

116TH CONGRESS  
1ST SESSION

# H. R. 2941

To direct the Secretary of Defense and the Secretaries of the military departments to encourage female members who separate or retire from the Armed Forces during fiscal year 2020 to participate in the Women's Health Transition Training pilot program of the Department of Veterans Affairs, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

MAY 23, 2019

Ms. HOULAHAN (for herself, Mr. CISNEROS, and Ms. STEFANIK) introduced the following bill; which was referred to the Committee on Veterans' Affairs, and in addition to the Committee on Armed Services, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

---

## A BILL

To direct the Secretary of Defense and the Secretaries of the military departments to encourage female members who separate or retire from the Armed Forces during fiscal year 2020 to participate in the Women's Health Transition Training pilot program of the Department of Veterans Affairs, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

1   **SECTION 1. SHORT TITLE.**

2       This Act may be cited as the “Servicewomen’s Health  
3   Transition Training Act of 2019”.

4   **SEC. 2. FINDINGS; SENSE OF CONGRESS.**

5       (a) FINDINGS.—Congress finds the following:

6           (1) Women are now the fastest growing cohort  
7   of veterans and are expected to double in population  
8   by 2045.

9           (2) Women comprise approximately 2,000,000  
10   veterans in the United States and 10 percent of the  
11   total veteran population.

12          (3) Women veterans are nearly two times more  
13   likely to commit suicide than civilian women.

14          (4) On average, women do not connect with the  
15   Veterans Health Administration until 2.7 years after  
16   separating from military service.

17          (5) Female veterans have a higher rate of  
18   homelessness than their male counterparts.

19          (6) One in five female members of the Armed  
20   Forces report experiencing military sexual trauma.

21          (b) STATEMENT OF POLICY OBJECTIVES.—It is in  
22   the national interest of the United States to ensure female  
23   veterans receive a high quality of care by promoting pro-  
24   grams and initiatives that—

1                         (1) educate women separating from active duty  
2                         in the Armed Forces of the services available to  
3                         them through the Department of Veterans Affairs;

4                         (2) encourage women to enroll in the system of  
5                         enrollment of the Veterans Health Administration;  
6                         and

7                         (3) increase the number of women receiving  
8                         health care from the Veterans Health Administra-  
9                         tion.

10                         (c) SENSE OF CONGRESS.—It is the sense of the Con-  
11                         gress that the Department of Veterans Affairs, in piloting  
12                         the Women's Health Transition Assistance Program, has  
13                         found that the pilot program has—

14                         (1) educated hundreds of women, 99 percent of  
15                         whom would recommend the program to others, in  
16                         the process of separating or retiring from the Armed  
17                         Forces, of the care they can receive from the De-  
18                         partment of Veterans Affairs;

19                         (2) improved awareness among pilot program  
20                         participants of services available from the Depart-  
21                         ment of Veterans Affairs by 56 percent; and

22                         (3) increased pilot program participants' intent  
23                         to enroll with the Department of Veterans Affairs by  
24                         13.1 percent, increased pilot program participants'  
25                         intent to use Veteran Affairs health care services by

1       15.6 percent, and increased pilot program participants' intent to use Veterans Affairs suicide prevention services, if needed, by 19.3 percent.

4       **SEC. 3. PARTICIPATION IN THE WOMEN'S HEALTH TRANSITION TRAINING PILOT PROGRAM OF THE DEPARTMENT OF VETERANS AFFAIRS.**

7       (a) IN GENERAL.—The Secretary of Defense shall direct—

9               (1) the Secretaries of the military departments to encourage female members who separate or retire from the Armed Forces during fiscal year 2020 to participate in the Women's Health Transition Training pilot program of the Department of Veterans Affairs at locations selected by the Secretaries of the military departments; and

16               (2) commanders of military installations that have centers for the Transition Assistance Program under sections 1142 and 1144 of title 10, United States Code, to advertise the Women's Health Transition Training pilot program to female members described in paragraph (1).

22       (b) REPORT.—Not later than February 1, 2021, the Secretary of Defense, in consultation with the Secretary of Veterans Affairs, shall submit to Congress a report re-

1 garding participation described in subsection (a). The re-  
2 port shall include the following:

3 (1) The number of participants in the pilot pro-  
4 gram.

5 (2) The number of pilot program sessions and  
6 the locations at which the sessions were held.

7 (3) Available metrics including course satisfa-  
8 tion and improved awareness of health services fur-  
9 nished by the Secretary of Veterans Affairs.

10 (4) Barriers to expanding the pilot program to  
11 reach more female members of the Armed Forces.

12 (5) Barriers to offering the pilot program online  
13 to reach female members of the Armed Forces who  
14 cannot attend in person.

15 (6) Recommendations for legislation to improve  
16 or expand the pilot program.
