AN ACT relating to motor vehicles; requiring the Department of Motor Vehicles, with respect to special license plates for the support of outreach programs and services for veterans and their families, to make available an alternative version of the plates indicating service as a female veteran; requiring the Department to ensure that all special license plates for veterans, if the veteran has suffered a 100-percent service-connected disability and desires such an indication, include indicia of the veteran's disabled status; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law requires the Director of the Department of Motor Vehicles to  
2 order the preparation of special license plates for the support of outreach programs  
3 and services for veterans and their families. These special license plates are  
4 available to veterans of the Army, Navy, Air Force, Marine Corps or Coast Guard  
5 of the United States, a reserve component thereof or the National Guard, or the  
6 spouse, parent or child of such a veteran. (NRS 482.3763) **Section 4** of this bill  
7 requires the Department to make available to female veterans of the Army, Navy,  
8 Air Force, Marine Corps or Coast Guard of the United States, a reserve component  
9 thereof or the National Guard, an alternative version of those special license plates  
10 which indicates specifically that the veteran is a female veteran. The fees for the  
11 initial issuance and renewal of the alternative version of the special license plates is  
12 the same as for the original version.

13 Under existing law, new special license plates authorized by an act of the  
14 Legislature are subject to: (1) approval or disapproval by the Commission on  
15 Special License Plates; (2) a limitation on the number of separate designs of special  
16 license plates that may be issued by the Department at any one time; and (3) the  
17 requirement that the Department receive at least 1,000 applications for the issuance  
18 of the plate within 2 years after the effective date of the act of the Legislature.  
19 (NRS 482.367004, 482.367008, 482.36705) **Sections 1-3** of this bill exempt the  
20 alternative special license plates for female veterans from those requirements  
21 because the alternative special license plates for female veterans are an alternate  
22 version of existing special license plates for veterans.

23 Existing law entitles a veteran who has suffered a 100-percent service-  
24 connected disability and who receives compensation from the United States for the  
25 disability to receive special license plates inscribed with the words "DISABLED  
26 VETERAN" or "VETERAN WHO IS DISABLED." (NRS 482.377) Veterans with  
27 these license plates are entitled to certain privileges and exemptions related to  
28 parking. (NRS 482.377, 484B.463, 484B.467) **Section 5** of this bill allows a  
29 veteran who has suffered a 100-percent service-connected disability and who  
30 receives compensation from the United States for the disability to request that any  
31 special license plate made available to the veteran indicates that the veteran is a  
32 disabled veteran.

23 Department at any one time is less than 25, the Department shall  
24 issue a number of additional designs of special license plates that  
25 have been authorized by an act of the Legislature or the application  
26 for which has been approved by the Commission on Special License  
27 Plates pursuant to subsection 5 of NRS 482.367004, not to exceed a  
28 total of 25 designs issued by the Department at any one time. Such  
29 additional designs must be issued by the Department in accordance  
30 with the chronological order of their authorization or approval.

31       3. Except as otherwise provided in this subsection, on  
32 October 1 of each year the Department shall assess the viability of  
33 each separate design of special license plate that the Department is  
34 currently issuing by determining the total number of validly  
35 registered motor vehicles to which that design of special license  
36 plate is affixed. The Department shall not determine the total  
37 number of validly registered motor vehicles to which a particular  
38 design of special license plate is affixed if:

39           (a) The particular design of special license plate was designed  
40 and prepared by the Department pursuant to NRS 482.367002; and

41           (b) On October 1, that particular design of special license plate  
42 has been available to be issued for less than 12 months.

43       4. Except as otherwise provided in subsection 6, if, on  
44 October 1, the total number of validly registered motor vehicles to  
45 which a particular design of special license plate is affixed is:

1 (a) In the case of special license plates designed and prepared by  
2 the Department pursuant to NRS 482.367002, less than 1,000; or

3 (b) In the case of special license plates authorized directly by the  
4 Legislature which are described in paragraph (b) of subsection 1,

7 ↪ the Director shall provide notice of that fact in the manner  
8 described in subsection 5.

9 5. The notice required pursuant to subsection 4 must be  
10 provided:

11 (a) If the special license plate generates financial support for a  
12 cause or charitable organization, to that cause or charitable  
13 organization.

15 support for a cause or charitable organization, to an entity which is  
16 involved in promoting the activity, place or other matter that is  
17 depicted on the plate.

18 6. If, on December 31 of the same year in which notice was  
19 provided pursuant to subsections 4 and 5, the total number of validly  
20 registered motor vehicles to which a particular design of special  
21 license plate is affixed is:

22 (a) In the case of special license plates designed and prepared by  
23 the Department pursuant to NRS 482.367002, less than 1,000; or

25 Legislature which are described in paragraph (b) of subsection 1,

28 ↪ the Director shall, notwithstanding any other provision of law to  
29 the contrary, issue an order providing that the Department will no  
30 longer issue that particular design of special license plate. Such an  
31 order does not require existing holders of that particular design of  
32 special license plate to surrender their plates to the Department and  
33 does not prohibit those holders from renewing those plates.
