5 designated as a bond, note, loan, warrant, debenture, lease-
6 purchase agreement or other instrument evidencing an obligation
7 of a municipality to make payments.

8 E. Gasoline tax revenue bonds may be issued for
9 laying off, opening, constructing, reconstructing, resurfacing,
10 maintaining, acquiring rights of way, repairing and otherwise

9 revenues of any revenue-producing project may not be pledged to
10 the project revenue bonds issued for a revenue-producing
11 project that clearly is unrelated in nature; but nothing in
12 this subsection shall prevent the pledge to such project
13 revenue bonds of any revenues received from existing, future or
14 disconnected facilities and equipment that are related to and
15 that may constitute a part of the particular revenue-producing
16 project. A general determination by the governing body that

8 purposes. The municipality may pledge irrevocably any or all
9 of the revenues received by the fire district from the fire

11 any or all of the revenues provided for the operation of the
12 fire district project for which the particular bonds are issued
13 to the payment of the interest on and principal of the bonds.
14 The revenues of any fire district project shall not be pledged
15 to the bonds issued for a fire district project that clearly is
16 unrelated in its purpose; but nothing in this section prevents
17 the pledge to such bonds of any revenues received from
18 existing, future or disconnected facilities and equipment that
19 are related to and that may constitute a part of the particular
20 fire district project. A general determination by the
21 governing body of the municipality that any facilities or

16 authorized in this subsection. A law that imposes or
17 authorizes the imposition of a municipal infrastructure [~~gross~~
18 ~~receipts~~] sales tax or that affects the municipal
19 infrastructure [~~gross receipts~~] sales tax, or a law
20 supplemental to or otherwise pertaining to the tax, shall not
21 be repealed or amended or otherwise directly or indirectly
22 modified in such a manner as to impair adversely any

12 nothing in this section prevents the pledge to such bonds of
13 revenues received from existing, future or disconnected facilities
14 and equipment that are related to and that may constitute a part
15 of the particular fire district project. A general determination

1 SECTION 45. Section 6-21C-2.1 NMSA 1978 (being Laws 2004,
2 Chapter 123, Section 1, as amended) is amended to read:

3 "6-21C-2.1. FINDINGS AND PURPOSE.--

4 A. The legislature finds that the expense of leasing
5 office space for state occupancy has grown to the point that the
6 state would be better served if more state-owned facilities were
7 acquired. The legislature further finds that the state's overall
8 occupancy costs could be reduced even after taking into account
9 the payments necessary on bonds issued to acquire additional
10 facilities and that, therefore, it is economically advantageous
11 for the state to own additional office space and related
12 facilities. Further, in anticipation of the state's future office
13 space needs, the legislature finds it prudent to establish an
14 office acquisition program.

15 B. The legislature also finds that, in extreme
16 circumstances, it is advantageous for the state to fund certain
17 critical facilities to avoid the need for leasing or paying
18 emergency rents.

19 C. The purpose of the State Building Bonding Act is to
20 acquire additional state office buildings and related facilities,
21 or critical facilities located within the master planning
22 jurisdiction of the capitol buildings planning commission, by
23 issuing bonds paid for with distributions of [~~gross receipts~~]
24 state sales tax revenue that reflect a portion of the savings that
25 will result from the conversion to more state-owned facilities."

21 "63-9H-6. STATE RURAL UNIVERSAL SERVICE FUND--
22 ESTABLISHMENT.--

23 A. The commission shall implement and maintain a
24 "state rural universal service fund" to maintain and support
25 universal service that is provided by eligible telecommunications

.212229.1

underscoring material = new
[bracketed material] = delete

1 carriers, including commercial mobile radio services carriers, as
2 are determined by the commission. As used in this section,
3 "universal service" means basic local exchange service, comparable
4 retail alternative services at affordable rates, service pursuant
5 to a low-income telephone assistance plan and broadband internet
6 access service to unserved and underserved areas as determined by
7 the commission.

8 B. The fund shall be financed by a surcharge on
9 intrastate retail public telecommunications services to be
10 determined by the commission, excluding services provided pursuant
11 to a low-income telephone assistance plan billed to end-user
12 customers by a telecommunications carrier, and excluding all
13 amounts from surcharges, [~~gross receipts~~] sales taxes, excise
14 taxes, franchise fees and similar charges. For the purpose of
15 funding the fund, the commission has the authority to apply the
16 surcharge on intrastate retail public telecommunications services
17 provided by telecommunications carriers, including commercial
18 mobile radio services and voice over internet protocol services,
19 at a competitively and technologically neutral rate or rates to be
20 determined by the commission. The commission may establish the
21 surcharge as a percentage of intrastate retail public
22 telecommunications services revenue or as a fixed amount
23 applicable to each communication connection. For purposes of this
24 section, a "communication connection" means a voice-enabled
25 telephone access line, wireless voice connection, unique voice

1 over internet protocol service connection or other uniquely
2 identifiable functional equivalent as determined by the
3 commission. Such surcharges shall be competitively and
4 technologically neutral. Money deposited in the fund is not
5 public money, and the administration of the fund is not subject to
6 the provisions of law regulating public funds. The commission
7 shall not apply this surcharge to a private telecommunications
8 network; to the state, a county, a municipality or other
9 governmental entity; to a public school district; to a public
10 institution of higher education; to an Indian nation, tribe or
11 pueblo; or to Native American customers who reside on tribal or
12 pueblo land.

13 C. The fund shall be competitively and technologically
14 neutral, equitable and nondiscriminatory in its collection and
15 distribution of funds, portable between eligible
16 telecommunications carriers and additionally shall provide a
17 specific, predictable and sufficient support mechanism as
18 determined by the commission that ensures universal service in the
19 state.

20 D. The commission shall:

21 (1) establish eligibility criteria for
22 participation in the fund consistent with federal law that ensure
23 the availability of universal service at affordable rates. The
24 eligibility criteria shall not restrict or limit an eligible
25 telecommunications carrier from receiving federal universal

1 service support;

2 (2) provide for the collection of the surcharge
3 on a competitively neutral basis and for the administration and
4 disbursement of money from the fund;

5 (3) determine those services and areas requiring
6 support from the fund;

7 (4) provide for the separate administration and
8 disbursement of federal universal service funds consistent with
9 federal law; and

10 (5) establish affordability benchmark rates for
11 local residential and business services that shall be utilized in
12 determining the level of support from the fund. The process for
13 determining subsequent adjustments to the benchmark shall be
14 established through a rulemaking.

15 E. All incumbent telecommunications carriers and
16 competitive carriers already designated as eligible
17 telecommunications carriers for the fund shall be eligible for
18 participation in the fund. All other carriers that choose to
19 become eligible to receive support from the fund may petition the
20 commission to be designated as an eligible telecommunications
21 carrier for the fund. The commission may grant eligible carrier
22 status to a competitive carrier in a rural area upon a finding
23 that granting the application is in the public interest. In
24 making a public interest finding, the commission may consider at
25 least the following items:

.212229.1

underscoring material = new
~~[bracketed material] = delete~~

1 (1) the impact of designation of an additional
2 eligible carrier on the size of the fund;

3 (2) the unique advantages and disadvantages of
4 the competitor's service offering; and

5 (3) any commitments made regarding the quality of
6 telephone service.

7 F. The commission shall adopt rules, including a
8 provision for variances, for the implementation and administration
9 of the fund in accordance with the provisions of this section.

10 The rules shall enumerate the appropriate uses of fund support and
11 any restrictions on the use of fund support by eligible
12 telecommunications carriers. The rules shall require that an
13 eligible telecommunications carrier receiving support from the
14 fund pursuant to Subsection K, L or M of this section must expend
15 no less than sixty percent of the support it receives to deploy
16 and maintain broadband internet access services in rural areas of
17 the state. The rules also shall provide for annual reporting by
18 eligible telecommunications carriers verifying that the reporting
19 carrier continues to meet the requirements for designation as an
20 eligible telecommunications carrier for purposes of the fund and
21 is in compliance with the commission's rules, including the
22 provisions regarding use of support from the fund.

23 G. The commission shall, upon implementation of the
24 fund, select a neutral third-party administrator to collect,
25 administer and disburse money from the fund under the supervision

1 and control of the commission pursuant to established criteria and
2 rules promulgated by the commission. The administrator may be
3 reasonably compensated for the specified services from the
4 surcharge proceeds to be received by the fund pursuant to
5 Subsection B of this section. For purposes of this subsection,
6 the commission shall not be a neutral third-party administrator.

7 H. The fund established by the commission shall ensure
8 the availability of universal service as determined by the
9 commission at affordable rates in rural areas of the state;
10 provided, however, that nothing in this section shall be construed
11 as granting any authority to the commission to impose the
12 surcharge on or otherwise regulate broadband internet access
13 services.

14 I. The commission shall ensure that intrastate
15 switched access charges are equal to interstate switched access
16 charges established by the federal communications commission as of
17 January 1, 2006. Nothing in this section shall preclude the
18 commission from considering further adjustments to intrastate
19 switched access charges based on changes to interstate switched
20 access charges.

21 J. To ensure that providers of intrastate retail
22 communications service contribute to the fund and to further
23 ensure that the surcharge determined pursuant to Subsection B of
24 this section to be paid by the end-user customer will be held to a
25 minimum, the commission shall adopt rules, or take other

1 appropriate action, to require all such providers to participate
2 in a plan to ensure accurate reporting.

3 K. The commission shall authorize payments from the
4 fund to incumbent local exchange carriers, in combination with
5 revenue-neutral rate rebalancing up to the affordability benchmark
6 rates. Beginning in 2018, the commission shall make access
7 reduction support payments in the amount made from the fund in
8 base year 2014, adjusted each year thereafter by:

9 (1) the annual percentage change in the number of
10 access lines served by the incumbent local exchange carriers
11 receiving such support for the prior calendar year, as compared to
12 base year 2014; and

13 (2) changes in the affordability benchmark rates
14 that have occurred since 2014.

15 L. The commission shall determine the methodology to
16 be used to authorize payments to all other carriers that apply for
17 and receive eligible carrier status; provided, however, that
18 nothing in this section shall limit the commission's authority to
19 adopt rules pursuant to Subsection F of this section regarding
20 appropriate uses of fund support and any restrictions on the use
21 of the fund support by eligible telecommunications carriers.

22 M. The commission may also authorize payments from the
23 fund to incumbent rural telecommunications carriers or to
24 telecommunications carriers providing comparable retail
25 alternative services that have been designated as eligible

1 telecommunications carriers serving in rural areas of the state
2 upon a finding, based on factors that may include a carrier's
3 regulated revenues, expenses or investment, by the commission that
4 such payments are needed to ensure the widespread availability and
5 affordability of universal service. The commission shall decide
6 cases filed pursuant to this subsection with reasonable
7 promptness, with or without a hearing, but no later than six
8 months following the filing of an application seeking payments
9 from the fund, unless the commission finds that a longer time will
10 be required, in which case the commission may extend the period
11 for an additional three months.

12 N. The commission shall adopt rules that establish and
13 implement a broadband program to provide funding to eligible
14 telecommunications carriers for the construction and maintenance
15 of facilities capable of providing broadband internet access
16 service. Such rules shall require that the commission consider
17 applications for funding on a technology-neutral basis and shall
18 require that the awards of support be consistent with federal
19 universal service support programs and be based on the best use of
20 the fund for rural areas of the state. Each year, a minimum of
21 five million dollars (\$5,000,000) of the fund shall be dedicated
22 to the broadband program.

23 O. The total obligations of the fund determined by the
24 commission pursuant to this section, plus administrative expenses
25 and a prudent fund balance, shall not exceed a cap of thirty

1 million dollars (\$30,000,000) per year. The commission shall
2 evaluate the amount of the cap in an appropriate proceeding to be
3 completed by June 30, 2019 and consider whether, based on the
4 then-current status of the fund, the cap should be modified,
5 maintained or eliminated.

6 P. By December 31, 2019, the commission shall make a
7 report to the legislature regarding the status of the fund,
8 including relevant data relating to implementation of the
9 broadband program and expansion of broadband internet access
10 services in rural areas of the state. The report shall also make
11 recommendations for any changes to the structure, size and
12 purposes of the fund and whether the cap on the fund provided for
13 in Subsection 0 of this section should be modified, maintained or
14 eliminated."

15 **SECTION 403.** Section 66-3-401 NMSA 1978 (being Laws 1978,
16 Chapter 35, Section 80, as amended) is amended to read:

17 "66-3-401. OPERATION OF VEHICLES UNDER DEALER PLATES.--

18 A. Any vehicle that is required to be registered
19 pursuant to the Motor Vehicle Code and that is included in the
20 inventory of a dealer may be operated or moved upon the highways
21 for any purpose, provided that the vehicle display in the manner
22 prescribed in Section 66-3-18 NMSA 1978 a unique plate issued to
23 the dealer as provided in Section 66-3-402 NMSA 1978. This
24 subsection shall not be construed as limiting the use of temporary
25 registration permits issued to dealers pursuant to Section 66-3-6

1 NMSA 1978. Each dealer plate shall be issued for a specific
2 vehicle in a dealer's inventory. If a dealer wishes to use the
3 plate on a different vehicle, the dealer must reregister that
4 plate to the different vehicle.

5 B. The provisions of this section do not apply to work
6 or service vehicles used by a dealer. For the purposes of this
7 subsection, "work or service vehicle" includes any vehicle used
8 substantially as a:

- 9 (1) parts or delivery vehicle;
- 10 (2) vehicle used to tow another vehicle;
- 11 (3) courtesy shuttle; or
- 12 (4) vehicle loaned to customers for their
13 convenience.

14 C. Each vehicle included in a dealer's inventory
15 required to be registered pursuant to the provisions of Subsection
16 A of this section must conform to the registration provisions of
17 the Motor Vehicle Code, but is not required to be titled pursuant
18 to the provisions of that code. When a vehicle is no longer
19 included in a dealer's inventory, and is not sold or leased to an
20 unrelated entity, the dealer must title the vehicle and pay the
21 motor vehicle excise tax that would have been due when the vehicle
22 was first registered by the dealer.

23 D. In lieu of the use of dealer plates pursuant to
24 this section, a dealer may register and title a vehicle included
25 in a dealer's inventory in the name of the dealer upon payment of

1 the registration fee applicable to that vehicle, but without
2 payment of the motor vehicle excise tax, provided the vehicle is
3 subsequently sold or leased in the ordinary course of business in
4 a transaction subject to the motor vehicle excise tax or the
5 leased vehicle [~~gross receipts~~] sales tax."

6 SECTION 404. Section 66-12-6.1 NMSA 1978 (being Laws 1987,
7 Chapter 247, Section 9) is amended to read:

8 "66-12-6.1. EXCISE TAX ON ISSUANCE OF CERTIFICATES OF
9 TITLE--APPROPRIATION.--

10 A. An excise tax is imposed upon the sale of every
11 boat required to be registered in the state. To prevent evasion
12 of the excise tax imposed by this section and the duty to collect
13 it, it is presumed that the issuance of every original and
14 subsequent certificate of title, other than a duplicate, for boats
15 of a type required to be registered under the provisions of the
16 Boat Act constitutes a sale for tax purposes, unless specifically
17 exempted by this section or unless there is shown satisfactory
18 proof that the boat for which the certificate of title is sought
19 came into the possession of the applicant as a voluntary transfer
20 without consideration or as a transfer by operation of law. The
21 division shall collect the tax at the time application is made for
22 issuance of a certificate of title at the rate of five percent of
23 the sale price of the boat. If the sale price does not represent
24 the value of the boat in the condition that existed at the time it
25 was acquired, the excise tax shall then be imposed at the rate of

.212229.1

1 five percent of the reasonable value of the boat in such condition
2 at such time. However, allowances granted for trade-ins may be
3 deducted from the sale price or the reasonable value of the boat
4 purchased. The tax shall be paid by the applicant, and the
5 division may require all information [~~which~~] that it deems
6 necessary to establish the amount of the tax.

7 B. A penalty of fifty percent of the tax due on the
8 issuance of a certificate of title is imposed on [~~any~~] a person
9 who, domiciled in this state and accepting transfer in this state,
10 fails to apply for a certificate within ninety days of the date on
11 which ownership was transferred to [~~him~~] the person or a person
12 who is domiciled in this state but accepts transfer outside this
13 state and [~~who~~] fails to apply for a certificate within ninety
14 days of the date on which the boat is brought into this state.

15 C. If a boat has been acquired through an out-of-state
16 transaction upon which a gross receipts, sales, [~~compensating~~] use
17 or similar tax was levied by another state or political
18 subdivision thereof, the amount of the tax paid may be credited
19 against the excise tax due this state on the same boat.

20 D. Persons domiciled outside this state and on active
21 duty in the military service of the United States or on active
22 duty as officers of the public health service detailed for duty
23 with any branch of the military service are exempt from the tax
24 imposed by this section.

25 E. Persons who acquire a boat out of state thirty or

1 more days before establishing a domicile in this state are exempt
2 from the tax imposed by this section if the boat was acquired for
3 personal use.

4 F. Persons applying for a certificate of title for a
5 boat registered in another state are exempt from the tax imposed
6 by this section if they have previously registered and titled the
7 boat in New Mexico and have owned the boat continuously since that
8 time.

9 G. Certificates of title for all boats owned by this
10 state or any political subdivision are exempt from the tax imposed
11 by this section.

12 H. All taxes collected under the provisions of this
13 section shall be paid to the state treasurer for credit to the
14 "boat suspense fund", hereby created. At the end of each month,
15 the state treasurer shall transfer fifty percent of the excise tax
16 collections in the boat suspense fund to the division and the
17 balance to the general fund. The amounts transferred to the
18 division are appropriated for use by the division for improvements
19 and maintenance of lakes and boating facilities owned or leased by
20 the state and for administration and enforcement of the Boat Act.

21 I. The director of the division shall prescribe forms
22 [~~he~~] the director deems necessary to account properly for the
23 taxes collected under this section."

24 SECTION 405. EFFECTIVE DATE.--The effective date of the
25 provisions of this act is July 1, 2019.
