

113TH CONGRESS
1ST SESSION

H. R. 2659

To establish a grant program to issue grants to institutions of higher education to support student internships.

IN THE HOUSE OF REPRESENTATIVES

JULY 11, 2013

Ms. BONAMICI introduced the following bill; which was referred to the Committee on Education and the Workforce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To establish a grant program to issue grants to institutions of higher education to support student internships.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Opportunities for Suc-
5 cess Act of 2013”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) Internships are increasingly important to
9 the ability of college students to gain skills, make

1 professional connections, and find jobs after gradua-
2 tion.

3 (2) In 2011, according to the National Associa-
4 tion of Colleges and Employers, employers offered
5 full-time positions to 61.2 percent of their interns
6 with an acceptance rate of 86.5 percent.

7 (3) Many students struggle to make ends meet;
8 66 percent of young community college students
9 dedicate more than 20 hours a week to an outside
10 job, and the need of many students to maintain a
11 part-time or full-time job reduces or eliminates the
12 time available for an internship.

13 (4) Internships often require significant time
14 commitments or temporary relocation, which many
15 students are unable to afford; these additional living
16 expenses include housing, meals, and travel, and
17 these costs make unpaid internships with employers
18 like non-profit organizations and government even
19 more inaccessible for those with low and middle in-
20 comes.

21 (5) In 2011, 46 percent of students who had
22 completed an internship were offered jobs, compared
23 with 31 percent of students who did not complete an
24 internship; more than 76 percent of employers rank

1 relevant experience as the most important quality
2 when hiring.

3 (6) Many university officials and employers ac-
4 knowledge that participating in an undergraduate
5 internship is extremely helpful for finding meaning-
6 ful employment in today's job market.

7 **SEC. 3. OPPORTUNITIES FOR SUCCESS PROGRAM.**

8 (a) PROGRAM AUTHORIZED.—From the amounts
9 made available to carry out this Act, the Secretary of Edu-

16 title IV of the Higher Education Act of 1965 (20
17 U.S.C. 1070 et seq.).

18 (4) SUPPLEMENT NOT SUPPLANT.—Funds

12 for a fiscal year as the number of eligible stu-
13 dents enrolled at the institution (as determined
14 by the Secretary on the basis of the most recent
15 satisfactory data) bears to the total number of
16 eligible students enrolled at all qualifying edu-
17 cational institutions, as so determined.

18 (B) REALLOCATION.—If a qualifying edu-
19 cational institution does not receive funds under
20 this paragraph, the Secretary shall reallocate

3 accordance with this section, the Secretary, in
4 awarding grants under this section for the suc-
5 ceeding fiscal year—

6 (i) shall reallocate the unused funds
7 to other qualifying educational institutions
8 in the same proportion funds are allocated
9 under subparagraph (A); and
