The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 105-373 is amended by adding a new subsection to read:

"(i) Relief from Collecting Unpaid Taxes After Ten Years. – The governing body of any taxing unit may, in its discretion, relieve the tax collector of the charge of taxes owed that are ten or more years past due when it appears to the governing body that such taxes are uncollectable."

SECTION 1.(b) This section becomes effective for taxable years beginning on or after January 1, 2019.

SECTION 2.(a) G.S. 105-472(b) reads as rewritten:

- "(b) Distribution Between Counties and Cities. The Secretary shall divide the amount allocated to each taxing county among the county and its municipalities in accordance with the method determined by the county. The board of county commissioners shall, by resolution, choose one of the following methods of distribution:
 - Per Capita Method. The net proceeds of the tax collected in a taxing county (1) shall be distributed to that county and to the municipalities in the county on a per capita basis according to the total population of the taxing county, plus the total population of the municipalities in the county. In the case of a municipality located in more than one county, only that part of its population living in the taxing county is considered its "total population". In order to make the distribution, the Secretary shall determine a per capita figure by dividing the amount allocated to each taxing county by the total population of that county plus the total population of all municipalities in the county. The Secretary shall then multiply this per capita figure by the population of the taxing county and by the population of each municipality in the county; each respective product shall be the amount to be distributed to the county and to each municipality in the county. To determine the population of each county and each municipality, the Secretary shall use the most recent annual estimate of population certified by the State Budget Officer.
 - (2) Ad Valorem Method. The net proceeds of the tax collected in a taxing county shall be distributed to that county and the municipalities in the county in proportion to the total amount of ad valorem taxes levied by each on property having a tax situs in the taxing county during the fiscal year next preceding the distribution. For purposes of this section, the amount of the ad valorem taxes levied by a county or municipality includes ad valorem taxes levied by

distribution of the proceeds of the tax levied under this Article shall in turn immediately share the proceeds with each district in behalf of which the county or municipality levied ad valorem taxes in the proportion that the district levy bears to the total levy of the county or municipality. The board of county commissioners in each taxing county shall, by resolution adopted during the month of April-November of each year, determine which of the two foregoing methods of distribution shall be in effect in the county during the next succeeding fiscal year. In order for the resolution to be effective, a certified copy of it must be delivered to the Secretary in Raleigh within 15 calendar days after its adoption. If the board fails to adopt a resolution choosing a method of distribution not then in effect in the county, or if a certified copy of the resolution is not timely delivered to the Secretary, the method of distribution then in effect in the county shall
