work, shall be paid to all workmen employed by or on behalf of any public body engaged in the construction of public works, exclusive of maintenance work. Only such workmen as are directly employed by contractors or subcontractors in actual construction work on the site of the building or construction job shall be deemed to be employed upon public works. Any such workman who agrees in writing to volunteer his or her labor without pay shall not be deemed to be employed upon public works, and shall not be entitled to the prevailing hourly rate of wages. For the purposes of this section, the term "workman who agrees in writing to volunteer his or her labor without pay" shall mean a workman who volunteers his or her labor without any promise of benefit or remuneration for such voluntary activity, and who is not a prisoner in any jail or prison facility and who is not performing community service pursuant to disposition of a criminal case against him, and is not otherwise employed for compensation at any time in the construction or maintenance work on the same public works for which the workman is a volunteer. Under no circumstances may an employer force, compel or otherwise intimidate an employee into performing work otherwise paid by a prevailing wage as a volunteer.

2. When the hauling of materials or equipment includes some phase of construction other than the mere transportation to the site of the construction,

workmen engaged in this dual capacity shall be deemed employed directly on public works.

290.250. 1. Every public body authorized to contract for or construct public works before advertising for bids or undertaking such construction shall request the department to determine the prevailing rates of wages for workmen for the class or type of work called for by the public works, in the locality where the work is to be performed. The department shall determine the prevailing hourly rate of wages in the locality in which the work is to be performed for each type of workman required to execute the contemplated contract and such determination or schedule of the prevailing hourly rate of wages shall be attached to and made a part of the specifications for the work. The public body shall then specify in the resolution or ordinance and in the call for bids for the contract what is the prevailing hourly rate of wages in the locality for each type of workman needed to execute the contract and also the general prevailing rate for legal holiday and overtime work. It shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the specified rates to all workmen employed by them in the execution of the contract. The public body awarding the contract shall cause to be inserted in the contract a stipulation to the effect that not less than the prevailing hourly rate of wages shall be paid to all workmen performing work under the contract. The employer shall forfeit as a penalty to the state, county, city and county, city, town, district or other political subdivision on whose behalf the contract is made or awarded one hundred dollars for each workman employed, for each calendar day, or portion thereof, such workman is paid less than the said stipulated rates for any work done under said contract, by him or by any subcontractor under him, and the said public body awarding the contract shall cause to be inserted in the contract a stipulation to this effect. It shall be the duty of such public body awarding the contract, and its agents and officers, to take cognizance of all complaints of all violations of the provisions of sections 290.210 to 290.340 committed in the course of the execution of the contract, and, when making payments to the contractor becoming due under said contract, to withhold and retain therefrom all sums and amounts due and owing as a result of any violation of sections 290.210 to 290.340. It shall be lawful for any contractor to withhold from any subcontractor under him sufficient sums to cover any penalties withheld from him by the awarding body on account of said subcontractor's failure to

HB 1729

comply with the terms of sections 290.210 to 290.340, and if payment has already been made to him, the contractor may recover from him the amount of the penalty in a suit at law.

- 2. In determining whether a violation of sections 290.210 to 290.340 has occurred, and whether the penalty under subsection 1 of this section shall be imposed, it shall be the duty of the department to investigate any claim of violation. Upon completing such investigation, the department shall notify the employer of its findings. If the department concludes that a violation of sections 290.210 to 290.340 has occurred and a penalty may be due, the department shall notify the employer of such finding by providing a notice of penalty to the employer. Such penalty shall not be due until forty-five days after the date of the notice of the penalty.
- 3. The employer shall have the right to dispute such notice of penalty in writing to the department within forty-five days of the date of the notice. Upon receipt of this written notice of dispute, the department shall notify the employer of the right to resolve such dispute through arbitration. The state and the employer shall submit to an arbitration process to be established by the department by rule, and in conformance with the guidelines and rules of the American Arbitration Association or other arbitration process mutually agreed upon by the employer and the state. If at any time prior to the department pursuing an enforcement action to enforce the monetary penalty provisions of subsection 1 of this section against the employer, the employer pays the back wages as determined by either the department or the arbitrator, the department shall be precluded from initiating any enforcement action to impose the monetary penalty provisions of subsection 1 of this section.
- 4. If the employer fails to pay all wages due as determined by the arbitrator within forty-five days following the conclusion of the arbitration process, or if the employer fails to exercise the right to seek arbitration, the department may then pursue an enforcement action to enforce the monetary penalty provisions of subsection 1 of this section against the employer. If the court orders payment of the penalties as prescribed in subsection 1 of this section, the department shall be entitled to recover its actual cost of enforcement from such penalty amount.
- 5. Nothing in this section shall be interpreted as precluding an action for enforcement filed by an aggrieved employee as otherwise provided in law.]

[290.260. 1. The department, as it deems necessary, shall from time to time investigate and determine the prevailing hourly rate of wages for heavy and highway construction work in the localities. In doing so, the department shall accept and consider information regarding local wage rates that is submitted in either paper or electronic formats. A determination applicable to every locality to be contained in a general wage order shall be made annually on or before July first of each year for the Missouri state highways and transportation commission

8 and shall remain in effect until superseded by a new general wage order. In 9 determining prevailing rates, the department shall ascertain and consider the applicable wage rates established by collective bargaining agreements, if any, and 10 11 the rates that are paid generally within the locality. 12 2. A certified copy of the determination so made shall be filed immediately with the secretary of state and with the department in Jefferson City. 13 Copies shall be supplied by the department to all persons requesting them within 14 ten days after the filing. 15 16 3. At any time within thirty days after the certified copies of the 17 determinations have been filed with the secretary of state and the department, any 18 person who is affected thereby may object in writing to the determination or the part thereof that he deems objectionable by filing a written notice with the 19 department, stating the specific grounds of the objection. 20 21 4. Within thirty days of the receipt of the objection, the department shall set a date for a hearing on the objection. The date for the hearing shall be within 22 sixty days of the receipt of the objection. Written notice of the time and place of 23 the hearing shall be given to the objectors at least ten days prior to the date set for 24 25 the hearing. 26 5. The department at its discretion may hear each written objection separately or consolidate for hearing any two or more written objections. At the 27 hearing the department shall first introduce in evidence the investigation it 28 instituted and the other facts which were considered at the time of the original 29 determination which formed the basis for its determination. The department, or 30 31 the objector, or any interested party, thereafter may introduce any evidence that 32 is material to the issues. 33 6. Within twenty days of the conclusion of the hearing, the department 34 must rule on the written objection and make the final determination that it 35 believes the evidence warrants. Immediately, the department shall file a certified copy of its final determination with the secretary of state and with the department 36 and shall serve a copy of the final determination on all parties to the proceedings 37 38 by personal service or by registered mail. 39 7. This final decision of the department of the prevailing wages in the locality is subject to review in accordance with the provisions of chapter 536. 40 Any person affected, whether or not the person participated in the proceedings 41 42 resulting in the final determination, may have the decision of the department 43 reviewed. The filing of the final determination with the secretary of state shall 44 be considered a service of the final determination on persons not participating in the administrative proceedings resulting in the final determination. 45 8. At any time before trial any person affected by the final determination 46 47 of the department may intervene in the proceedings to review under chapter 536

9. All proceedings in any court affecting a determination of the

department under the provisions of sections 290.210 to 290.340 shall have

51 priority in hearing and determination over all other civil proceedings pending in 52 the court, except election contests.]

- [290.262. 1. Except as otherwise provided in section 290.260, the department shall annually determine the prevailing hourly rate of wages in each locality for each separate occupational title. In doing so, the department shall accept and consider information regarding local wage rates that is submitted in either paper or electronic formats. A final determination applicable to every locality to be contained in an annual wage order shall be made annually on or before July first of each year and shall remain in effect until superseded by a new annual wage order or as otherwise provided in this section. The department shall, by March tenth of each year, make an initial determination for each occupational title within the locality.
- 2. The prevailing wage rate for an occupational title in a locality shall, with the exception of localities that are counties of the third and fourth classification and any county of the second classification with more than fifty-eight thousand but fewer than sixty-five thousand inhabitants, be the wage rate most commonly paid, as measured by the number of hours worked at each wage rate, for that occupational title within that locality. In determining such prevailing wage rates, the department shall ascertain and consider the applicable wage rates established by collective bargaining agreements, if any, when no wages were reported.
- 3. With respect only to localities that are counties of the third and fourth classification and any county of the second classification with more than fifty-eight thousand but fewer than sixty-five thousand inhabitants, the prevailing wage rate for an occupational title within such locality shall be determined in the following manner:
- (1) The total number of hours worked that are not paid pursuant to a collective bargaining agreement for the time period in that occupational title in the locality and the total number of hours worked that are paid pursuant to a collective bargaining agreement for the time period in that occupational title in the locality shall be considered;
- (2) If the total number of hours that are not paid pursuant to a collective bargaining agreement, in the aggregate, exceeds the total number of hours that are paid pursuant to such an agreement, in the aggregate, then the prevailing wage rate shall be the rate most commonly paid that is not paid pursuant to a collective bargaining agreement as measured by the number of hours worked at such rate for that occupational title within the locality;
- (3) If the total number of hours that are paid pursuant to a collective bargaining agreement, in the aggregate, exceeds the total number of hours that are not paid pursuant to such an agreement, in the aggregate, then the prevailing wage rate shall be the rate most commonly paid that is paid pursuant to a

40 collective bargaining agreement as measured by the number of hours worked at 41 such rate for that occupational title within the locality; 42 (4) If no work within a particular occupational title has been performed 43 in a locality at any wage rate, the prevailing wage rate for that occupational title 44 in that locality shall be determined in the following manner: (a) If wages were reported for an occupational title within a locality 45 within the previous six annual wage order reporting periods and the prevailing 46 wage rate was determined by a collective bargaining agreement by hours worked 47 pursuant to such agreement in the most recent annual wage order reporting period 48 49 where such wages were reported, then the wage rate paid pursuant to the current 50 collective bargaining agreement shall be the prevailing rate for that occupational title within the locality; 51 52 (b) If wages were reported for an occupational title within a locality 53 within the previous six annual wage order reporting periods and the prevailing wage rate was not determined by hours worked pursuant to a collective 54 55 bargaining agreement in the most recent annual wage order reporting period where such wages were reported, then the wage rate paid in the most recent 56 annual wage order reporting period when such wages were reported shall be the 57 58 prevailing wage rate for that occupational title within the locality, (c) If no wages were reported for an occupational title within a locality 59 within the previous six annual wage order reporting periods, the department shall 60 examine hours and wages reported in all adjacent Missouri counties during the 61 same periods. The most recent reported wage rate in a given wage order period 62 63 in the adjacent Missouri county with the most reported hours actually worked for 64 that occupational title in the wage period during the previous six annual wage order reporting periods shall be used to determine the prevailing wage rate; 65 (d) If no wages were reported for an occupational title within any 66 67 adjacent Missouri county within the previous six annual wage order reporting periods, then the rate paid pursuant to the current collective bargaining agreement 68 shall be the prevailing wage rate for that occupational title within the locality. 69 4. A certified copy of the initial determinations so made shall be filed 70 71 immediately with the secretary of state and with the department in Jefferson City. 72 Copies shall be supplied by the department to all persons requesting them within 73 ten days after the filing. 74 5. At any time within thirty days after the certified copies of the 75 determinations have been filed with the secretary of state and the department, any 76 person who is affected thereby may object in writing to a determination or a part thereof that he deems objectionable by filing a written notice with the 77 department, stating the specific grounds of the objection. If no objection is filed, 78 79 the determination is final after thirty days. 80 6. After the receipt of the objection, the department shall set a date for a hearing on the objection. The date for the hearing shall be within sixty days of 81 the receipt of the objection. Written notice of the time and place of the hearing 82

shall be given to the objectors at least ten days prior to the date set for the hearing.

- 7. The department at its discretion may hear each written objection separately or consolidate for hearing any two or more written objections. At the hearing the department shall first introduce in evidence the investigation it instituted and the other facts which were considered at the time of the original determination which formed the basis for its determination. The department, or the objector, or any interested party, thereafter may introduce any evidence that is material to the issues.
- 8. Within twenty days of the conclusion of the hearing, the department shall rule on the written objection and make the final determination that it believes the evidence warrants. Immediately, the department shall file a certified copy of its final determination with the secretary of state and with the department and shall serve a copy of the final determination on all parties to the proceedings by personal service or by registered mail.
- 9. This final decision of the department of the prevailing wages in the locality for each occupational title is subject to review in accordance with the provisions of chapter 536. Any person affected, whether or not the person participated in the proceedings resulting in the final determination, may have the decision of the department reviewed. The filing of the final determination with the secretary of state shall be considered a service of the final determination on persons not participating in the administrative proceedings resulting in the final determination.
- 10. At any time before trial any person affected by the final determination of the department may intervene in the proceedings to review under chapter 536 and be made a party to the proceedings.
- 11. Any annual wage order made for a particular occupational title in a locality, that is based on the number of hours worked under a collective bargaining agreement, may be altered once each year, as provided in this subsection. The prevailing wage for each such occupational title may be adjusted on the anniversary date of any collective bargaining agreement which covers all persons in that particular occupational title in the locality in accordance with any annual incremental wage increases set in the collective bargaining agreement. If the prevailing wage for an occupational title is adjusted pursuant to this subsection, the employee's representative or employer in regard to such collective bargaining agreement shall notify the department of this adjustment, including the effective date of the adjustment. The adjusted prevailing wage shall be in effect until the next final annual wage order is issued pursuant to this section. The wage rates for any particular job, contracted and commenced within sixty days of the contract date, which were set as a result of the annual or revised wage order, shall remain in effect for the duration of that particular job.
- 12. In addition to all other reporting requirements of sections 290.210 to 290.340, each public body which is awarding a contract for a public works

project shall, prior to beginning of any work on such public works project, notify
the department, on a form prescribed by the department, of the scope of the work
to be done, the various types of craftsmen who will be needed on the project, and
the date work will commence on the project.]

[290.263. The hourly wages to be paid as prescribed in section 290.250 to workmen upon public works shall not be less than the minimum wage specified under Section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.]

[290.265. A clearly legible statement of all prevailing hourly wage rates to be paid to all workmen employed in order to execute the contract and employed on the construction of the public works shall be kept posted in a prominent and easily accessible place at the site thereof by each contractor and subcontractor engaged in the public works projects under the provisions of this law and such notice shall remain posted during the full time that any such workman shall be employed on the public works.]

[290.270. The finding of the department ascertaining and declaring the prevailing hourly rate of wages shall be final for the locality, unless reviewed under the provisions of sections 290.210 to 290.340. Nothing in sections 290.210 to 290.340, however, shall be construed to prohibit the payment to any workman employed on any public work of more than the prevailing rate of wages. Nothing in sections 290.210 to 290.340 shall be construed to limit the hours of work which may be performed by any workman in any particular period of time.]

[290.280. The authorized representative of the department may administer oaths, take or cause to be taken the depositions of witnesses, and require by subpoena the attendance and testimony of witnesses and the production of all books, records, and other evidence relative to any matter under investigation or hearing. The subpoena shall be signed and issued by the department's authorized representative. In case of failure of any person to comply with any subpoena lawfully issued under this section, or on the refusal of any witness to produce evidence or to testify to any matter regarding which he may be lawfully interrogated, the authorized representative of the department may proceed to enforce obedience to the subpoenas in the manner provided by section 536.077 for administrative agencies. The authorized representative of the department shall have the power to certify to official acts.]

[290.290. 1. The contractor and each subcontractor engaged in any construction of public works shall keep full and accurate records clearly indicating the names, occupations and crafts of every workman employed by

them in connection with the public work together with an accurate record of the number of hours worked by each workman and the actual wages paid therefor. The payroll records required to be so kept shall be open to inspection by any authorized representative of the contracting public body or of the department at any reasonable time and as often as may be necessary and such records shall not be destroyed or removed from the state for the period of one year following the completion of the public work in connection with which the records are made.

- 2. Each contractor and subcontractor shall file with the contracting public body upon completion of the public work and prior to final payment therefor an affidavit stating that he had fully complied with the provisions and requirements of this chapter, and no public body shall be authorized to make final payment until such affidavit is filed therewith in proper form and order.
- 3. Each contractor and subcontractor engaged in any construction of public works shall have its name, acceptable abbreviation or recognizable logo and the name of the city and state of the mailing address of the principal office of the company, on each motor vehicle and motorized self-propelled piece of equipment which is used in connection with such public works project during the time the contractor or subcontractor is engaged on such project. The sign shall be legible from a distance of twenty feet but the size of the lettering need not be larger than two inches. In cases where equipment is leased or where affixing a legible sign to the equipment is impractical, the contractor may place a temporary stationary sign, with the information required pursuant to this subsection, at the main entrance of the construction project in place of affixing the required information on the equipment so long as such sign is not in violation of any state or federal statute, rule or regulation. Motor vehicles which are required to have similar information affixed thereto pursuant to requirements of a regulatory agency of the state or federal government are exempt from the provisions of this subsection.
- 4. The provisions of subsection 3 of this section shall not apply to construction of public works for which the contract awarded is in the amount of two hundred fifty thousand dollars or less.]

[290.300. Any workman employed by the contractor or by any subcontractor under the contractor who shall be paid for his services in a sum less than the stipulated rates for work done under the contract, shall have a right of action for double whatever difference there may be between the amount so paid and the rates provided by the contract together with a reasonable attorney's fee to be determined by the court, and an action brought to recover same shall be deemed to be a suit for wages, and any and all judgments entered therein shall have the same force and effect as other judgments for wages.]

[290.305. No person, firm or corporation shall violate the wage provisions of any contract contemplated in sections 290.210 to 290.340 or suffer

or require any employee to work for less than the rate of wages so fixed, or violate any of the provisions contained in sections 290.210 to 290.340. Where workmen are employed and their rate of wages has been determined as provided in sections 290.210 to 290.340, no person, either for himself or any other person, shall request, demand or receive, either before or after such workman is engaged, that such workman pay back, return, donate, contribute, or give any part or all of said workman's wages, salary, or thing of value, to any person, upon the statement, representation, or understanding that failure to comply with such request or demand will prevent such workman from procuring or retaining employment, and no person shall, directly or indirectly, pay, request or authorize any other person to violate this section. This section does not apply to any agent or representative of a duly constituted labor organization acting in the collection of dues or assessments of such organization.]

[290.315. All contractors and subcontractors required in sections 290.210 to 290.340 to pay not less than the prevailing rate of wages shall make full payment of such wages in legal tender, without any deduction for food, sleeping accommodations, transportation, use of small tools, or any other thing of any kind or description. This section does not apply where the employer and employee enter into an agreement in writing at the beginning of said term of employment covering deductions for food, sleeping accommodations, or other similar items, provided such agreement is submitted by the employer to the public body awarding the contract and the same is approved by such public body as fair and reasonable.]

[290.320. No public body, officer, official, member, agent or representative authorized to contract for public works shall fail, before advertising for bids or contracting for such construction, to have the department determine the prevailing rates of wages of workmen for each class of work called for by the public works in the locality where the work is to be performed as provided in sections 290.210 to 290.340.]

[290.325. No public body, officer, official, member, agent or representative thereof authorized to contract for public works shall award a contract for the construction of such improvement or disburse any funds on account of the construction of such public improvement, unless such public body has first had the department determine the prevailing rates of wages of workmen for the class of work called for by such public works in the locality where the work is to be performed and such determination has been made a part of the specifications and contract for such public works.]

[290.330. The department after investigation, upon complaint or upon its own initiative, shall file with the secretary of state a list of the contractors and

subcontractors who it finds have been prosecuted and convicted for violations of sections 290.210 to 290.340 and such contractor or subcontractor, or simulations thereof, shall be prohibited from contracting directly or indirectly with any public body for the construction of any public works or from performing any work on the same as a contractor or subcontractor for a period of one year from the date of the first conviction for such violation and for a period of three years from the date of each subsequent violation and conviction thereof. If it is found that a public body, contractor or subcontractor has not complied with any of the terms of sections 290.210 to 290.340, the department shall give notice of the precise violation in writing to such public body, contractor or subcontractor. Sufficient time may be allowed for compliance therewith as the department deems necessary. After the expiration of the time prescribed in said notice, the department may in writing inform the attorney general of the fact that such notice has been given and that the public body, contractor or subcontractor or the authorized representative or agent thereof to whom it was directed has not complied with such notice.
