

Senate Bill No. 43—Committee on Transportation

CHAPTER.....

AN ACT relating to motor vehicles; revising provisions requiring the driver of certain motor vehicles to stop at all railroad grade crossings; making it unlawful for the driver of any vehicle to fail to completely cross railroad tracks because of insufficient undercarriage clearance or because of insufficient space to drive completely through the crossing without stopping; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Under existing law, the driver of certain vehicles crossing at grade any track or tracks of a railroad must stop within 50 feet but not less than 15 feet from the nearest rail of the railroad, must listen and look in both directions along the track for any approaching train, and may only proceed when the driver can do so safely. (NRS 484B.560) This bill imposes the same requirements on a bus carrying passengers and any vehicle carrying certain hazardous materials. This bill also provides that it is unlawful for the driver of any vehicle to stop the vehicle before completely crossing such railroad tracks due to insufficient space for the vehicle on the opposite side of the tracks or insufficient undercarriage clearance of the vehicle. The penalty for a violation of this prohibition by certain commercial vehicles is provided in regulations promulgated by the Department of Motor Vehicles, which is authorized to adopt such regulations as part of the implementation of the Commercial Motor Vehicle Safety Act of 1986, as amended. (NRS 483.900, 483.908; 49 U.S.C. §§ 31301 et seq.) A violation of this prohibition by any other vehicle is a misdemeanor under existing law. (NRS 484A.900)
