29 invasive airway techniques, artificial ventilation,
30 defibrillation and other related procedures) from the patient

1 in the event of the patient's respiratory or cardiac arrest.
2 I further direct such personnel to provide to the patient
3 other medical interventions, such as intravenous fluids,
4 oxygen or other therapies necessary to provide comfort care
5 or to alleviate pain, unless directed otherwise by the
6 patient or the emergency medical services provider's
7 authorized medical command physician.

14 § 5486. Absence of OOH-DNR order, bracelet or necklace.

15 If an OOH-DNR order has not been issued by an attending

18 continuation or termination of life-sustaining treatment.

19 § 5487. Emergency medical services.

1 other medical interventions necessary and appropriate to
2 provide comfort and alleviate pain, including intravenous

7 command physician.

13 resuscitation in the event the emergency medical services
14 provider is presented with an OOH-DNR order or discovers
15 a necklace or bracelet after initiating cardiopulmonary
16 resuscitation.

17 (c) Uncertainty regarding validity or applicability of OOH-
18 DNR order, bracelet or necklace.--

19 (1) Emergency medical services providers who in good
20 faith are uncertain about the validity or applicability of an
21 OOH-DNR order, bracelet or necklace shall render care in
22 accordance with their level of certification.

23 (2) Emergency medical services providers who act under
24 paragraph (1) shall not be subject to civil or criminal
25 liability or administrative sanction for failure to comply
26 with an OOH-DNR order under this section.

27 (d) Recognition of other states' orders.--Emergency medical
28 services or [out-of-hospital DNR] OOH-DNR orders, bracelets or
29 necklaces valid in states other than this Commonwealth shall be
30 recognized in this Commonwealth to the extent that these orders,

1 bracelets or necklaces and the criteria for their issuance are
2 consistent with the laws of this Commonwealth. Emergency medical
3 services providers shall act in accordance with the provisions
4 of this section when encountering a patient with an apparently
5 valid EMS or out-of-hospital DNR form, bracelet or necklace
6 issued by another state. Emergency medical services providers
7 acting in good faith under this section shall be entitled to the
8 same immunities and protections that would otherwise be
9 applicable.

11 [~~§ 5488. Advisory committee.~~

12 (a) Establishment.--Within 60 days of the effective date of
13 this section, the department shall establish a committee to

16 detail the scope of medical treatment for patients' life-
17 sustaining wishes.

18 (b) Membership.--The committee shall include representatives
19 from the Pennsylvania Medical Society, the Hospital and Health
20 System Association of Pennsylvania, the Joint State Government
21 Commission's Advisory Committee on Decedents' Estates Laws, the
22 Pennsylvania Bar Association, the Department of Aging, the
23 Department of Public Welfare and other interested persons at the
24 department's discretion.

25 (c) Scope of review.--The committee's review shall include,
26 but not be limited to, examination of the following:

27 (1) The need to adopt this type of standardized form in
28 view of the existing use of do-not-resuscitate orders.

29 (2) The use and evaluation of use of such forms in other
30 states.

2 relevant to its determination.]

3 Section 5. Title 20 is amended by adding a section to read:

6 department adopts an initial POLST form under section 5498
7 (relating to POLST form). This subchapter shall continue to
8 apply to any OOH-DNR order executed prior to the date the
9 department adopts an initial POLST form.

11 § 5491. Scope of subchapter.

12 This subchapter relates to Pennsylvania Orders for Life-
13 Sustaining Treatment.

14 § 5492. Legislative findings and intent.

15 The General Assembly finds and declares as follows:

16 (1) All individuals have a qualified right to control
17 their health care and should not lose that right if they
18 become incompetent or have never been a competent adult.

19 (2) The Commonwealth has recognized this right by
20 providing for advance health care directives in which
21 individuals may provide direction and state their goals and
22 preferences about future health care and by providing for
23 surrogate decision makers for incompetent adults and
24 unemancipated minors.

25 (3) A Pennsylvania order for life-sustaining treatment,
26 or POLST, differs from an advance health care directive as it
27 converts an individual's wishes regarding health care into a
28 medical order that is immediately actionable and applicable
29 across all health care settings.

30 (4) The use of POLST may overcome many of the

1 limitations and problems associated with advance health care
2 directives and existing orders regarding cardiopulmonary
3 resuscitation and other end-of-life care, including out-of-
4 hospital do-not-resuscitate orders.

5 (5) In many cases, advance health care directives only
6 name a surrogate decision maker to make health care decisions
7 for the principal or lack specificity as to the principal's
8 goals and preferences for a medical condition that
9 subsequently develops because it was not foreseen by the
10 principal.

11 (6) Existing medical orders frequently are ineffective
12 when the patient is transferred from one care setting to
13 another because the procedures, forms and requirements at
14 each care setting may be different, resulting in a loss in
15 the ability of patients to have their wishes honored.

16 (7) Existing emergency medical services protocols may
17 require emergency medical services personnel to proceed to
18 cardiopulmonary resuscitation when an individual is found in
19 cardiac and respiratory arrest, even if the individual has
20 completed an advance directive or has otherwise clearly
21 indicated that the individual does not wish to receive
22 cardiopulmonary resuscitation.

23 (8) A POLST, which is executed by a health care
24 practitioner under appropriate circumstances to implement the
25 wishes of the patient expressed directly by the patient or
26 through a surrogate decision maker, provides clear direction
27 for the patient's care regarding health care issues likely to
28 emerge given the patient's current medical condition.

29 (9) A key step in the POLST process is the health care
30 practitioner's review with the patient or the patient's

1 surrogate decision maker of the patient's current health
2 status, diagnoses and prognosis to determine whether a POLST
3 order would be appropriate or should be updated.

4 (10) A POLST is appropriate for individuals with serious
5 illnesses or frailty if their health care practitioner would
6 not be surprised if they died within the next year and their
7 current health status, diagnoses and prognosis indicates
8 standing medical orders concerning treatment options and
9 other care are appropriate.

10 (11) A POLST is not recommended for individuals with
11 stable, even if chronic, medical conditions and years of life
12 expectancy.

13 (12) Among vulnerable populations, including persons
14 with disabilities, POLST are appropriate for seriously ill or
15 frail patients if their health care practitioner would not be
16 surprised if they died within the next year. POLST are not
17 appropriate for the entire population.

18 (13) It should not be assumed that all patients in any
19 facility, including a nursing home, should have or would
20 desire POLST.

21 (14) The well-being of the patient is paramount in
22 considering a POLST, not cost savings to the government or
23 insurers.

24 (15) A POLST is appropriately entered following a shared
25 decision-making process that facilitates patient consent that
26 is voluntary, educated, collaborative and thoughtful,
27 including a discussion of the patient's current clinical
28 status, treatment options and likely outcomes, together with
29 the patient's goals of care, preferences and values.

30 (16) Conversations about POLST must avoid any bias

1 against continuation of care and must not characterize the
2 continuation of life as burdensome. When appropriate, these
3 conversations should emphasize palliative care and hospice
4 availability.

5 (17) A standardized POLST form, which is easily
6 recognized, understood and implemented, can greatly advance
7 the ability of patients to ensure that their medical care is
8 aligned with their goals of care, preferences and values, as
9 informed by a shared decision-making process.

10 (18) Advance health care directives remain critically
11 important for adults from the age of majority until death. An
12 advance health care directive, rather than a POLST, is the
13 appropriate advance care planning tool for healthy patients.

14 (19) When the use of a POLST becomes appropriate, an
15 existing advance health care directive will help shape the
16 choices of the patient or the patient's surrogate decision
17 maker when discussing a POLST with a health care provider.

18 (20) This subchapter is intended to provide a framework
19 and legal authority for POLST to be valid and portable across
20 all care settings, consistent with the foregoing findings.

18 not feasible, as soon as feasible thereafter.

19 (b) Compliance.--The requirements of section 5498.11
20 (relating to compliance) shall apply in the event that the

24 compliance.

25 § 5498.10. Review requirements.

19 the patient.

20 (b) Transfer.--The attending physician or health care
21 provider under subsection (a) shall make every reasonable effort
22 to assist in the transfer of the patient to another physician or
23 health care provider who will comply with the POLST.

24 (c) Liability.--If transfer under subsection (b) is
25 impossible, the provision of care necessary to sustain life to a
26 patient may not subject an attending physician or a health care
27 provider to criminal or civil liability or administrative
28 sanction for failure to carry out the POLST.

29 (d) Policies.--The department shall require health care
30 facilities to have policies and procedures for implementation of

1 a POLST.

2 § 5498.12. Emergency medical services.

3 (a) Medical command instructions.--Notwithstanding the

6 instructions of an authorized medical command physician to
7 withhold or discontinue resuscitation.

8 (b) Effect of POLST do-not-resuscitate order.--The following
9 shall apply:

10 (1) Emergency medical services providers shall comply
11 with a do-not-resuscitate order in a POLST if made aware of
12 the order. In order to be in compliance with the do-not-
13 resuscitate order in a POLST, an emergency medical service
14 provider must:

15 (i) withhold cardiopulmonary resuscitation from the
16 patient in the event of respiratory and cardiac arrest;
17 or

18 (ii) discontinue and cease cardiopulmonary
19 resuscitation, in the event the emergency medical
20 services provider is presented with a do-not-resuscitate
21 order in a POLST after initiating cardiopulmonary
22 resuscitation.

23 (2) Emergency medical services providers shall provide
24 other medical interventions necessary and appropriate to
25 provide comfort and alleviate pain, including intravenous
26 fluids, medications, oxygen and any other intervention
27 appropriate to the level of the certification of the
28 emergency medical services provider, unless otherwise
29 directed by the patient or the emergency medical services
30 provider's authorized medical command physician.

1 (c) Uncertainty regarding validity or applicability of do-
2 not-resuscitate order in POLST.--The following shall apply:

3 (1) Emergency medical services providers who in good
4 faith are uncertain about the validity or applicability of a

7 level of certification.

8 (2) Emergency medical services providers who act under
9 paragraph (1) may not be subject to civil or criminal
10 liability or administrative sanction for failure to comply
11 with a do-not-resuscitate order in a POLST.

13 POLST.--Emergency medical services providers are not required
14 to, but may, contact their medical command physician prior to
15 complying with a POLST.

16 § 5498.13. Immunity.

17 (a) Compliance.--A health care provider or other person may
18 not be subject to civil or criminal liability or to discipline
19 for unprofessional conduct for complying with a POLST based upon
20 the good faith assumption that the orders therein were valid
21 when made and have not been revoked or terminated.

22 (b) Noncompliance.--A health care provider or other person
23 may not be subject to civil or criminal liability or to
24 discipline for unprofessional conduct for refusing to comply
25 with a POLST on the good faith belief that:

26 (1) The POLST is not valid.

27 (2) Compliance with the POLST would be unethical or, to
28 a reasonable degree of medical certainty, would result in
29 medical care having no medical basis in addressing any
30 medical need or condition of the patient, provided that the

1 health care provider complies in good faith with sections
2 5462(c) (relating to duties of attending physician and health
3 care provider) and 5498.11 (relating to compliance).

4 (c) Other protection.--This section does not limit the
5 immunity available to a health care provider or person under
6 sections 5431 (relating to liability) or 5498.12(c)(2) (relating
7 to emergency medical services).

8 § 5498.14. Conflict with advance health care directive.

9 If a POLST conflicts with a provision of an advance health
10 care directive, the provision of the instrument latest in date
11 of execution shall prevail to the extent of the conflict.

12 § 5498.15. POLST executed under prior POLST form.

13 A POLST executed on a POLST form that was valid when executed
14 shall remain valid even if the department subsequently adopts a
15 revised form.

16 § 5498.16. POLST executed under PLSWC form.

17 (a) Validity.--Except as provided under subsection (b), a
18 POLST executed on the PLSWC form prior to the adoption of a
19 POLST form under this subchapter is effective to the same extent
20 as it would be effective if executed on the POLST form.

21 (b) Emergency medical services providers.--Emergency medical
22 services providers are not required to, but may if they deem it
23 necessary, contact their medical command physician prior to
24 complying with a POLST executed on the PLSWC form.

25 (c) Immunity.--For purposes of the immunity under sections
26 5431 (relating to liability) and 5498.13 (relating to immunity),
27 a POLST executed on the PLSWC form shall be deemed to be a POLST
28 executed under this subchapter.

29 § 5498.17. POLST executed in another state or jurisdiction.

30 (a) Validity.--Except as provided under subsection (b), a

1 health care provider may comply with a POLST, or a substantial
2 equivalent order executed under the laws of another state or
3 jurisdiction and in conformity with the laws of that state or
4 jurisdiction, if:

5 (1) the order meets the requirements of section
