If the production company fails to present sufficient evidence, the director may rescind the certification. If the production of a motion picture or Broadway theatrical production does not begin within ninety days after the date it is certified as a tax credit-eligible production, the director shall rescind the certification unless the director finds that the production company shows good cause for the delay, meaning that the production was delayed due to unforeseeable circumstances beyond the production company's control or due to action or inaction by a government agency. Upon rescission, the director shall notify the applicant that the certification has been rescinded. Nothing in this section prohibits an applicant whose tax credit-eligible production certification has been rescinded from submitting a subsequent application for certification.

(C)(1) A production company whose motion picture or Broadway theatrical production has been certified as a tax credit-eligible production may apply to the director of development on or after July 1, 2009, for a refundable credit against the tax imposed by section 5726.02, 5733.06, 5747.02, or 5751.02 of the Revised Code. The director in consultation with the tax commissioner shall prescribe the form and manner of the application and the information or documentation required to

be submitted with the application.

The credit is determined as follows:

(a) If the total budgeted eligible expenditures stated in the application submitted under division (B) of this section or the actual eligible expenditures as finally determined under division (D) of this section, whichever is least, is less than or equal to three hundred thousand dollars, no credit is allowed;

(b) If the total budgeted eligible expenditures stated in the application submitted under division (B) of this section or the actual eligible expenditures as finally determined under division (D) of this section, whichever is least, is greater than three hundred thousand dollars, the credit equals thirty per cent of the least of such budgeted or actual eligible expenditure amounts.

(2) Except as provided in division (C)(4) of this section, if the director of development approves a production company's application for a credit, the director shall issue a tax credit certificate to the company. The director in consultation with the tax commissioner shall prescribe the form and manner of issuing certificates. The director shall assign a unique identifying number to each tax credit certificate and shall record the certificate in a register devised and maintained by the director for that purpose. The certificate shall state the amount of the eligible expenditures on which the credit is based and the amount of the credit. Upon the issuance of a certificate, the director shall certify to the tax commissioner the name of the production company to which the certificate was issued, the amount of eligible expenditures shown on the certificate, the amount of the credit, and any other information required by the rules adopted to administer this section.

(3) The amount of eligible expenditures for which a tax credit may be claimed is subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Once the eligible expenditures are finally determined under section 5703.19 of the Revised Code and division (D) of this section, the credit amount is not subject to adjustment unless the director determines an error was committed in the computation of the credit amount.

(4) No tax credit certificate may be issued before the completion of the tax credit-eligible production. The amount of tax credit allowed per fiscal year shall not exceed the sum of (a) fifty million dollars, (b) the difference between the maximum credit amount for that fiscal year under section 122.852 of the Revised Code and the amount the director of development elects to allow under this section pursuant to division ~~(D)(3)~~ (D)(1) of section 122.852 of the Revised Code, and (c) the difference between the maximum amount of credits that could have been awarded in the previous fiscal year under this section and the amount actually awarded. Out of that sum, five million dollars shall be reserved for Broadway theatrical productions, and the balance may be allowed for any tax credit-eligible production. For any fiscal year in which less than five million dollars of tax credits are allowed for Broadway theatrical productions, the amount of the five million dollars not allowed and added to the maximum annual amount for the following fiscal year shall be reserved for Broadway theatrical productions in the following fiscal year.

(5) The director shall review and approve applications for tax credits in two rounds each fiscal year. The first round of credits shall be awarded not later than the last day of July of the fiscal year, and the second round of credits shall be awarded not later than the last day of the ensuing January. The amount of credits awarded in the first round of applications each fiscal year shall not exceed one-half of the maximum allowance for the fiscal year calculated under division ~~(D)~~~~(4)~~~~(C)~~ (4) of this section, two million five hundred thousand dollars of which shall be reserved for Broadway theatrical productions. For each round, the director shall rank applications on the basis of the extent of positive economic impact each tax credit-eligible production is likely to have in this state and the effect on developing a permanent workforce in motion picture or theatrical production industries in the state. For the purpose of such ranking, the director shall give priority to tax-credit eligible productions that are television series or miniseries due to the long-term commitment typically associated with such productions. The economic impact ranking shall be based on the production company's total expenditures in this state directly associated with the tax credit-eligible production. The effect on developing a permanent workforce in the motion picture or theatrical production industries shall be evaluated first by the number of new jobs created and second by amount of payroll added with respect to employees in this state.

The director shall approve productions in the order of their ranking, from those with the greatest positive economic impact and workforce development effect to those with the least positive economic impact and workforce development effect.

(D) A production company whose motion picture or Broadway theatrical production has been certified as a tax credit-eligible production shall engage, at the company's expense, an independent certified public accountant to examine the company's production, postproduction, and advertising and promotion expenditures to identify the expenditures that qualify as eligible expenditures. The certified public accountant shall issue a report to the company and to the director of development certifying the company's eligible expenditures and any other information required by the director. Upon receiving and examining the report, the director may disallow any expenditure the director determines is not an eligible expenditure. If the director disallows an expenditure, the director shall issue a written notice to the production company stating that the expenditure is disallowed and the reason for the disallowance. Upon examination of the report and disallowance of any expenditures, the director shall determine finally the lesser of the total budgeted eligible expenditures stated in the application submitted under division (B) of this section or the actual eligible expenditures for the purpose of computing the amount of the credit.

(E) No credit shall be allowed under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code unless the director has reviewed the report and made the determination prescribed by division (D) of this section.

(F) This state reserves the right to refuse the use of this state's name in the credits of any tax credit-eligible motion picture production or program of any Broadway theatrical production.

(G)(1) The director of development in consultation with the tax commissioner shall adopt

rules for the administration of this section, including rules setting forth and governing the criteria for determining whether a motion picture or Broadway theatrical production is a tax credit-eligible production; activities that constitute the production or postproduction of a motion picture or Broadway theatrical production; reporting sufficient evidence of reviewable progress; expenditures that qualify as eligible expenditures; a schedule and deadlines for applications to be submitted and reviewed; a competitive process for approving credits based on likely economic impact in this state and development of a permanent workforce in motion picture or theatrical production industries in this state; consideration of geographic distribution of credits; and implementation of the program described in division (H) of this section. The rules shall be adopted under Chapter 119. of the Revised Code.

(2) To cover the administrative costs of the program, the director shall require each applicant to pay an application fee equal to the lesser of ten thousand dollars or one per cent of the estimated value of the tax credit as stated in the application. The fees collected shall be credited to the tax incentives operating fund created in section 122.174 of the Revised Code. All grants, gifts, fees, and contributions made to the director for marketing and promotion of the motion picture industry within this state shall also be credited to the fund.

(H) The director of development shall establish a program for the training of Ohio residents who are or wish to be employed in the film or multimedia industry. Under the program, the director shall:

(1) Certify individuals as film and multimedia trainees. In order to receive such a certification, an individual must be an Ohio resident, have participated in relevant on-the-job training or have completed a relevant training course approved by the director, and have met any other requirements established by the director.

(2) Accept applications from production companies that intend to hire and provide on-the-job training to one or more certified film and multimedia trainees who will be employed in the company's tax credit-eligible production;

(3) Upon completion of a tax-credit eligible production, and upon the receipt of any salary information and other documentation required by the director, authorize a reimbursement payment to each production company whose application was approved under division (H)(2) of this section. The payment shall equal fifty per cent of the salaries paid to film and multimedia trainees employed in the production.

Sec. 122.852. (A) As used in this section:

(1) "Capital improvement project" means a project that consists of acquiring, constructing, rehabilitating, repairing, redeveloping, expanding, or improving facilities located, or equipment used in this state for production and postproduction of motion pictures or Broadway theatrical productions.

(2) "Qualified expenditures" means expenditures incurred by a production company after June 30, 2023, for goods and services purchased and consumed directly for a capital improvement

project. "Qualified expenditures" include accounting or auditing expenditures incurred in connection with the report required by division (F) of this section if paid to an independent certified public accountant certified, or an accounting firm registered under Chapter 4701. of the Revised Code. "Qualified expenditures" do not include eligible expenditures for which a production company received a tax credit under section 122.85 of the Revised Code.

(3) "Certificate owner" means a production company to which a tax credit certificate is issued under division (H) of this section or a person to which all or part of a tax credit is transferred under division (I) of this section.

(4) "Production company," "eligible expenditures," "motion picture," and "broadway theatrical production" have the same meanings as in section 122.85 of the Revised Code.

(B) For the purpose of encouraging and developing strong film and theater industries in this state, the director of development may award a refundable credit against the tax imposed by section 5726.02, 5747.02, or 5751.02 of the Revised Code to a production company that completes a capital improvement project expected to have a positive economic impact in this state as a whole, or in any community in this state in which the facilities or equipment involved in the project are or will be located. A production company may apply to the director for a credit on a form and in the manner prescribed by rules adopted under division (J) of this section. An application may be submitted before, during, or after completion of the capital improvement project, but not sooner than July 1, 2024, and shall include all of the following information:

(1) The name, address, telephone number, and taxpayer identification number of the production company;

(2) A detailed description of the capital improvement project including the location of the facilities or equipment involved in the project and an explanation of how those facilities or equipment are intended to be used in the production or postproduction of motion pictures or Broadway theatrical productions in this state;

(3)(a) If the capital improvement project is complete at the time the application is submitted, a schedule documenting the progression of the project from its commencement to its completion;

(b) If the capital improvement project is not complete at the time the application is submitted, a schedule for the progression, completion, and, if applicable, commencement of the project.

(4) An estimate of the amount of the project's qualified expenditures that have been or will be incurred by the production company and, if the project is not complete at the time the application is submitted, documentation of the company's financial ability to complete the project, including documentation that shows the company has secured funding, other than the tax credit authorized by this section, equal to at least fifty per cent of the total cost of the project;

(5) The estimated credit amount, which shall equal the lesser of five million dollars or twenty-five per cent of the production company's estimated qualified expenditures;

(6) The estimated economic impact of the capital improvement project in this state as a

whole, and in any community in this state in which the facilities or equipment involved in the project are or will be located;

(7) Any other information considered necessary by the director.

(C) The director shall review, evaluate, and approve applications in one round per fiscal year. For each round, the director shall rank applications on the basis of the capital improvement project's likely positive economic impact and effect on developing a permanent workforce in motion picture or theatrical production industries in the state as a whole, and in any community in this state in which the facilities or equipment involved in the project are or will be located. The effect on developing a permanent workforce in the motion picture or theatrical production industries shall be evaluated first by the number of new jobs created and second by amount of payroll added with respect to employees in this state. Subject to division (D)(2) of this section, the director shall approve applications in the order of their ranking, from those with the greatest positive economic impact and workforce development effect to those with the least positive economic impact and workforce development effect. The director shall not approve an application or issue a tax credit certificate for a capital improvement project that is not likely to have a positive economic impact or workforce development impact in either the state as a whole, or any community in this state in which the facilities or equipment involved in the project are or will be located.

(D)(1) The director shall not approve more than twenty-five million dollars in estimated tax credits in total per fiscal year provided that, for any fiscal year in which the amount of estimated credits approved under this section is less than the maximum annual amount, the amount not approved for that fiscal year shall be added to the maximum annual amount that may be approved for the following fiscal year.

If the director rescinds approval of a capital improvement project under division (E)(2) of this section, the estimated credit amount attributed to that project shall be added back to the maximum total annual credit amount for that fiscal year. If the actual credit amount computed under division (H) of this section is less than the estimated credit amount approved by the director, the difference shall be added back to the maximum total annual credit amount for that fiscal year.

In any fiscal year, the director may reduce the maximum amount calculated under division (D)(1) of this section and increase the maximum amount calculated under division ~~(D)(4)~~ ~~(C)(4)~~ of section 122.85 of the Revised Code by the amount of that reduction.

(2) The director shall not approve more than five million dollars in estimated tax credits per fiscal year for capital improvement projects located in any single county.

(E)(1) Within ninety days after the director of development approves a capital improvement project that was not complete at the time of the production company's application, the production company shall submit sufficient evidence of reviewable progress to the director. The director may request additional updates from the production company regarding the progression of the project as often as the director considers necessary until the project is complete or approval of the project is rescinded. The production company shall respond to each such request within thirty days.

(2) The director may rescind approval of a capital improvement project if the production company fails to timely submit evidence of reviewable progress or respond to the director's request for a project update, as required by division (E)(1) of this section, or if the director determines that the progression of the project is significantly behind the schedule submitted in the tax credit application. The director shall rescind approval of a project that does not begin within ninety days after the date the application is approved unless the production company shows good cause for the delay, meaning that the project was delayed due to unforeseeable circumstances beyond the production company's control or due to action or inaction by a government agency.

(3) The director shall notify the production company upon rescinding approval of a capital improvement project. Nothing in this section prohibits the production company from reapplying for approval of the same capital improvement project.

(F)(1) A production company whose capital improvement project is approved by the director of development shall engage, at the company's expense, an independent certified public accountant to examine the company's qualified expenditures. Within ninety days after the director approves the project or within ninety days after a project approved by the director is complete, whichever is later, the certified public accountant shall issue a report to the company and to the director that includes all of the following:

- (a) The amount of the company's actual qualified expenditures;
- (b) Completed copies of all accounting and auditing forms required by the director in connection with the capital improvement project;
- (c) An itemized review of all contract and expense items of ten thousand dollars or more that are reported as qualified expenditures;
- (d) An itemized review of at least one-half of the contract and expense items of less than ten thousand dollars that are reported as qualified expenditures, both in terms of the total number of such contracts and items and the total amount of qualified expenditures reported for such contracts and items;
- (e) Certification that all goods and services reported as qualified expenditures were purchased and consumed in this state.

(2) Upon receiving and examining the report, the director may disallow any expenditure the director determines is not a qualified expenditure. If the director disallows an expenditure, the director shall issue a written notice to the production company stating that the expenditure is disallowed and the reason for the disallowance. Upon examination of the report and disallowance of any expenditures, the director shall determine the production company's actual qualified expenditures for the purpose of computing the amount of the credit.

(3) Qualified expenditures reported by the production company are subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Once the qualified expenditures are finally determined under division (F)(2) of this section, the credit amount is not subject to adjustment unless

the director determines an error was committed in the computation of the credit amount.

(G) After reviewing the report and making the determination prescribed by division (F) of this section, the director of development shall issue a tax credit certificate to the production company. The director, in consultation with the tax commissioner, shall prescribe the form and manner of issuing certificates. The director shall assign a unique identifying number to each tax credit certificate and shall record the certificate in a register devised and maintained by the director for that purpose. The certificate shall state the amount of the credit and the amount of the qualified expenditures upon which the credit is based. Upon issuance of a certificate, the director shall certify to the tax commissioner the name of the production company to which the certificate was issued, the amount of qualified expenditures shown on the certificate, the amount of the credit, and any other information required by the rules adopted to administer this section.

(H) The credit amount stated on the tax credit certificate shall equal the lesser of the following:

(1) Twenty-five per cent of the production company's actual qualified expenditures, as determined by the director of development under division (F) of this section;

(2) The estimated credit amount specified in the production company's tax credit application under division (B)(5) of this section;

(3) Five million dollars.

(I)(1) A production company to which a tax credit certificate is issued under division (H) of this section may transfer the authority to claim all or a portion of the amount of the tax credit the production company is authorized to claim pursuant to that certificate under section 5726.59, 5747.67, or 5751.55 of the Revised Code to one or more other persons. Within thirty days after a transfer under this division, the production company shall submit the following information to the director of development, on a form prescribed by the director:

(a) Information necessary for the director to identify the certificate that is the basis for the transfer;

(b) The portion or amount of the tax credit transferred to each transferee;

(c) The portion or amount of the tax credit that the production company retains the authority to claim;

(d) The tax identification number of each transferee;

(e) The date of the transfer;

(f) Any other information required by the director;

(g) Any information required by the tax commissioner.

The director shall deliver a copy of any submission received under division (I)(1) of this section to the tax commissioner.

(2) A transferee may not claim a credit under section 5726.59, 5747.67, or 5751.55 of the Revised Code unless and until the transferring production company complies with division (I)(1) of this section. A transferee may claim the transferred amount of any credit or portion of a credit for the

same taxable year or tax period for which the transferring production company was authorized to claim the credit or portion of a credit pursuant to the certificate. A production company shall make no transfer under division (I)(1) of this section after the last day of the tax period or taxable year for which the production company is required to claim the credit pursuant to the certificate.

A production company may make not more than one transfer under division (I)(1) of this section for each tax credit certificate, but pursuant to that transaction, may allocate the authority to claim a portion of the credit to more than one transferee. A production company may not authorize more than one transferee to claim the same portion of a credit. No transferee may transfer the right to claim the credit to another person.

(J) The director of development, in consultation with the tax commissioner, shall adopt rules in accordance with Chapter 119. of the Revised Code for the administration of this section, including rules setting forth and governing the criteria for reporting sufficient evidence of reviewable progress; expenditures that are qualified expenditures; a schedule and deadlines for applications to be submitted and reviewed; a competitive process for approving credits based on likely economic impact and development of a permanent workforce in motion picture or theatrical production industries; and consideration of geographic distribution of credits.

To cover the administrative costs of the program, the director shall require each applicant to pay an application fee equal to the lesser of ten thousand dollars or one per cent of the estimated value of the tax credit as stated in the application. The fees collected shall be credited to the tax incentives operating fund created in section 122.174 of the Revised Code.

Sec. 128.54. (A)(1) For the purpose of receiving, distributing, and accounting for amounts received from the wireless 9-1-1 charges imposed under section 128.40 of the Revised Code and the next generation 9-1-1 access fees imposed under sections 128.41 and 128.42 of the Revised Code, the following funds are created in the state treasury:

- (d) The next generation 9-1-1 fund.

(2) Amounts remitted under section 128.46 of the Revised Code shall be paid to the treasurer of state for deposit as follows:

(a) Seventy-two per cent to the 9-1-1 government assistance fund. All interest earned on the 9-1-1 government assistance fund shall be credited to the fund.

- (b) One per cent to the 9-1-1 administrative fund;
- (c) Two per cent to the 9-1-1 program fund;
- (d) Twenty-five per cent to the next generation 9-1-1 fund.

(3) The tax commissioner shall use the 9-1-1 administrative fund to defray the costs incurred in carrying out this chapter.

(4) The steering committee shall use the 9-1-1 program fund to defray the costs incurred by

the steering committee in carrying out this chapter.

(5) Annually, the tax commissioner, after paying administrative costs under division (A)(3) of this section, shall transfer any excess remaining in the 9-1-1 administrative fund to the next generation 9-1-1 fund, created under this section.

(B) At the direction of the steering committee, the tax commissioner shall transfer the funds remaining in the 9-1-1 government assistance fund to the credit of the next generation 9-1-1 fund. All interest earned on the next generation 9-1-1 fund shall be credited to the fund.

(C) From the ~~9-1-1 government assistance fund~~ funds created in division (A)(1) of this section, the director of budget and management shall, as funds are available, transfer to the tax refund fund, created under section 5703.052 of the Revised Code, amounts equal to the refunds certified by the tax commissioner under division (D) of section 128.47 of the Revised Code, in the same percentage as the certified refund amounts were deposited in those funds as specified in division (A)(2) of this section.

(D) The department of administrative services may move funds between the next generation 9-1-1 fund and the 9-1-1 government assistance fund to ensure funding remains sustainable for both funds.

unconditionally to repurchase any of the securities that are listed in division (A)(1), (2), (3), (6), or (11) of this section. The market value of securities subject to these transactions must exceed the principal value of the repurchase agreement by an amount specified by the treasurer of state, and the securities must be delivered into the custody of the treasurer of state or the qualified trustee or agent designated by the treasurer of state. The agreement shall contain the requirement that for each transaction pursuant to the agreement, the participating institution, dealer, or counterparty shall provide all of the following information:

- (iii) A numerical identifier generally accepted in the securities industry that designates the securities.

(b) The treasurer of state also may sell any securities, listed in division (A)(1), (2), (6), or (11) of this section, regardless of maturity or time of redemption of the securities, under the same terms and conditions for repurchase, provided that the securities have been fully paid for and are owned by the treasurer of state at the time of the sale.

(1) The purchase of those obligations by the treasurer of state on terms and subject to conditions set forth in the agreement;

(2) The payment to the treasurer of state of a reasonable fee as consideration for the agreement of the treasurer of state to purchase those obligations; provided, however, that the treasurer of state shall not be authorized to enter into any such agreement with a board of education of a school district that has an outstanding obligation with respect to a loan received under authority of section 3313.483 of the Revised Code.

(H) For purposes of division (G) of this section, a fee shall not be considered reasonable unless it is set to recover only the direct costs, a reasonable estimate of the indirect costs associated with the purchasing of obligations under division (G) of this section and any reselling of the obligations or any interest in the obligations, including interests in a fund comprised of the obligations, and the administration thereof. No money from the general revenue fund shall be used to subsidize the purchase or resale of these obligations.

(I) All money collected by the treasurer of state from the fee imposed by division (G) of this section shall be deposited to the credit of the state political subdivision obligations fund, which is hereby created in the state treasury. Money credited to the fund shall be used solely to pay the treasurer of state's direct and indirect costs associated with purchasing and reselling obligations under division (G) of this section.

(J) As used in this section, "political subdivision" means a county, township, municipal corporation, school district, or other body corporate and politic responsible for governmental activities in a geographic area smaller than that of the state.

(b) Payment to the treasurer of state of a fee as consideration for the agreement of the treasurer of state to purchase the obligations.

(b) The department of higher education to withhold, in the event the state university or college does not pay bond service charges on the obligations when due, appropriated funds allocated to the state university or college in an amount sufficient to pay bond service charges on the obligations, less any amounts deposited for that purpose under the bond proceedings. Upon the request of the treasurer of state, the department of higher education shall promptly pay to the treasurer of state the amounts withheld.

(2) For purposes of division (L)(1) of this section, "obligations," "state university or college," "bond service charges," and "bond proceedings" have the same meanings as in section 3345.12 of the Revised Code.

Sec. 135.45. (A) Subject to division (B) of this section, a treasurer, governing board, or investing authority of a subdivision may pay public moneys of the subdivision into the Ohio subdivision's fund, which may be established in the custody of the treasurer of state. The treasurer of state shall invest the moneys in the fund in separately managed accounts and pooled accounts, including the state treasurer's investment pool, in the same manner, in the same types of instruments, and subject to the same limitations provided for the deposit and investment of interim moneys of the state, except that the fund shall not be invested in the linked deposits authorized under ~~sections~~ section 135.61 ~~to 135.66~~ of the Revised Code.

(B)(1) On and after July 1, 1997, a treasurer, governing board, or investing authority of a subdivision that has not entered into an agreement with the treasurer of state under division (C) of this section shall not invest public moneys of the subdivision in a pooled account of the Ohio subdivision's fund under division (B)(6) of section 135.14 of the Revised Code or division (A)(6) of section 135.35 of the Revised Code if the pool does not maintain the highest letter or numerical rating provided by at least one nationally recognized statistical rating organization.

(2) Upon receipt of notice that the pool does not maintain the highest letter or numerical rating required under division (B)(1) of this section, the treasurer of state shall have ninety days to obtain the required highest letter or numerical rating. If the treasurer of state fails to obtain the required highest letter or numerical rating, the treasurer of state shall have an additional one hundred eighty days to develop a plan to dissolve the pool. The plan shall include reasonable standards for

However, nothing in this section or in any rule adopted by the department shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the scholarship for the child to attend a special education program for which the parent is required to pay for services for the child.

Except for development of the child's individualized education program or education plan, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, as defined in section 3323.01 of the Revised Code, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the autism scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C) As prescribed in division (A)(2)(h) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM of the district in which the child is entitled to attend school and not in the formula ADM of any other school district.

(D) A scholarship shall not be paid under section 3317.022 of the Revised Code to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the department for the program established under this section.

(E) The department shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

The rules also shall specify that intervention services under the autism scholarship program may be provided by a qualified, credentialed provider, including, but not limited to, all of the following:

(1) A behavior analyst certified by a nationally recognized organization that certifies behavior analysts;

(2) A psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(3) An independent school psychologist or school psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(4) Any person employed by a licensed psychologist, licensed independent school psychologist, or licensed school psychologist, while carrying out specific tasks, under the licensee's supervision, as an extension of the licensee's legal and ethical authority as specified under Chapter 4732. of the Revised Code who is ascribed as "psychology trainee," "psychology assistant," "psychology intern," or other appropriate term that clearly implies their supervised or training status;

(8) Any other qualified individual as determined by the department.

(F) The department shall provide reasonable notice to all parents of children receiving a scholarship under the autism scholarship program, alternative public providers, and registered

private providers of any amendment to a rule governing, or change in the administration of, the autism scholarship program.

(G) If a child qualifies for the autism scholarship program pursuant to a diagnosis under division (A)(6)(c) of this section and does not have an individualized education program that includes services related to autism, the school district in which the child is entitled to attend school shall develop an education plan for the child.

(H) Not later than the thirtieth day of June each year, each alternative public provider and registered private provider enrolling students receiving autism scholarships shall submit to the department, in a form and manner prescribed by the department, the tuition rates charged by the provider for the following school year.

(I) The department shall not require the parent of a student who applies for or receives a scholarship under this section to complete any kind of income verification regarding the student's family income.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is an English learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program

exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education and workforce.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(f) A student's parent or guardian, in consultation with the student's reading teacher and building principal, requests that the student, regardless of if the student is reading at grade level, be promoted to the fourth grade.

A student who is promoted under division (A)(2)(f) of this section shall continue to receive intensive reading instruction in the same manner as a student retained under this section until the student is able to read at grade level.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the twentieth day of instruction of the school year for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education and workforce, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in

the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(iv) Notification that if the student attains a score in the range designated under division (A) (3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(v) A statement that connects the child's proficiency level in reading to long-term outcomes of success related to proficiency in reading.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. These intervention services shall be aligned with the science of reading as defined under section 3313.6028 of the Revised Code and include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's identified reading deficiencies.

(3) For each student retained under division (A) of this section, the district shall do all of the following:

(a) Provide intense remediation services until the student is able to read at grade level. The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education and workforce. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B) (1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

- (7) High-dosage tutoring opportunities aligned with the student's classroom instruction

through a state-approved vendor on the list of high-quality tutoring vendors under section 3301.136 of the Revised Code or a locally approved opportunity that aligns with high-dosage tutoring best practices. High-dosage tutoring opportunities shall include additional instruction time of at least three days per week, or at least fifty hours over thirty-six weeks.

The district shall continue to provide the plan developed under division (C) of this section until the student achieves the required level of skill in reading for the student's current grade level.

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the director of education and workforce as having met all of the following requirements:

(1) It is submitted to the department of education and workforce by a deadline which shall be established by the department.

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.

(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) Except as provided in division (B)(4) of this section, for any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the first day of August, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(4)(a) For any school year that begins on or after July 1, 2014, a school district is not required to provide transportation for any native student enrolled in a community school scheduled to open for operation in the current school year, if the governing authority of the community school, by the fifteenth day of April of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(b) The governing authority of a community school that accepts responsibility for transporting its students under division (B)(4)(a) of this section shall comply with divisions (B)(2) and (3) of this section to renew or relinquish that authority for subsequent school years.

(C)(1) A community school governing authority that enters into an agreement under division

(A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code. The governing authority shall report to the department of education and workforce the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the department.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D) A community school shall use payments received under division ~~(H)~~(I) of section 3317.0212 of the Revised Code solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent, guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school. The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Those excess costs shall be calculated using a formula approved by the department.

(2) The board of education of the joint vocational school district may report the excess costs calculated under division (C)(1) of this section to the department.

(3) If the board of education of the joint vocational school district reports excess costs under division (C)(2) of this section, the department shall pay the amount of excess cost calculated under division (C)(2) of this section to the joint vocational school district and shall deduct that amount as provided in division (C)(3)(a) or (b) of this section, as applicable:

student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3317.22. (A) As used in this section:

(1) "Eligible internet- or computer-based community school" means an internet- or computer-based community school in which a majority of the students were enrolled in a dropout prevention and recovery program.

(2) "Statewide average base cost per-pupil" has the same meaning as in section 3317.02 of the Revised Code.

(3) "Internet- or computer-based community school" has the same meaning as in section 3314.02 of the Revised Code.

(B) The department of education and workforce shall establish a program to provide additional funding for students enrolled in grades eight through twelve in eligible internet- or computer-based community schools. An eligible internet- or computer-based community school may choose to participate in the program by notifying the department not later than the first day of February of the school year in which the school will participate in the program in a form and manner determined by the department.

(C) The department shall require each eligible internet- or computer-based community school that chooses to participate in the program to report all information that is necessary to make payments under division (D) of this section.

(D) The department shall calculate an additional payment for each eligible internet- or computer-based community school that chooses to participate in the program, as follows:

(1) Compute the lesser of the following for each student enrolled in grades eight through twelve:

(a) The statewide average base cost per-pupil X the maximum full-time equivalency for the portion of the school year for which the student is enrolled in the school;

(b) The sum of the following:

(i) A one-time payment of \$1,750. In the case of a student enrolled in the school for the first time for the school year for which the payment is being made, payment shall be made under division (D)(1)(b)(i) of this section at least thirty days after the student is considered to be enrolled in the school in accordance with division (H)(2) of section 3314.08 of the Revised Code, provided the student has been continuously enrolled in the school during that time, as determined by the department. In the case of a student that was enrolled in the school for the prior school year, payment shall be made under division (D)(1)(b)(i) of this section at least thirty days after the student has started to participate in learning opportunities for the school year for which the payment is being made, provided the student has been continuously enrolled in the school during that time, as determined by the department.

(ii) The statewide average base cost per-pupil X (1/920) X the lesser of the number of hours the student participates in learning opportunities in that fiscal year or 920;

(iii) The lesser of (\$500 X either the number of courses completed by the student in that

fiscal year, in the case of a student enrolled in grade eight, or the number of credits earned by the student in that fiscal year, in the case of a student enrolled in grades nine through twelve) or \$2,500.

(2) Compute the sum of the amounts calculated under division (D)(1) of this section for all students enrolled in grades eight through twelve.

(3) Compute the school's payment in accordance with the following formula:

(The amount determined under division (D)(2) of this section) - (the number of full-time equivalent students enrolled in grades eight through twelve in the school X the statewide average base cost per-pupil)

If the amount computed under division (D)(3) is a negative number, the school shall not receive a payment under this section.

(E)(1) The department may complete a review of the enrollment of each eligible internet- or computer-based community school that chooses to participate in the program in accordance with division (K) of section 3314.08 of the Revised Code. If the department determines a school has been overpaid based on a review completed under division (E)(1) of this section, the department shall require a repayment of the overpaid funds and may require the school to establish a plan to improve the reporting of enrollment.

(2) To the extent that an eligible internet- or computer-based community school that chooses to participate in the program had, for the prior school year, a percentage of student engagement in learning opportunities that was less than sixty-five per cent, the school shall provide to the department a meaningful plan for increasing student engagement.

(3) All eligible internet- or computer-based community schools that choose to participate in the program shall implement programming or protocol which documents enrollment and participation in learning opportunities in order to participate in the program.

Sec. 3318.05. For purposes of this section, "conditional approval" includes any conditional approval made by the Ohio facilities commission and approved by the controlling board in calendar year 2023.

The conditional approval of the Ohio facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within sixteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining or upgrading the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance or upgrades, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance or upgrades of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance or upgrades of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance or upgrade of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.

(E) Proceeds of the tax to be used for maintenance or upgrades of the classroom facilities under either division (B) or (C)(1) of this section shall not be used to upgrade classroom facilities, unless the district board submits to the Ohio facilities construction commission a proposal regarding the use of those proceeds for upgrades and the commission approves the proposal.

Sec. 3318.41. (A)(1) The Ohio facilities construction commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year

2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a determination of all of the following:

(a) The number of classroom facilities to be included in a project and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds set aside under division (B) of section 3318.40 of the Revised Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal year. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school

district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within sixteen months following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

If a clerk of a court of common pleas, other than the clerk of the court of common pleas of an applicant's county of residence, issues a certificate of title

to the applicant, the clerk shall transmit data related to the transaction to the automated title processing system.

If a certificate of title previously has been issued for an off-highway motorcycle or all-purpose vehicle, the application also shall be accompanied by the certificate of title duly assigned, unless otherwise provided in this chapter. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

In the case of casual sales of off-highway motorcycles or all-purpose vehicles that are subject to the tax imposed by Chapter 5739. or 5741. of the Revised Code, the purchase price for the purpose of determining the tax shall be the purchase price on an affidavit executed and filed with the clerk by the seller on a form to be prescribed by the registrar, which shall be prima-facie evidence of the price for the determination of the tax.

Sec. 5747.01. Except as otherwise expressly provided or clearly appearing from the context, any term used in this chapter that is not otherwise defined in this section has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes or if not used in a comparable context in those laws, has the same meaning as in section 5733.40 of the Revised Code. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

As used in this chapter:

(A) "Adjusted gross income" or "Ohio adjusted gross income" means federal adjusted gross income, as defined and used in the Internal Revenue Code, adjusted as provided in this section:

(1) Add interest or dividends on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities.

(2) Add interest or dividends on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes.

(3) Deduct interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

(4) Deduct disability and survivor's benefits to the extent included in federal adjusted gross income.

(5) Deduct the following, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income:

(a) Benefits under Title II of the Social Security Act and tier 1 railroad retirement;

(b) Railroad retirement benefits, other than tier 1 railroad retirement benefits, to the extent such amounts are exempt from state taxation under federal law.

(6) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal adjusted gross income for the taxable year, had the work opportunity tax credit allowed and determined under sections 38, 51, and 52 of the Internal Revenue Code not been in effect.

(7) Deduct any interest or interest equivalent on public obligations and purchase obligations

to the extent that the interest or interest equivalent is included in federal adjusted gross income.

(8) Add any loss or deduct any gain resulting from the sale, exchange, or other disposition of public obligations to the extent that the loss has been deducted or the gain has been included in computing federal adjusted gross income.

(9) Deduct or add amounts, as provided under section 5747.70 of the Revised Code, related to contributions made to or tuition units purchased under a qualified tuition program established pursuant to section 529 of the Internal Revenue Code.

(10)(a) Deduct, to the extent not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer paid during the taxable year for medical care insurance and qualified long-term care insurance for the taxpayer, the taxpayer's spouse, and dependents. No deduction for medical care insurance under division (A)(10)(a) of this section shall be allowed either to any taxpayer who is eligible to participate in any subsidized health plan maintained by any employer of the taxpayer or of the taxpayer's spouse, or to any taxpayer who is entitled to, or on application would be entitled to, benefits under part A of Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. 301, as amended. For the purposes of division (A)(10)(a) of this section, "subsidized health plan" means a health plan for which the employer pays any portion of the plan's cost. The deduction allowed under division (A)(10)(a) of this section shall be the net of any related premium refunds, related premium reimbursements, or related insurance premium dividends received during the taxable year.

(b) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income during the taxable year, the amount the taxpayer paid during the taxable year, not compensated for by any insurance or otherwise, for medical care of the taxpayer, the taxpayer's spouse, and dependents, to the extent the expenses exceed seven and one-half per cent of the taxpayer's federal adjusted gross income.

(c) For purposes of division (A)(10) of this section, "medical care" has the meaning given in section 213 of the Internal Revenue Code, subject to the special rules, limitations, and exclusions set forth therein, and "qualified long-term care" has the same meaning given in section 7702B(c) of the Internal Revenue Code. Solely for purposes of division (A)(10)(a) of this section, "dependent" includes a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(11)(a) Deduct any amount included in federal adjusted gross income solely because the amount represents a reimbursement or refund of expenses that in any year the taxpayer had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable United States department of the treasury regulations. The deduction otherwise allowed under division (A)(11)(a) of this section shall be reduced to the extent the reimbursement is attributable to an amount the taxpayer deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio adjusted gross income for any taxable year to the extent that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in computing federal or Ohio adjusted gross income in any taxable year.

(12) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year;

(b) It does not otherwise reduce the taxpayer's adjusted gross income for the current or any other taxable year.

(13) Deduct an amount equal to the deposits made to, and net investment earnings of, a medical savings account during the taxable year, in accordance with section 3924.66 of the Revised Code. The deduction allowed by division (A)(13) of this section does not apply to medical savings account deposits and earnings otherwise deducted or excluded for the current or any other taxable year from the taxpayer's federal adjusted gross income.

(14)(a) Add an amount equal to the funds withdrawn from a medical savings account during the taxable year, and the net investment earnings on those funds, when the funds withdrawn were used for any purpose other than to reimburse an account holder for, or to pay, eligible medical expenses, in accordance with section 3924.66 of the Revised Code;

(b) Add the amounts distributed from a medical savings account under division (A)(2) of section 3924.68 of the Revised Code during the taxable year.

(15) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that such amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal adjusted gross income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction of the taxpayer's federal adjusted gross income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(16) Deduct the amount contributed by the taxpayer to an individual development account program established by a county department of job and family services pursuant to sections 329.11 to 329.14 of the Revised Code for the purpose of matching funds deposited by program participants. On request of the tax commissioner, the taxpayer shall provide any information that, in the tax commissioner's opinion, is necessary to establish the amount deducted under division (A)(16) of this section.

(17)(a)(i) Subject to divisions (A)(17)(a)(iii), (iv), and (v) of this section, add five-sixths of the amount of depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue

Code, including the taxpayer's proportionate or distributive share of the amount of depreciation expense allowed by that subsection to a pass-through entity in which the taxpayer has a direct or indirect ownership interest.

(ii) Subject to divisions (A)(17)(a)(iii), (iv), and (v) of this section, add five-sixths of the amount of qualifying section 179 depreciation expense, including the taxpayer's proportionate or distributive share of the amount of qualifying section 179 depreciation expense allowed to any pass-through entity in which the taxpayer has a direct or indirect ownership interest.

(iii) Subject to division (A)(17)(a)(v) of this section, for taxable years beginning in 2012 or thereafter, if the increase in income taxes withheld by the taxpayer is equal to or greater than ten per cent of income taxes withheld by the taxpayer during the taxpayer's immediately preceding taxable year, "two-thirds" shall be substituted for "five-sixths" for the purpose of divisions (A)(17)(a)(i) and (ii) of this section.

(iv) Subject to division (A)(17)(a)(v) of this section, for taxable years beginning in 2012 or thereafter, a taxpayer is not required to add an amount under division (A)(17) of this section if the increase in income taxes withheld by the taxpayer and by any pass-through entity in which the taxpayer has a direct or indirect ownership interest is equal to or greater than the sum of (I) the amount of qualifying section 179 depreciation expense and (II) the amount of depreciation expense allowed to the taxpayer by subsection (k) of section 168 of the Internal Revenue Code, and including the taxpayer's proportionate or distributive shares of such amounts allowed to any such pass-through entities.

(v) If a taxpayer directly or indirectly incurs a net operating loss for the taxable year for federal income tax purposes, to the extent such loss resulted from depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue Code and by qualifying section 179 depreciation expense, "the entire" shall be substituted for "five-sixths of the" for the purpose of divisions (A)(17)(a)(i) and (ii) of this section.

The tax commissioner, under procedures established by the commissioner, may waive the add-backs related to a pass-through entity if the taxpayer owns, directly or indirectly, less than five per cent of the pass-through entity.

(b) Nothing in division (A)(17) of this section shall be construed to adjust or modify the adjusted basis of any asset.

(c) To the extent the add-back required under division (A)(17)(a) of this section is attributable to property generating nonbusiness income or loss allocated under section 5747.20 of the Revised Code, the add-back shall be situated to the same location as the nonbusiness income or loss generated by the property for the purpose of determining the credit under division (A) of section 5747.05 of the Revised Code. Otherwise, the add-back shall be apportioned, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(d) For the purposes of division (A)(17)(a)(v) of this section, net operating loss carryback

and carryforward shall not include the allowance of any net operating loss deduction carryback or carryforward to the taxable year to the extent such loss resulted from depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount.

(e) For the purposes of divisions (A)(17) and (18) of this section:

(i) "Income taxes withheld" means the total amount withheld and remitted under sections 5747.06 and 5747.07 of the Revised Code by an employer during the employer's taxable year.

(ii) "Increase in income taxes withheld" means the amount by which the amount of income taxes withheld by an employer during the employer's current taxable year exceeds the amount of income taxes withheld by that employer during the employer's immediately preceding taxable year.

(iii) "Qualifying section 179 depreciation expense" means the difference between (I) the amount of depreciation expense directly or indirectly allowed to a taxpayer under section 179 of the Internal Revised Code, and (II) the amount of depreciation expense directly or indirectly allowed to the taxpayer under section 179 of the Internal Revenue Code as that section existed on December 31, 2002.

(18)(a) If the taxpayer was required to add an amount under division (A)(17)(a) of this section for a taxable year, deduct one of the following:

(i) One-fifth of the amount so added for each of the five succeeding taxable years if the amount so added was five-sixths of qualifying section 179 depreciation expense or depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue Code;

(ii) One-half of the amount so added for each of the two succeeding taxable years if the amount so added was two-thirds of such depreciation expense;

(iii) One-sixth of the amount so added for each of the six succeeding taxable years if the entire amount of such depreciation expense was so added.

(b) If the amount deducted under division (A)(18)(a) of this section is attributable to an add-back allocated under division (A)(17)(c) of this section, the amount deducted shall be situated to the same location. Otherwise, the add-back shall be apportioned using the apportionment factors for the taxable year in which the deduction is taken, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(c) No deduction is available under division (A)(18)(a) of this section with regard to any depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount to the extent that such depreciation results in or increases a federal net operating loss carryback or carryforward. If no such deduction is available for a taxable year, the taxpayer may carry forward the amount not deducted in such taxable year to the next taxable year and add that amount to any deduction otherwise available under division (A)(18)(a) of this section for that next taxable year. The carryforward of amounts not so deducted shall continue until the entire addition required by division (A)(17)(a) of this section has been deducted.

(19) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio

adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year as reimbursement for life insurance premiums under section 5919.31 of the Revised Code.

A taxpayer may deduct qualified organ donation expenses only once for all taxable years beginning with taxable years beginning in 2007.

For the purposes of division (A)(22) of this section:

(a) "Human organ" means all or any portion of a human liver, pancreas, kidney, intestine, or lung, and any portion of human bone marrow.

(b) "Qualified organ donation expenses" means travel expenses, lodging expenses, and wages and salary forgone by a taxpayer in connection with the taxpayer's donation, while living, of one or more of the taxpayer's human organs to another human being.

(23) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, amounts received by the taxpayer as retired personnel pay for service in the uniformed services or reserve components thereof, or the national guard, or received by the surviving spouse or former spouse of such a taxpayer under the survivor benefit plan on account of such a taxpayer's death. If the taxpayer receives income on account of retirement paid under the federal civil service retirement system or federal employees retirement system, or under any successor retirement program enacted by the congress of the United States that is established and maintained for retired employees of the United States government, and such retirement income is based, in whole or in part, on credit for the taxpayer's uniformed service, the deduction allowed under this division shall include only that portion of such retirement income that is attributable to the taxpayer's uniformed service, to the extent that portion of such retirement income is otherwise included in federal adjusted gross income and is not otherwise deducted under this section. Any amount deducted under division (A)(23) of this section is not included in a taxpayer's adjusted gross income for the purposes of section 5747.055 of the Revised Code. No amount may be deducted under division (A)(23) of this section on the basis of which a credit was claimed under section 5747.055 of the Revised Code.

(ii) The transfer is made to a trust to which the decedent, prior to the decedent's death, had directly or indirectly transferred assets, net of any related liabilities, while the decedent was domiciled in this state for the purposes of this chapter, and prior to the death of the decedent the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(iii) The transfer is made on account of a contractual relationship existing directly or indirectly between the transferor and either the decedent or the estate of the decedent at any time prior to the date of the decedent's death, and the decedent was domiciled in this state at the time of death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(iv) The transfer is made to a trust on account of a contractual relationship existing directly or indirectly between the transferor and another person who at the time of the decedent's death was domiciled in this state for purposes of this chapter.

(1) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section:

(5) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal taxable income for the taxable year, had the work opportunity tax credit allowed under sections 38, 51, and 52 of the Internal Revenue Code not been in effect, but only to the extent such amount relates either to income included in federal taxable income for the taxable year or to income of the S portion of an electing small business trust for the taxable year;

(6) Deduct any interest or interest equivalent, net of related expenses deducted in computing federal taxable income, on public obligations and purchase obligations, but only to the extent that such net amount relates either to income included in federal taxable income for the taxable year or to income of the S portion of an electing small business trust for the taxable year;

(b) It does not otherwise reduce the taxpayer's taxable income or the decedent's adjusted gross income for the current or any other taxable year.

(11) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that the amount satisfies either of the following:

(b) The amount resulted in a reduction in the taxpayer's federal taxable income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(12) Deduct any amount, net of related expenses deducted in computing federal taxable income, that a trust is required to report as farm income on its federal income tax return, but only if the assets of the trust include at least ten acres of land satisfying the definition of "land devoted exclusively to agricultural use" under section 5713.30 of the Revised Code, regardless of whether the land is valued for tax purposes as such land under sections 5713.30 to 5713.38 of the Revised Code. If the trust is a pass-through entity investor, section 5747.231 of the Revised Code applies in ascertaining if the trust is eligible to claim the deduction provided by division (S)(12) of this section in connection with the pass-through entity's farm income.

Except for farm income attributable to the S portion of an electing small business trust, the deduction provided by division (S)(12) of this section is allowed only to the extent that the trust has not distributed such farm income.

(13) Add the net amount of income described in section 641(c) of the Internal Revenue Code to the extent that amount is not included in federal taxable income.

(14) Deduct the amount the taxpayer would be required to deduct under division (A)(18) of this section if the taxpayer's Ohio taxable income were computed in the same manner as an individual's Ohio adjusted gross income is computed under this section.

(15) Add, to the extent not otherwise included in computing taxable income or Ohio taxable income for any taxable year, the taxpayer's proportionate share of the amount of the tax levied under section 5747.38 of the Revised Code and paid by an electing pass-through entity for the taxable year.

(16) Add any income taxes deducted in computing federal taxable income or Ohio taxable income to the extent the income taxes were derived from income subject to a tax levied in another state or the District of Columbia when such tax was enacted for purposes of complying with internal revenue service notice 2020-75.

(2) "Qualifying trust amount" of a trust means capital gains and losses from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, a qualifying investee to the extent included in the trust's Ohio taxable income, but only if the following requirements are satisfied:

(a) The book value of the qualifying investee's physical assets in this state and everywhere, as of the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the

date on which the trust recognizes the gain or loss, is available to the trust.

(b) The requirements of section 5747.011 of the Revised Code are satisfied for the trust's taxable year in which the trust recognizes the gain or loss.

Any gain or loss that is not a qualifying trust amount is modified business income, qualifying investment income, or modified nonbusiness income, as the case may be.

(3) "Modified nonbusiness income" means a trust's Ohio taxable income other than modified business income, other than the qualifying trust amount, and other than qualifying investment income, as defined in section 5747.012 of the Revised Code, to the extent such qualifying investment income is not otherwise part of modified business income.

(4) "Modified Ohio taxable income" applies only to trusts, and means the sum of the amounts described in divisions (AA)(4)(a) to (c) of this section:

(a) The fraction, calculated under section 5747.013, and applying section 5747.231 of the Revised Code, multiplied by the sum of the following amounts:

(i) The trust's modified business income;

(ii) The trust's qualifying investment income, as defined in section 5747.012 of the Revised Code, but only to the extent the qualifying investment income does not otherwise constitute modified business income and does not otherwise constitute a qualifying trust amount.

(b) The qualifying trust amount multiplied by a fraction, the numerator of which is the sum of the book value of the qualifying investee's physical assets in this state on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount, and the denominator of which is the sum of the book value of the qualifying investee's total physical assets everywhere on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount. If, for a taxable year, the trust recognizes a qualifying trust amount with respect to more than one qualifying investee, the amount described in division (AA)(4)(b) of this section shall equal the sum of the products so computed for each such qualifying investee.

(c)(i) With respect to a trust or portion of a trust that is a resident as ascertained in accordance with division (I)(3)(d) of this section, its modified nonbusiness income.

(ii) With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the amount of its modified nonbusiness income satisfying the descriptions in divisions (B)(2) to (5) of section 5747.20 of the Revised Code, except as otherwise provided in division (AA)(4)(c)(ii) of this section. With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the trust's portion of modified nonbusiness income recognized from the sale, exchange, or other disposition of a debt interest in or equity interest in a section 5747.212 entity, as defined in section 5747.212 of the Revised Code, without regard to division (A) of that section, shall not be allocated to this state in accordance with section 5747.20 of the Revised Code but shall be apportioned to this state in accordance with division (B) of section 5747.212 of the Revised Code without regard to

division (A) of that section.

If the allocation and apportionment of a trust's income under divisions (AA)(4)(a) and (c) of this section do not fairly represent the modified Ohio taxable income of the trust in this state, the alternative methods described in division (C) of section 5747.21 of the Revised Code may be applied in the manner and to the same extent provided in that section.

(5)(a) Except as set forth in division (AA)(5)(b) of this section, "qualifying investee" means a person in which a trust has an equity or ownership interest, or a person or unit of government the debt obligations of either of which are owned by a trust. For the purposes of division (AA)(2)(a) of this section and for the purpose of computing the fraction described in division (AA)(4)(b) of this section, all of the following apply:

(i) If the qualifying investee is a member of a qualifying controlled group on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, then "qualifying investee" includes all persons in the qualifying controlled group on such last day.

(ii) If the qualifying investee, or if the qualifying investee and any members of the qualifying controlled group of which the qualifying investee is a member on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, separately or cumulatively own, directly or indirectly, on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount, more than fifty per cent of the equity of a pass-through entity, then the qualifying investee and the other members are deemed to own the proportionate share of the pass-through entity's physical assets which the pass-through entity directly or indirectly owns on the last day of the pass-through entity's calendar or fiscal year ending within or with the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount.

(iii) For the purposes of division (AA)(5)(a)(iii) of this section, "upper level pass-through entity" means a pass-through entity directly or indirectly owning any equity of another pass-through entity, and "lower level pass-through entity" means that other pass-through entity.

An upper level pass-through entity, whether or not it is also a qualifying investee, is deemed to own, on the last day of the upper level pass-through entity's calendar or fiscal year, the proportionate share of the lower level pass-through entity's physical assets that the lower level pass-through entity directly or indirectly owns on the last day of the lower level pass-through entity's calendar or fiscal year ending within or with the last day of the upper level pass-through entity's fiscal or calendar year. If the upper level pass-through entity directly and indirectly owns less than fifty per cent of the equity of the lower level pass-through entity on each day of the upper level pass-through entity's calendar or fiscal year in which or with which ends the calendar or fiscal year of the lower level pass-through entity and if, based upon clear and convincing evidence, complete information about the location and cost of the physical assets of the lower pass-through entity is not

available to the upper level pass-through entity, then solely for purposes of ascertaining if a gain or loss constitutes a qualifying trust amount, the upper level pass-through entity shall be deemed as owning no equity of the lower level pass-through entity for each day during the upper level pass-through entity's calendar or fiscal year in which or with which ends the lower level pass-through entity's calendar or fiscal year. Nothing in division (AA)(5)(a)(iii) of this section shall be construed to provide for any deduction or exclusion in computing any trust's Ohio taxable income.

(b) With respect to a trust that is not a resident for the taxable year and with respect to a part of a trust that is not a resident for the taxable year, "qualifying investee" for that taxable year does not include a C corporation if both of the following apply:

(i) During the taxable year the trust or part of the trust recognizes a gain or loss from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, the C corporation.

(ii) Such gain or loss constitutes nonbusiness income.

(6) "Available" means information is such that a person is able to learn of the information by the due date plus extensions, if any, for filing the return for the taxable year in which the trust recognizes the gain or loss.

(BB) "Qualifying controlled group" has the same meaning as in section 5733.04 of the Revised Code.

(i) A corporation that has made an election under subchapter S, chapter one, subtitle A, of the Internal Revenue Code for its taxable year ending within, or on the last day of, the investor's taxable year;

(ii) A subsidiary that is wholly owned by any corporation that has made an election under subchapter S, chapter one, subtitle A of the Internal Revenue Code for its taxable year ending within, or on the last day of, the investor's taxable year.

(2) For the purposes of this chapter, unless expressly stated otherwise, no qualifying person indirectly owns any asset directly or indirectly owned by any qualifying corporation.

(EE) For purposes of this chapter and Chapter 5751. of the Revised Code:

(1) "Trust" does not include a qualified pre-income tax trust.

(2) A "qualified pre-income tax trust" is any pre-income tax trust that makes a qualifying pre-income tax trust election as described in division (EE)(3) of this section.

(3) A "qualifying pre-income tax trust election" is an election by a pre-income tax trust to subject to the tax imposed by section 5751.02 of the Revised Code the pre-income tax trust and all pass-through entities of which the trust owns or controls, directly, indirectly, or constructively

through related interests, five per cent or more of the ownership or equity interests. The trustee shall notify the tax commissioner in writing of the election on or before April 15, 2006. The election, if timely made, shall be effective on and after January 1, 2006, and shall apply for all tax periods and tax years until revoked by the trustee of the trust.

(4) A "pre-income tax trust" is a trust that satisfies all of the following requirements:

(a) The document or instrument creating the trust was executed by the grantor before January 1, 1972;
