 - 1. No more than three hundred million dollars (\$300,000,000) may be awarded to one local school administrative unit or to one project.
 - 2. A county receiving bond proceeds allocated shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for such proceeds. The amount of matching funds shall be (i) one dollar (\$1.00) of local matching funds for every three dollars (\$3.00) of such proceeds for a local school administrative unit located in a county that is a development tier one area, as defined in G.S. 143B-437.08, (ii) one dollar (\$1.00) of local matching funds for every two dollars (\$2.00) of such proceeds for a local school administrative unit located in a county that is a development tier two area, as defined in G.S. 143B-437.08, and (iii) one dollar (\$1.00) of local matching funds for every one dollar (\$1.00) of such proceeds for a local school administrative unit located in a county that is a development tier three area, as defined in G.S. 143B-437.08. The match requirement may be satisfied by non-State expenditures for public school facilities made on or after January 1, 2015. If a debt has been incurred since January 1, 2015, for the general purpose of public school facilities, then the face amount of the debt shall be considered as a non-State expenditure for public school facilities for the purpose of the match. No other expenditures made or debts incurred before January 1, 2015, may be used to satisfy the match requirement. As counties satisfy the match requirements of this subsection, they shall document the extent to which they have done so in periodic reports to the State Board of Education. These reports shall include any information and documentation required by the State Board of Education. The State Board of Education shall certify to the State Treasurer from time to time the extent to which the match requirements of this subsection have been met with respect to each county. Bond proceeds shall be distributed for expenditure only as, and

- 1 to the extent, the matching requirements of this section are
2 satisfied, as certified by the State Board of Education. The
3 State Board of Education shall also require counties to report
4 annually on the impact of funds provided under this act on the
5 property tax rate for that year. These reports shall be public
6 documents and shall be furnished to any citizen upon request.
7 If the State Board of Education determines that a county has
8 not met the matching requirement set forth in this
9 sub-subdivision by January 1, 2026, the State Board of
10 Education shall certify that fact to the State Treasurer by March
11 1, 2026. The State Board of Education shall reallocate
12 unmatched funds to local administrative units receiving funds
13 for which the State Board of Education has certified matching
14 funds.
- 15 3. A local school administrative unit that receives proceeds under
16 this section shall ensure that such proceeds are used:
- 17 I. For acquisition of real property and construction,
18 acquisition, reconstruction, enlargement, renovation,
19 or replacement of buildings and other structures, and
20 II. To supplement local funds for public school capital
21 outlay projects and shall not decrease local funds for
22 those projects from one fiscal year to the next fiscal
23 year, as measured by the most recent five-year annual
24 average capital outlay expenditure.
- 25 b. The proceeds of infrastructure improvement bonds and notes,
26 including premium thereon, if any, for projects for local government
27 infrastructure selected as provided in subdivision (1) of this
28 subsection, shall be allocated as follows:
- 29 1. The Local Government Commission shall create a grant
30 program which shall prioritize applications for grants based on
31 maximizing the use of the bond proceeds, the age of the
32 infrastructure to be improved, the impact to the community of
33 the improvement, the degree to which the local government has
34 made expenditures to keep governmental facilities in good
35 working order, and the ability to raise and the degree to which
36 the governmental unit has raised revenue to cover foreseeable
37 costs for public infrastructure.
- 38 2. The Local Government Commission may allocate funds to
39 grants to the amount necessary to fulfill the priorities outlined
40 in sub-sub-subdivision 1. of this sub-subdivision.
- 41 3. The Local Government Commission may set limits on grants
42 allocated to local governments to an amount necessary to fulfill
43 the priorities outlined in sub-sub-subdivision 1. of this
44 sub-subdivision. No more than three hundred million dollars
45 (\$300,000,000) may be awarded to one local unit or to one
46 project.
- 47 4. The Local Government Commission shall develop
48 requirements for grant recipients prior to requesting
49 applications for the use of funds. Grant requirements shall
50 include financial and system performance measures necessary
51 to make projects to be undertaken by recipients viable. Failure

1 of grant recipients to adhere to the requirements of this
2 subsection shall result in a default pursuant to Article 10 of
3 Chapter 159 of the General Statutes, and the Local
4 Government Commission shall enforce the provisions of the
5 recipient requirements.

6 c. The proceeds of infrastructure improvement bonds and notes,
7 including premium thereon, if any, for NC Community Colleges, as
8 selected as provided in subdivision (1) of this subsection for new
9 construction, repairs, and renovations, shall be used for new
10 construction or rehabilitation of existing facilities and repairs and
11 renovations. Any items purchased with such proceeds and installed or
12 replaced as part of a renovation or rehabilitation must have a useful

14 10 years once renovated or rehabilitated. In order to receive the
15 proceeds under this sub-subdivision for projects for new construction,
16 the community college receiving the proceeds shall provide local
17 matching funds from county funds, other non-State funds, or a
18 combination of these sources for such proceeds. The amount of
19 matching funds shall be (i) one dollar (\$1.00) of local matching funds
20 for every three dollars (\$3.00) of such proceeds for a community
21 college project located in a development tier one area, as defined in
22 G.S. 143B-437.08, (ii) one dollar (\$1.00) of local matching funds for

26 for every one dollar (\$1.00) of such proceeds for a community college
27 project located in a development tier three area, as defined in
28 G.S. 143B-437.08. Community colleges are not required to match
29 bond proceeds allocated in this section for rehabilitation of existing
30 facilities and repairs and renovations. The provisions of G.S. 115D-31,
31 or any other provision of law permitting prior expenditures to be used
32 for match purposes, do not apply for purposes of meeting the matching
33 funds requirements of this act.

34 d. The proceeds of infrastructure improvement bonds and notes,
35 including premium thereon, if any, for projects selected for a
36 constituent institution, as provided in subdivision (1) of this
37 subsection, shall be used for new construction or rehabilitation of

44 institution receiving the proceeds shall provide matching funds from
45 other non-State funds. Constituent institutions are not required to

11 if the timely payment of principal and interest on the obligations is
12 unconditionally guaranteed by the United States government, or (iv)
13 certificates of deposit issued by a bank or trust company located in the State
14 if the certificates are secured by a pledge of any of the obligations described
15 in (i), (ii), or (iii) above having an aggregate market value, exclusive of
16 accrued interest, equal at least to the principal amount of the certificates so
17 secured. This act does not limit the duration of any deposit in trust for the
18 retirement of bonds or notes being refunded but that have not matured and are
19 not presently redeemable, or if presently redeemable, have not been called for
20 redemption.

21 (6) Tax exemption. – Bonds and notes shall at all times be free from taxation by
22 the State or any political subdivision or any of their agencies, excepting estate,
23 inheritance, or gift taxes, income taxes on the gain from the transfer of bonds
24 or notes, and franchise taxes. The interest on bonds or notes is not subject to
25 taxation as income.

26 (7) Investment eligibility. – Bonds and notes are securities in which all of the
27 following may invest, including capital in their control or belonging to them:
28 public officers, agencies, and public bodies of the State and its political
29 subdivisions, all insurance companies, trust companies, investment
30 companies, banks, savings banks, savings and loan associations, credit unions,
31 pension or retirement funds, other financial institutions engaged in business
32 in the State, executors, administrators, trustees, and other fiduciaries. Bonds
33 and notes are hereby made securities which may properly and legally be
34 deposited with and received by any officer or agency of the State or political
35 subdivision of the State for any purpose for which the deposit of bonds, notes,
36 or obligations of the State or any political subdivision is now or may hereafter
37 be authorized by law.

38 (8) Faith and credit. – The faith and credit and taxing power of the State are hereby
39 pledged for the payment of the principal of and the interest on bonds and notes.
40 The State expressly reserves the right to amend any provision of this act to the
41 extent it does not impair any contractual right of a bond owner.

42 (9) Other agreements. – The State Treasurer may authorize, execute, obtain, or
43 otherwise provide for bond insurance, investment contracts, credit and
44 liquidity facilities, interest-rate swap agreements and other derivative
45 products, and any other related instruments and matters the State Treasurer
46 determines are desirable in connection with issuance, incurrence, carrying, or
47 securing of bonds or notes. The State Treasurer is authorized to employ and
48 designate any financial consultants, underwriters, and bond attorneys to be
49 associated with any bond or note issued under this act as the State Treasurer
50 considers necessary.

1 **SECTION 1.(j)** Variable Rate Demand Bonds and Notes. – In fixing the details of
2 bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

- 3 (1) Be made payable from time to time on demand or tender for purchase by the
4 owner, if a credit facility supports the bonds or notes, unless the State
5 Treasurer specifically determines that a credit facility is not required upon a
6 finding and determination by the State Treasurer that the absence of a credit
7 facility will not materially and adversely affect the financial position of the
8 State and the marketing of the bonds or notes at a reasonable interest cost to
9 the State;
- 10 (2) Be additionally supported by a credit facility;
- 11 (3) Be made subject to redemption or a mandatory tender for purchase prior to
12 maturity;
- 13 (4) Bear interest at a rate or rates that may vary for any period of time, as may be
14 provided in the proceedings providing for the issuance of the bonds or notes,
15 including, without limitation, such variations as may be permitted pursuant to
16 a par formula; and
- 17 (5) Be made the subject of a remarketing agreement whereby an attempt is made
18 to remarket bonds or notes to new purchasers prior to their presentment for
19 payment to the provider of the credit facility or to the State.

20 If the aggregate principal amount payable by the State under a credit facility is in
21 excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether
22 as a result of the inclusion in the credit facility of a provision for the payment of interest for a
23 limited period of time or the payment of a redemption premium or for any other reason, then the
24 amount of authorized but unissued bonds or notes during the term of such credit facility shall not
25 be less than the amount of such excess, unless the payment of such excess is otherwise provided
26 for by agreement of the State executed by the State Treasurer.

27 **SECTION 1.(k)** Interpretation of Section. –

- 28 (1) Additional method. – The foregoing subsections of this act shall be deemed to
29 provide an additional and alternative method for the doing of the things
30 authorized under it and shall be regarded as supplemental and additional to
31 powers conferred by other laws and shall not be regarded as in derogation of
32 any powers now existing.
- 33 (2) Statutory references. – References in this act to specific sections or Chapters
34 of the General Statutes or to specific acts are intended to be references to such
35 sections, Chapters, or acts as they may be amended from time to time by the
36 General Assembly.
- 37 (3) Broad construction. – This act, being necessary for the health and welfare of
38 the people of the State, shall be broadly construed to effect the purposes
39 thereof.
- 40 (4) Inconsistent provisions. – Insofar as the provisions of this act are inconsistent
41 with the provisions of any general, special, or local laws, or parts thereof, the
42 provisions of this act shall be controlling.
- 43 (5) Severability. – If any provision of this act or the application thereof to any
44 person or circumstance is held invalid, such invalidity shall not affect other
45 provisions or applications of the act which can be given effect without the
46 invalid provision or application, and, to this end, the provisions of this act are
47 declared to be severable.

48 **SECTION 2.** Any funds from the Education Bond expended for public schools shall
49 be reported to the Department of Public Instruction and shall be credited against the judgment in
50 *N.C. Sch. Bds. Ass'n. v. Moore*, No. 98-CVS-14159 (N.C. Super. Ct.).

51 **SECTION 3.** This act is effective when it becomes law.
