5 (a) REVIEW.—In order to determine whether current
6 Federal policy relating to levee vegetation is appropriate
7 for all regions of the United States, the Secretary of the
8 Army shall undertake a comprehensive review of the Corps
9 of Engineers policy guidelines on vegetation management

13 (b) FACTORS.—

14 (1) IN GENERAL.—In conducting the review,

19 provide the greatest levee safety benefit with
20 limited resources;

21 (B) preserving, protecting, and enhancing
22 natural resources, including the potential ben-

8 Such factors may include regional or watershed soil
9 conditions, hydrologic factors, vegetation patterns
10 and characteristics, environmental resources, levee
11 performance history, institutional considerations,
12 and other relevant factors. The scope of a variance
13 approved by the Secretary may include an exemption
14 to national guidelines where appropriate.

15 (c) COOPERATION AND CONSULTATION; REC-
16 OMMENDATIONS.—

17 (1) IN GENERAL.—The review shall be under-

7 Secretary under this section.

8 (2) CONTENT; INCORPORATION INTO MAN-
9 UAL.—The revised guidelines shall—

10 (A) provide a practical process for approv-

15 ations, environmental quality, implementation
16 challenges, and allocation of responsibilities;
