10 SECTION 1. AMENDATORY 68 O.S. 2011, Section 2357.4, as

16 shall be allowed a credit against the tax imposed by Section 2355 of  
17 this title for:

18 1. Investment in qualified depreciable property placed in  
19 service during those years for use in a manufacturing operation, as  
20 defined in Section 1352 of this title, which has received a  
21 manufacturer exemption permit pursuant to the provisions of Section  
22 1359.2 of this title or a qualified aircraft maintenance or  
23 manufacturing facility as defined in Section 1357 of this title in  
24

1 this state or a qualified web search portal as defined in Section  
2 1357 of this title; or

3 2. A net increase in the number of full-time-equivalent  
4 employees in a manufacturing operation, as defined in Section 1352  
5 of this title, which has received a manufacturer exemption permit  
6 pursuant to the provisions of Section 1359.2 of this title or a  
7 qualified aircraft maintenance or manufacturing facility defined in  
8 Section 1357 of this title in this state or in a qualified web  
9 search portal as defined in Section 1357 of this title including  
10 employees engaged in support services.

11 B. Except as otherwise provided in subsection F of Section 3658  
12 of this title and in subsections J and K of this section, for  
13 taxable years beginning after December 31, 1998, there shall be  
14 allowed a credit against the tax imposed by Section 2355 of this  
15 title for:

16 1. Investment in qualified depreciable property with a total  
17 cost equal to or greater than Forty Million Dollars (\$40,000,000.00)  
18 within three (3) years from the date of initial qualifying  
19 expenditure and placed in service in this state during those years  
20 for use in the manufacture of products described by any Industry  
21 Number contained in Division D of Part I of the Standard Industrial  
22 Classification (SIC) Manual, latest revision; or

23 2. A net increase in the number of full-time-equivalent  
24 employees in this state engaged in the manufacture of any goods

1 identified by any Industry Number contained in Division D of Part I  
2 of the Standard Industrial Classification (SIC) Manual, latest  
3 revision, if the total cost of qualified depreciable property placed  
4 in service by the business entity within the state equals or exceeds  
5 Forty Million Dollars (\$40,000,000.00) within three (3) years from  
6 the date of initial qualifying expenditure.

7 C. The business entity may claim the credit authorized by  
8 subsection B of this section for expenditures incurred or for a net  
9 increase in the number of full-time-equivalent employees after the  
10 business entity provides proof satisfactory to the Oklahoma Tax  
11 Commission that the conditions imposed pursuant to paragraph 1 or  
12 paragraph 2 of subsection B of this section have been satisfied.

13 D. If a business entity fails to expend the amount required by  
14 paragraph 1 or paragraph 2 of subsection B of this section within  
15 the time required, the business entity may not claim the credit  
16 authorized by subsection B of this section but shall be allowed to  
17 claim a credit pursuant to subsection A of this section if the  
18 requirements of subsection A of this section are met with respect to  
19 the investment in qualified depreciable property or net increase in  
20 the number of full-time-equivalent employees.

21 E. The credit provided for in subsection A of this section, if  
22 based upon investment in qualified depreciable property, shall not  
23 be allowed unless the investment in qualified depreciable property  
24 is at least Fifty Thousand Dollars (\$50,000.00). The credit

1 provided for in subsection A or B of this section shall not be  
2 allowed if the applicable investment is the direct cause of a  
3 decrease in the number of full-time-equivalent employees. Qualified  
4 property shall be limited to machinery, fixtures, equipment,  
5 buildings or substantial improvements thereto, placed in service in  
6 this state during the taxable year. The taxable years for which the  
7 credit may be allowed if based upon investment in qualified  
8 depreciable property shall be measured from the year in which the  
9 qualified property is placed in service. If the credit provided for  
10 in subsection A or B of this section is calculated on the basis of  
11 the cost of the qualified property, the credit shall be allowed in  
12 each of the four (4) subsequent years. If the qualified property on  
13 which a credit has previously been allowed is acquired from a  
14 related party, the date such property is placed in service by the  
15 transferor shall be considered to be the date such property is  
16 placed in service by the transferee, for purposes of determining the  
17 aggregate number of years for which credit may be allowed.

18 F. The credit provided for in subsection A or B of this  
19 section, if based upon an increase in the number of full-time-  
20 equivalent employees, shall be allowed in each of the four (4)  
21 subsequent years only if the level of new employees is maintained in  
22 the subsequent year. In calculating the credit by the number of new  
23 employees, only those employees whose paid wages or salary were at  
24 least Seven Thousand Dollars (\$7,000.00) during each year the credit

1 is claimed shall be included in the calculation. Provided, that the  
2 first year a credit is claimed for a new employee, such employee may  
3 be included in the calculation notwithstanding paid wages of less  
4 than Seven Thousand Dollars (\$7,000.00) if the employee was hired in  
5 the last three quarters of the tax year, has wages or salary which  
6 will result in annual paid wages in excess of Seven Thousand Dollars  
7 (\$7,000.00) and the taxpayer submits an affidavit stating that the  
8 employee's position will be retained in the following tax year and  
9 will result in the payment of wages in excess of Seven Thousand  
10 Dollars (\$7,000.00). The number of new employees shall be  
11 determined by comparing the monthly average number of full-time  
12 employees subject to Oklahoma income tax withholding for the final  
13 quarter of the taxable year with the corresponding period of the  
14 prior taxable year, as substantiated by such reports as may be  
15 required by the Tax Commission.

16 G. ~~The~~ Except as otherwise provided in subsection L of this  
17 section, the credit allowed by subsection A of this section shall be  
18 the greater amount of either:

19 1. One percent (1%) of the cost of the qualified property in  
20 the year the property is placed in service; or

21 2. Five Hundred Dollars (\$500.00) for each new employee. No  
22 credit shall be allowed in any taxable year for a net increase in  
23 the number of full-time-equivalent employees if such increase is a  
24

1 result of an investment in qualified depreciable property for which  
2 an income tax credit has been allowed as authorized by this section.

3 H. ~~The~~ Except as otherwise provided in subsection L of this  
4 section, the credit allowed by subsection B of this section shall be  
5 the greater amount of either:

6 1. Two percent (2%) of the cost of the qualified property in  
7 the year the property is placed in service; or

8 2. One Thousand Dollars (\$1,000.00) for each new employee.

9 No credit shall be allowed in any taxable year for a net  
10 increase in the number of full-time-equivalent employees if such  
11 increase is a result of an investment in qualified depreciable  
12 property for which an income tax credit has been allowed as  
13 authorized by this section.

14 I. Except as provided by subsection G of Section 3658 of this  
15 title, any credits allowed but not used in any taxable year may be  
16 carried over in order as follows:

17 1. To each of the four (4) years following the year of  
18 qualification;

19 2. To the extent not used in those years in order to each of  
20 the fifteen (15) years following the initial five-year period; and

21 3. If a C corporation that otherwise qualified for the credits  
22 under subsection A of this section subsequently changes its  
23 operating status to that of a pass-through entity which is being  
24 treated as the same entity for federal tax purposes, the credits

1 will continue to be available as if the pass-through entity had  
2 originally qualified for the credits subject to the limitations of  
3 this section.

4 To the extent not used in paragraphs 1 and 2 of this subsection,  
5 such credits from qualified depreciable property placed in service  
6 on or after January 1, 2000, may be utilized in any subsequent tax  
7 years after the initial twenty-year period.

8 J. No credit otherwise authorized by the provisions of this  
9 section may be claimed for any event, transaction, investment,  
10 expenditure or other act occurring on or after July 1, 2010, for  
11 which the credit would otherwise be allowable until the provisions  
12 of this subsection shall cease to be operative on July 1, 2012.  
13 Beginning July 1, 2012, the credit authorized by this section may be  
14 claimed for any event, transaction, investment, expenditure or other  
15 act occurring on or after July 1, 2010, according to the provisions  
16 of this section; provided, credits accrued during the period from  
17 July 1, 2010, through June 30, 2012, shall be limited to a period of  
18 two (2) taxable years. The credit shall be limited in each taxable  
19 year to fifty percent (50%) of the total amount of the accrued  
20 credit. Any tax credits which accrue during the period of July 1,  
21 2010, through June 30, 2012, may not be claimed for any period prior  
22 to the taxable year beginning January 1, 2012. No credits which  
23 accrue during the period of July 1, 2010, through June 30, 2012, may  
24

1 be used to file an amended tax return for any taxable year prior to  
2 the taxable year beginning January 1, 2012.

3 K. Beginning January 1, 2017, except with respect to tax  
4 credits allowed from investment or job creation occurring prior to  
5 January 1, 2017, the credits authorized by this section shall not be  
6 allowed for investment or job creation in electric power generation  
7 by means of wind as described by the North American Industry  
8 Classification System, No. 221119.

9 L. For any credits claimed pursuant to this section for tax  
10 years beginning on or after January 1, 2017, the amount of credit  
11 allowed shall be equal to seventy-five percent (75%) of the amount  
12 calculated as provided in subsections G and H of this section.

13 SECTION 2. This act shall become effective January 1, 2017.
