

116TH CONGRESS
2^D SESSION

H. R. 7276

AN ACT

To establish an interagency working group to develop a comprehensive, strategic plan to control locust outbreaks in the East Africa region and address future outbreaks in order to avert mass scale food insecurity and potential political destabilization, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Desert Locust Control
3 Act”.

4 **SEC. 2. STATEMENT OF POLICY.**

5 It is the policy of the United States to prioritize ef-
6 forts to control the ongoing desert locust outbreak in East
7 Africa and other affected regions, mitigate the impacts on
8 food security, economic productivity, and political sta-
9 bility, improve interagency coordination to prevent future
10 outbreaks, and promote resilience in affected countries.

11 **SEC. 3. FINDINGS.**

12 Congress finds the following:

13 (1) The United States Agency for International
14 Development reports that countries in East Africa
15 are currently suffering the worst desert locust out-
16 break in decades, which will devour crops and pas-
17 ture and destroy local livelihoods across the region.

18 (2) As of June 2020, there were more than 26
19 million people experiencing acute food insecurity in
20 Ethiopia, Kenya, Somalia, South Sudan, Tanzania,
21 Uganda, Sudan, and Djibouti, and these numbers
22 are projected to increase if the desert locust out-
23 break is not controlled.

24 (3) As the desert locust outbreak continues,
25 there may be insufficient resources to continue to
26 conduct aerial spraying and without such resources

1 the current outbreak could develop into a plague by
2 the end of 2020.

3 (4) The desert locust outbreak in East Africa,
4 particularly in Kenya, Ethiopia, and Somalia, is neg-
5 atively impacting food security, local livelihoods and
6 economic productivity, and may threaten political
7 stability in the region.

8 (5) Proactive investments now to control the
9 desert locust outbreak could reduce the need for a
10 much larger United States humanitarian response
11 effort later, as well as support economic and political
12 stability and build resilience in affected countries.

13 (6) In order to optimize the United States re-
14 sponse to the desert locust outbreak, an interagency
15 working group should be established to develop and
16 implement a comprehensive, strategic plan to control
17 the desert locust outbreak in East Africa and other
18 affected regions, mitigate impacts on food security,
19 economic productivity, and political stability and
20 prevent future outbreaks.

21 **SEC. 4. INTERAGENCY WORKING GROUP.**

14 tilateral efforts to control the desert locust outbreak
15 and the coordination among relevant United States
16 Government agencies, regional governments, and

18 Food Programme and the United Nations Food and

21 ment of the interagency working group under sub-
22 section (a), develop and submit to the President and

24 prehensive, strategic plan to control the desert locust
25 outbreak, including a description of efforts to—

13 mitigate future desert locust and other, similar
14 destructive insect outbreaks (such as Fall
15 Armyworm) in Africa and other parts of the
16 world, which require a humanitarian response.

2 curs earlier.

3 (f) APPROPRIATE CONGRESSIONAL COMMITTEES DE-

8 resentatives; and

Passed the House of Representatives November 18,
