EXPLANATION
BY THE LEGISLATIVE COUNCIL
OF
A N A C T
RELATING TO EDUCATION - HEALTH AND SAFETY OF STUDENTS

1 This act would require the Rhode Island department of education, within the next three
2 (3) years, to create a plan where all Rhode Island teachers would be trained in the BEARS
3 curriculum (BEARS training includes hands-only cardiopulmonary resuscitation, Heimlich
4 maneuver, and bleeding control). The act would also provide that training time would count
5 towards professional development. The goal would be to have eighty percent (80%) of Rhode
6 Island teachers trained in BEARS curriculum by having refresher training every three (3) years.

7 This act would take effect upon passage.
