

STATE OF OKLAHOMA

1st Session of the 57th Legislature (2019)

SENATE BILL 479

By: Quinn

AS INTRODUCED

An Act relating to income tax credits; amending 68 O.S. 2011, Section 2357.32A, as last amended by Section 1, Chapter 264, O.S.L. 2018 (68 O.S. Supp. 2018, Section 2357.32A), which relates to credits for production of electricity by zero-emission facilities; correcting inadvertent omission of specified date; modifying amount of credit for electricity generated during specified time period; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 68 O.S. 2011, Section 2357.32A, as last amended by Section 1, Chapter 264, O.S.L. 2018 (68 O.S. Supp. 2018, Section 2357.32A), is amended to read as follows:

Section 2357.32A. A. Except as otherwise provided in subsection H of this section, for tax years beginning on or after January 1, 2003, but with respect to tax credits for eligible renewable resources described by subparagraphs b, c and d of paragraph 2 of this subsection, for tax years ending not later than December 31, 2021, there shall be allowed a credit against the tax imposed by Section 2355 of this title to a taxpayer for the

1 taxpayer's production and sale to an unrelated person of electricity
2 generated by zero-emission facilities located in this state. As
3 used in this section:

4 1. "Electricity generated by zero-emission facilities" means
5 electricity that is exclusively produced by any facility located in
6 this state with a rated production capacity of one megawatt (1 mw)
7 or greater, constructed for the generation of electricity and placed
8 in operation after June 4, 2001, and with respect to electricity
9 generated by wind for any facility placed in operation not later
10 than July 1, 2017, which utilizes eligible renewable resources as
11 its fuel source. The construction and operation of such facilities
12 shall result in no pollution or emissions that are or may be harmful
13 to the environment, pursuant to a determination by the Department of
14 Environmental Quality; and

15 2. "Eligible renewable resources" means resources derived from:

- 16 a. wind,
- 17 b. moving water,
- 18 c. sun, or
- 19 d. geothermal energy.

20 B. For facilities placed in operation on or after January 1,
21 2003, and before January 1, 2007, the amount of the credit for the
22 electricity generated on or after January 1, 2003, but prior to
23 January 1, 2004, shall be seventy-five one-hundredths of one cent
24 (\$0.0075) for each kilowatt-hour of electricity generated by zero-

1 emission facilities. For electricity generated on or after January
2 1, 2004, but prior to January 1, 2007, the amount of the credit
3 shall be fifty one-hundredths of one cent (\$0.0050) per kilowatt-
4 hour for electricity generated by zero-emission facilities. For
5 electricity generated on or after January 1, 2007, but prior to
6 January 1, 2012, the amount of the credit shall be twenty-five one-
7 hundredths of one cent (\$0.0025) per kilowatt-hour of electricity
8 generated by zero-emission facilities. For facilities placed in
9 operation on or after January 1, 2007, and before January 1, 2021,
10 or with respect to electricity generated by wind for any facility
11 placed in operation not later than July 1, 2017, the amount of the
12 credit for the electricity generated on or after January 1, 2007,
13 and before July 1, 2019, shall be fifty one-hundredths of one cent
14 (\$0.0050) for each kilowatt-hour of electricity generated by zero-
15 emission facilities. For electricity generated on or after July 1,
16 2019, the amount of the credit shall be twenty-five one-hundredths
17 of one cent (\$0.0025) per kilowatt-hour of electricity generated by
18 zero-emission facilities.

19 C. Credits may be claimed with respect to electricity generated
20 on or after January 1, 2003, during a ten-year period following the
21 date that the facility is placed in operation on or after June 4,
22 2001.

23 D. 1. For credits generated prior to January 1, 2014, if the
24 credit allowed pursuant to this section exceeds the amount of income
25

1 taxes due or if there are no state income taxes due on the income of
2 the taxpayer, the amount of the credit allowed but not used in any
3 tax year may be carried forward as a credit against subsequent
4 income tax liability for a period not exceeding ten (10) years.

5 2. For credits generated, but not used, on or after January 1,
6 2014, the Oklahoma Tax Commission shall refund, at the taxpayer's
7 election, directly to the taxpayer eighty-five percent (85%) of the
8 face amount of such credits. The direct refund of the credits
9 pursuant to this paragraph shall be available to all taxpayers,
10 including, without limitation, pass-through entities and taxpayers
11 subject to Section 2355 of this title, but shall not be available to
12 any entities falling within the provisions of subsection E of this
13 section. The amount of any direct refund of credits actually
14 received at the eighty-five percent (85%) level by the taxpayer
15 pursuant to this paragraph shall not be subject to the tax imposed
16 by Section 2355 of this title. If the pass-through entity does not
17 file a claim for a direct refund, the pass-through entity shall
18 allocate the credit to one or more of the shareholders, partners or
19 members of the pass-through entity; provided, the total of all
20 credits refunded or allocated shall not exceed the amount of the
21 credit or refund to which the pass-through entity is entitled. For
22 the purposes of this paragraph, "pass-through entity" means a
23 corporation that for the applicable tax year is treated as an S
24 corporation under the Internal Revenue Code of 1986, as amended,

1 general partnership, limited partnership, limited liability
2 partnership, trust or limited liability company that for the
3 applicable tax year is not taxed as a corporation for federal income
4 tax purposes.

5 E. Any nontaxable entities, including agencies of the State of
6 Oklahoma or political subdivisions thereof, shall be eligible to
7 establish a transferable tax credit in the amount provided in
8 subsection B of this section. Such tax credit shall be a property
9 right available to a state agency or political subdivision of this
10 state to transfer or sell to a taxable entity, whether individual or
11 corporate, who shall have an actual or anticipated income tax
12 liability under Section 2355 of this title. These tax credit
13 provisions are authorized as an incentive to the State of Oklahoma,
14 its agencies and political subdivisions to encourage the expenditure
15 of funds in the development, construction and utilization of
16 electricity from zero-emission facilities as defined in subsection A
17 of this section.

18 F. For credits generated prior to January 1, 2014, the amount
19 of the credit allowed, but not used, shall be freely transferable at
20 any time during the ten (10) years following the year of
21 qualification. Any person to whom or to which a tax credit is
22 transferred shall have only such rights to claim and use the credit
23 under the terms that would have applied to the entity by whom or by
24 which the tax credit was transferred. The provisions of this

1 subsection shall not limit the ability of a tax credit transferee to
2 reduce the tax liability of the transferee, regardless of the actual
3 tax liability of the tax credit transferor, for the relevant taxable
4 period. The transferor initially allowed the credit and any
5 subsequent transferees shall jointly file a copy of any written
6 transfer agreement with the Oklahoma Tax Commission within thirty
7 (30) days of the transfer. The written agreement shall contain the
8 name, address and taxpayer identification number or social security
9 number of the parties to the transfer, the amount of the credit
10 being transferred, the year the credit was originally allowed to the
11 transferor, and the tax year or years for which the credit may be
12 claimed. The Tax Commission may promulgate rules to permit
13 verification of the validity and timeliness of the tax credit
14 claimed upon a tax return pursuant to this subsection but shall not
15 promulgate any rules that unduly restrict or hinder the transfers of
16 such tax credit. The tax credit allowed by this section, upon the
17 election of the taxpayer, may be claimed as a payment of tax, a
18 prepayment of tax or a payment of estimated tax for purposes of
19 Section 1803 or Section 2355 of this title.

20 G. For electricity generation produced and sold in a calendar
21 year, the tax credit allowed by the provisions of this section, upon
22 election of the taxpayer, shall be treated and may be claimed as a
23 payment of tax, a prepayment of tax or a payment of estimated tax
24

1 for purposes of Section 2355 of this title on or after July 1 of the
2 following calendar year.

3 H. No credit otherwise authorized by the provisions of this
4 section may be claimed for any event, transaction, investment,
5 expenditure or other act occurring on or after July 1, 2010, for
6 which the credit would otherwise be allowable until the provisions
7 of this subsection shall cease to be operative on July 1, 2011.
8 Beginning July 1, 2011, the credit authorized by this section may be
9 claimed for any event, transaction, investment, expenditure or other
10 act occurring on or after July 1, 2010, according to the provisions
11 of this section. Any tax credits which accrue during the period of
12 July 1, 2010, through June 30, 2011, may not be claimed for any
13 period prior to the taxable year beginning January 1, 2012. No
14 credits which accrue during the period of July 1, 2010, through June
15 30, 2011, may be used to file an amended tax return for any taxable
16 year prior to the taxable year beginning January 1, 2012.

17 I. For tax years beginning on or after January 1, 2019, the
18 total amount of credits authorized by this section with respect to
19 eligible renewable resources described by subparagraphs b, c and d
20 of paragraph 2 of subsection A of this section used to offset tax or
21 paid as a refund shall be adjusted annually to limit the annual
22 amount of credits to Five Hundred Thousand Dollars (\$500,000.00).
23 The Tax Commission shall annually calculate and publish a percentage
24 by which the credits authorized by subparagraphs b, c and d of

1 paragraph 2 of subsection A of this section shall be reduced so the
2 total amount of credits used to offset tax or paid as a refund does
3 not exceed Five Hundred Thousand Dollars (\$500,000.00) per year.
4 The formula to be used for the percentage adjustment shall be Five
5 Hundred Thousand Dollars (\$500,000.00) divided by the credits
6 claimed in the second preceding year.

7 J. Pursuant to subsection I of this section, in the event the
8 total tax credits authorized by this section with respect to
9 eligible renewable resources described by subparagraphs b, c and d
10 of paragraph 2 of subsection A of this section exceed Five Hundred
11 Thousand Dollars (\$500,000.00) in any calendar year, the Tax
12 Commission shall permit any excess over Five Hundred Thousand
13 Dollars (\$500,000.00) but shall factor such excess into the
14 percentage adjustment formula for subsequent years.

15 K. Any credits authorized by this section with respect to
16 eligible renewable resources described by subparagraphs b, c and d
17 of paragraph 2 of subsection A of this section not used or unable to
18 be used because of the provisions of subsection I or J of this
19 section may be carried over until such credits are fully used.

20 L. The Tax Commission shall prepare an annual report and submit
21 it to the Office of the State Secretary of Energy and Environment,
22 the Governor, the Speaker of the Oklahoma House of Representatives
23 and the President Pro Tempore of the Oklahoma State Senate
24 summarizing the amount of credits allowed pursuant to subparagraphs

1 b, c and d of paragraph 2 of subsection A of this section. The
2 Secretary of Energy and Environment shall submit recommendations for
3 changes to the tax credit to the Governor, the Speaker of the
4 Oklahoma House of Representatives and the President Pro Tempore of
5 the Oklahoma State Senate within sixty (60) days after receipt of
6 the report from the Oklahoma Tax Commission.

7 SECTION 2. This act shall become effective July 1, 2019.

8 SECTION 3. It being immediately necessary for the preservation
9 of the public peace, health or safety, an emergency is hereby
10 declared to exist, by reason whereof this act shall take effect and
11 be in full force from and after its passage and approval.
