AN ACT relating to food establishments; allowing farms to hold farm-to-fork events in certain circumstances without being considered a food establishment for purposes of inspections by the health authority and other regulations; requiring such farms to register with the health authority; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law requires a person to obtain a permit to operate a food  
2 establishment and to comply with various other requirements in the operation of the food  
3 establishment. (NRS 446.870) Existing law defines the term “food  
4 establishment” for those purposes and specifically excludes certain entities from the  
5 definition, including private homes where the food that is prepared or manufactured  
6 in the home is not provided for compensation or other consideration of any kind.  
7 (NRS 446.020)

8 **Section 5** of this bill adds to the list of entities that are excluded from the  
9 definition of “food establishment” a farm holding a farm-to-fork event. **Section 2** of  
10 this bill defines the term “farm-to-fork event” as an event where prepared food  
11 from a farm is provided for immediate consumption by paying guests at the farm.  
12 **Section 3** of this bill authorizes a farm to hold a farm-to-fork event without being  
13 subject to the requirements of a food establishment provided that: (1) any rabbit  
14 meat or poultry served is raised and prepared on the farm, and is butchered and  
15 processed on the farm pursuant to certain permit and inspection requirements of  
16 NRS; (2) other food items served are prepared from ingredients substantially  
17 produced on the farm; and (3) each guest is provided with a notice which states that

18 no inspection was conducted by a state or local health department of the farm or the  
19 food to be consumed, except as to the butchering and processing of the meat or  
20 poultry. **Section 3** further provides that a farm which holds more than two events in  
21 any month becomes a food establishment subject to all the requirements of a food  
22 establishment for the remainder of the calendar year. **Section 3.5** requires a farm  
23 that wishes to hold farm-to-fork events to register with the health authority by  
24 providing certain information and paying a fee. The health authority is prohibited  
25 from inspecting the farm, except in certain circumstances.
