Notwithstanding any of the above provisions, no employee receiving any service retirement allowance pursuant to the provisions of this title on or before December 31, 1967, or the employee's beneficiary, shall receive any additional benefit hereunder in an amount less than two hundred dollars (\$200) per year over the service retirement allowance where the employee retired

prior to January 1, 1958.

(b) All state employees and all beneficiaries of state employees retired on or after January 1, 1968, who are receiving any service retirement or ordinary or accidental disability retirement allowance pursuant to the provisions of this title shall, on the first day of January next following the third anniversary date of the retirement, receive a cost of living retirement adjustment, in addition to his or her retirement allowance, in an amount equal to three percent (3%) of the original retirement allowance. In each succeeding year thereafter through December 31, 1980, during the month of January, the retirement allowance shall be increased an additional three percent (3%) of the original retirement allowance, not compounded, to be continued during the lifetime of the employee or beneficiary. For the purposes of computation, credit shall be given for a full calendar year regardless of the effective date of the service retirement allowance.

- (c) (1) Beginning on January 1, 1981, for all state employees and beneficiaries of the state employees receiving any service retirement and all state employees, and all beneficiaries of state employees, who have completed at least ten (10) years of contributory service on or before July 1, 2005 pursuant to the provisions of this chapter, and for all state employees, and all beneficiaries of state employees who receive a disability retirement allowance pursuant to §§ 36-10-12 -- 36-10-15, the cost of living adjustment shall be computed and paid at the rate of three percent (3%) of the original retirement allowance or the retirement allowance as computed in accordance with § 36-10-35.1, compounded annually from the year for which the cost of living adjustment was determined to be payable by the retirement board pursuant to the provisions of subsection (a) or (b) of this section. Such cost of living adjustments are available to members who retire before October 1, 2009 or are eligible to retire as of September 30, 2009.

In each succeeding year thereafter during the month of January, the retirement allowance shall be increased an additional three percent (3%) of the original retirement allowance, compounded annually, to be continued during the lifetime of the legislator or beneficiary. For the purposes of computation, credit shall be given for a full calendar year regardless of the effective date of the service retirement allowance.
- 28 (f) The provisions of §§ 45-13-7 -- 45-13-10 shall not apply to this section.
- 29 (g) This subsection (g) shall be effective for the period July 1, 2012 through June 30, 30 2015.

(B) where (A) is equal to the percentage determined by subtracting five and one-half percent (5.5%) (the "subtrahend") from the Five-Year Average Investment Return of the retirement system determined as of the last day of the plan year preceding the calendar year in which the adjustment is granted, said percentage not to exceed four percent (4%) and not to be less than zero percent (0%), and (B) is equal to the lesser of the member's retirement allowance or the first twenty-five thousand dollars (\$25,000) of retirement allowance, such twenty-five thousand dollars (\$25,000) amount to be indexed annually in the same percentage as determined under (g)(1)(A) above. The "Five-Year Average Investment Return" shall mean the average of the investment returns of the most recent five (5) plan years as determined by the retirement board. In determining whether a funding level under this paragraph (g)(2) has been achieved, the actuary shall calculate the funding percentage after taking into account the reinstatement of any current or future benefit adjustment provided under this section.

- (3) Notwithstanding paragraph (g)(2), in each fifth plan year commencing after June 30, 2012 commencing with the plan year ending June 30, 2017, and subsequently at intervals of five plan years, a benefit adjustment shall be calculated and made in accordance with paragraph (g)(1) above until the Funded Ratio of the Employees' Retirement System of Rhode Island, the Judicial Retirement Benefits Trust and the State Police Retirement Benefits Trust, calculated by the system's actuary on an aggregate basis, exceeds eighty percent (80%).
- (4) Notwithstanding any other provision of this chapter, the provisions of this paragraph (g) of § 36-10-35 shall become effective July 1, 2012 and shall apply to any benefit adjustment not granted on or prior to June 30, 2012.

- (i) Is equal to the percentage determined by subtracting five and one-half percent (5.5%) (the "subtrahend") from the five-year average investment return of the retirement system determined as of the last day of the plan year preceding the calendar year in which the adjustment is granted, said percentage not to exceed four percent (4%) and not to be less than zero percent (0%). The "five-year average investment return" shall mean the average of the investment returns of the most recent five (5) plan years as determined by the retirement board. In the event the retirement board adjusts the actuarially assumed rate of return for the system, either upward or downward, the subtrahend shall be adjusted either upward or downward in the same amount.
- (ii) Is equal to the lesser of three percent (3%) or the percentage increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the U.S. Department of Labor Statistics determined as of September 30 of the prior calendar year.
