IN THE HOUSE OF REPRESENTATIVES

Mr. ARRINGTON (for himself, Mr. VICENTE GONZALEZ of Texas, Mr. CLOUD, Mr. BURGESS, and Mr. SESSIONS) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend titles XVIII and XIX of the Social Security Act to provide for coverage of services furnished by free-standing emergency centers.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Emergency Care Im-
5 provement Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) To expand provider capacity to respond to
2 the COVID–19 pandemic, in April of 2020 the Cen-
3 ters for Medicare & Medicaid Services issued a waiv-
4 er allowing freestanding emergency centers (FECs)
5 to enroll as Medicare-certified hospitals and receive
6 Medicare reimbursement for the duration of the
7 COVID–19 public health emergency.

8 (2) FECs are fully licensed emergency depart-
9 ments that are staffed by both Emergency Medicine
10 trained physicians and registered nurses who are on-
11 site 24 hours a day, seven days a week, and possess
12 licensed pharmacies, clinical laboratories, and ad-
13 vanced imaging services. FECs are State-licensed,
14 and adhere to the same standards and provide the
15 same level of care as Hospital Based Emergency
16 Rooms, including State EMTALA regulations on
17 treating all patients.

18 (3) Over 110 FECs, mostly located in Texas,
19 have enrolled and provided high-quality emergency
20 services for all kinds of emergency conditions at sig-
21 nificant savings to the Medicare program and to
22 thousands of Medicare beneficiaries.

23 (4) An actuarial study of Medicare claims data
24 found that FECs did not increase overall utilization
25 of emergency care services and saved the Medicare

1 program 21.8 percent in lower emergency care pay-
2 ments for patients of similar acuity.

3 **SEC. 3. COVERAGE OF FREESTANDING EMERGENCY CEN-**
4 **TERS UNDER MEDICARE AND MEDICAID.**
