Appropriations Committee

- 1 A BILL for an Act to provide an appropriation for defraying the expenses of the state water
- 2 commission; to amend and reenact section 61-02-79 of the North Dakota Century Code,
- 3 relating to the authorization of a Bank of North Dakota line of credit; to provide for Red River
- 4 valley water supply requirements; to provide an exemption; to provide for a report to the
- 5 legislative management; to provide conditions on appropriations; to provide statements of
- 6 legislative intent; and to declare an emergency.

7 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated from special funds derived from federal funds and other income, to the state water commission for the purpose of defraying the expenses of the state water commission, for the period beginning with the effective date of this Act, and ending June 30, 2021, as follows:

- 1 are appropriated, subject to budget section approval, to the state water commission for the
- 2 purpose of defraying the expenses of that agency, for the biennium beginning July 1, 2019, and
- 3 ending June 30, 2021. Before approving any request, the budget section shall determine:
 - Approving additional appropriations will not negatively affect the sixty-seventh legislative assembly's ability to address water-related needs;
 - 2. The proposed use of the additional income complies with legislative intent; and
- 7 3. The proposed use of the additional income will not result in future funding commitments.

SECTION 5. CONDITION ON FARGO AREA FLOOD CONTROL LINE ITEM. The

11 the Fargo Moorhead diversion in section 1 of this Act for the period beginning with the effective

\$66,500,000 appropriated to the state water commission for Fargo area flood control including

date of this Act, and ending June 30, 2021, may be used only for Fargo area flood control

13 projects including the Fargo Moorhead area diversion, and the appropriation of those funds is

conditioned on having no other funds appropriated in section 1 being expended on Fargo area

flood control including the Fargo Moorhead diversion. This condition does not prohibit the use of

funds appropriated for project carryover in section 1 of this Act for Fargo area flood control

17 projects, subject to section 7 of this Act.

SECTION 6. CONDITION ON OTHER SECTION 1 LINE ITEMS. The \$593,320,273

appropriated to the state water commission for salaries and wages, operating expenses, capital

20 assets, water supply - grants, rural water supply - grants, Mouse River flood control, flood

21 control projects other than Fargo area flood control including the Fargo Moorhead diversion,

and general water - grants in section 1 of this Act for the period beginning with the effective date

of this Act, and ending June 30, 2021, may be used only for salaries and wages, operating

expenses, capital assets, water supply - grants, rural water supply - grants, Mouse River flood

control, flood control projects other than Fargo area flood control including the Fargo Moorhead

diversion, and general water - grants, respectively, and the appropriation of those funds is

conditioned on the funds not being expended on Fargo area flood control projects including the

28 Fargo Moorhead diversion.

SECTION 7. CONDITION ON PROJECT CARRYOVER FUNDS. The \$308,333,818

30 appropriated to the state water commission for project carryover in section 1 of this Act for the

period beginning with the effective date of this Act, and ending June 30, 2021, may be used

- 1 only for project carryover, and the appropriation of those funds is conditioned on having no
- 2 more than the amount the state water commission approved for Fargo area flood control
- 3 including the Fargo Moorhead diversion by April 1, 2019, expended from the project carryover
- 4 funds on Fargo area flood control including the Fargo Moorhead diversion.
- 5 **SECTION 8. CONDITION ON APPROPRIATIONS.** The \$66,500,000 appropriated to the
- 6 state water commission for Fargo area flood control including the Fargo Moorhead diversion in
- 7 section 1 of this Act and the amount the state water commission approved for Fargo area flood
- 8 control including the Fargo Moorhead diversion by April 1, 2019, which amount is included in
- 9 project carryover funds appropriated in section 1 of this Act, may not be used for any work
- 10 under Plan B for the Fargo Moorhead diversion project; except for constructing or repairing
- 11 levees and dikes and purchasing land, easements, and options or rights of first refusal to
- 12 purchase land, necessary for flood control; until:
- 1. The federal court injunction on Plan B is modified to allow construction of Plan B to
- 14 continue;
- 15 2. The Congress of the United States appropriates federal funds for construction of
- 16 Plan B;

- 17 3. The state engineer approves the mitigation plan for Plan B;
- 18 4. The office of state engineer issues all necessary permits the state engineer requires
- for Plan B; and
- 5. The Minnesota state legislature appropriates funds for construction of Plan B.
- 21 SECTION 9. LEGISLATIVE INTENT FARGO FLOOD CONTROL PROJECT FUNDING. It
- is the intent of the sixty-sixth legislative assembly that the state provide a portion of the local
- 23 cost-share of Fargo flood control projects, including constructing a federally authorized Fargo
- 24 flood control project, and that total Fargo flood control project funding to be provided by the
- state not exceed \$703,000,000, which includes \$120,000,000 originally designated for Fargo
- interior flood control. It is the intent of the sixty-sixth legislative assembly that the \$332,500,000
- yet to be designated by the state for the Fargo flood control project be made available in equal
- installments over the next five bienniums, beginning July 1, 2019.
 - SECTION 10. FARGO FLOOD CONTROL PROJECT DOWNSTREAM IMPACT
- 30 **MITIGATION.** The Fargo Moorhead metropolitan flood risk management project operations may
- 31 not cause a downstream federal emergency management agency accredited flood protection

system in North Dakota to lose its accreditation. The metropolitan flood diversion authority shall take reasonable measures to mitigate downstream impacts to accredited flood protection systems, existing as of April 1, 2019, located in North Dakota bordering the Red River resulting from the operations of the Fargo Moorhead diversion. For purposes of this section, negative downstream impacts to accredited flood protection systems are caused when the water surface profile passing through such systems is raised by more than one-tenth of one foot for the one hundred year event or when the ability of the accredited flood protection system to protect against a two hundred year or five hundred year event is compromised. The metropolitan flood diversion authority shall collaborate with the state engineer and accredited flood protection

systems in North Dakota to implement this requirement.

SECTION 11. LEGISLATIVE INTENT - MOUSE RIVER FLOOD CONTROL PROJECT FUNDING. Except for funding provided during bienniums prior to the 2017-19 biennium, it is the intent of the sixty-sixth legislative assembly that the state provide no more than \$193,000,000 of state funding for Mouse River flood control projects within the city limits of Minot. It is the intent of the sixty-sixth legislative assembly that the \$193,000,000 be made available during the 2017-19, 2019-21, 2021-23, and 2023-25 bienniums. It is the intent of the sixty-sixth legislative assembly that of the \$193,000,000, the state provide \$57,713,284 during the 2017-19 biennium and that the \$135,286,716 yet to be designated by the state for the Mouse River flood control projects, within the city limits of Minot, be provided during the 2019-21, 2021-23, and 2023-25 bienniums.

PROJECT - REPORT TO LEGISLATIVE MANAGEMENT - APPLICATION. It is the intent of the sixty-sixth legislative assembly that the state water commission provide, in the form of a grant, up to \$13,000,000, to the Garrison Diversion Conservancy District for the Red River valley water supply project, to initiate construction of phase one prioritized project features identified in accordance with subsections 2 and 3 of section 14 of this Act, for the period beginning with the effective date of this Act, and ending June 30, 2021. The Garrison Diversion Conservancy District shall report on a regular basis to the legislative management's water topics overview committee during the 2019-20 interim regarding the progress of the Red River valley water supply project. The provisions of section 13 of this Act do not apply to the funding referenced in this section.

1 SECTION 13. LEGISLATIVE INTENT - RED RIVER VALLEY WATER SUPPLY PROJECT. 2 It is the intent of the sixty-sixth legislative assembly that the state water commission provide no 3 more than \$30,000,000 to the Garrison Diversion Conservancy District for the Red River valley 4 water supply project during the 2019-21 biennium and 2021-23 biennium and that the state 5 funding be provided at a sixty percent state cost-share. 6 SECTION 14. RED RIVER VALLEY WATER SUPPLY PROJECT - REPORT TO 7 LEGISLATIVE MANAGEMENT - BUDGET SECTION APPROVAL. Any funding received by the 8 Garrison Diversion Conservancy District from the state water commission for the Red River 9 valley water supply project during the 2017-19 biennium and the biennium beginning July 1, 10 2019, and ending June 30, 2021, is subject to the following requirements: 11 Any funding received for the completion of the planning and permitting process of the 12 Red River valley water supply project must result in the following accomplishments: 13 The completed Red River valley water supply plan document, which will be the 14 basis and justification for project construction, must include alternative selection. 15 water supply needs, projected project costs, easement acquisitions, 16 environmental regulation compliance to include issuance of a final national 17 pollutant discharge elimination system permit, and acquisition of all other state 18 and federal permits required for the construction of any project features intended 19 to be constructed with funding provided during the 2017-19 biennium and the 20 2019-21 biennium; 21 b. A signed bureau of reclamation water service contract agreeing to a minimum of 22 one hundred sixty-five cubic feet per second over a minimum of forty years or 23 equivalent to ensure an adequate water source for the project's needs; 24 Prioritized project features for phase one construction; and C. 25 d. A recommendation of funding options for all phases of the Red River valley water 26 supply project. 27 2. The state water commission shall review any associated appeals or litigation before 28 releasing any funds for the project. 29 3. Any funding received to initiate construction of phase one prioritized project features 30 identified in subsection 1 may be spent and construction of phase one may begin only

after the budget section receives and approves certification from the state water

- 1 commission and the state engineer that all items listed in subsection 1 have been accomplished.
 - Quarterly progress reports on the Red River valley water supply project from the Garrison Diversion Conservancy District to the water topics overview committee of the legislative management, during the 2019-21 interim.
- 6 **SECTION 15. AMENDMENT.** Section 61-02-79 of the North Dakota Century Code is 7 amended and reenacted as follows:
- 8 61-02-79. Bank of North Dakota Line of credit.

The Bank of North Dakota shall extend a line of credit not to exceed seventy-five million dollars at a rate of one and one-half percent over the three month London interbank offered rate, but may not exceed three percent to the state water commission. The state water commission shall repay the line of credit from funds available in the resources trust fund, water development trust fund, or other funds, as appropriated by the legislative assembly. The state water commission may access the line of credit, as necessary, to provide funding as authorized by the legislative assembly for water supply projects approved before June 30, 20192021, and flood control projects that have approval for funding before June 30, 20192021.

SECTION 16. EMERGENCY. This Act is declared to be an emergency measure.
