

116TH CONGRESS
1ST SESSION

H. R. 36

AN ACT

To provide for research to better understand the causes and consequences of sexual harassment affecting individuals in the scientific, technical, engineering, and mathematics workforce and to examine policies to reduce the prevalence and negative impact of such harassment, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the
5 “Combating Sexual Harassment in Science Act of 2019”.

6 (b) TABLE OF CONTENTS.—The table of contents for
7 this Act is as follows:

- Sec. 1. Short title; table of contents.
- Sec. 2. Findings.
- Sec. 3. Definitions.
- Sec. 4. Research grants.
- Sec. 5. Data collection.
- Sec. 6. Responsible conduct guide.
- Sec. 7. Interagency working group.
- Sec. 8. National academies assessment.
- Sec. 9. Authorization of appropriations.

8 **SEC. 2. FINDINGS.**

9 Congress makes the following findings:

10 (1) According to the report issued by the Na-
11 tional Academies of Sciences, Engineering, and Med-
12 icine in 2018 entitled “Sexual Harassment of
13 Women: Climate, Culture, and Consequences in Aca-
14 demic Sciences, Engineering, and Medicine”—

15 (A) sexual harassment is pervasive in insti-
16 tutions of higher education;

17 (B) the most common type of sexual har-
18 assment is gender harassment, which includes
19 verbal and nonverbal behaviors that convey in-
20 sulting, hostile, and degrading attitudes about
21 members of one gender;

(D) women who are members of racial or ethnic minority groups are more likely to experience sexual harassment and to feel unsafe at work than White women, White men, or men who are members of such groups;

11 (E) the training for each individual who
12 has a doctor of philosophy in the science, tech-
13 nology, engineering, and mathematics fields is
14 estimated to cost approximately \$500,000; and

(F) attrition of an individual so trained results in a loss of talent and money.

(2) Sexual harassment undermines career advancement for women.

1 (4) Many women report leaving employment at
2 institutions of higher education due to sexual har-
3 assment.

4 (5) Research shows the majority of individuals
5 do not formally report experiences of sexual harass-
6 ment due to a justified fear of retaliation or other
7 negative professional or personal consequences.

8 (6) Reporting procedures with respect to such
9 harassment are inconsistent among Federal science
10 agencies and have varying degrees of accessibility.

11 (7) There is not adequate communication
12 among Federal science agencies and between such
13 agencies and grantees regarding reports of sexual
14 harassment, which has resulted in harassers receiv-
15 ing Federal funding after moving to a different in-
16 stitution.
