IN THE HOUSE OF REPRESENTATIVES

AUGUST 28, 2020

Mr. GONZALEZ of Ohio (for himself, Mr. GOLDEN, Mr. GONZALEZ of Texas, and Ms. STEFANIK) introduced the following bill; which was referred to the Committee on Oversight and Reform, and in addition to the Committee on the Budget, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To provide emergency appropriations to the United States Postal Service to cover losses related to the COVID–19 crisis and to direct the Board of Governors of the United States Postal Service to develop a plan for ensuring the long-term solvency of the Postal Service.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Postal Service Emer-
5 gency Assistance Act”.

1 **SEC. 2. FINDINGS.**

2 The Congress finds the following:

3 (1) By law, the Postal Service operates as “a
4 basic and fundamental service provided to the people
5 by the Government of the United States” and must
6 serve rural, suburban, and urban areas throughout
7 the United States.

8 (2) The Postal Service is a lifeline for busi-
9 nesses and consumers across the United States, es-
10 pecially those in remote and rural areas of the coun-
11 try, delivering business correspondence, educational,
12 cultural and scientific information, critical prescrip-
13 tions and medications, household items, and com-
14 mercial goods with affordable, reliable service not
15 fewer than 6 days per week.

16 (3) The Postal Service helps small businesses
17 stay connected with their customers no matter where
18 they are located or where their customers live.

19 (4) Since 1970, the Postal Service has been
20 charged with operating as a self-sustaining entity
21 and its operations are funded from postage paid for
22 mail and shipping and not primarily by taxpayer
23 funds.

24 (5) The Government Accountability Office re-
25 ports that the Postal Service has lost approximately
26 \$78,000,000,000 from fiscal year 2007 through

1 2019 due primarily to declining mail volumes and
2 rising costs.

3 (6) Package delivery volumes have more than
4 doubled since 2010, but the Postal Service faces
5 competition in this area.

6 (7) The Postal Service is not on a sustainable
7 path and needs reform to be viable over the long
8 term.

9 (8) Reforms must be focused on the long-term
10 solvency of the Postal Service while ensuring the
11 greatest benefit to the public and 630,000 employees
12 of the Postal Service.

13 (9) By law, the authority for operation and
14 strategic direction of the Postal Service, an inde-
15 pendent establishment of the executive branch, is
16 delegated to the Board of Governors of the Postal
17 Service, including the Postmaster General.

18 (10) On May 6, 2020, the Board of Governors
19 of the Postal Service selected Louis DeJoy as the
20 75th Postmaster General of the United States.

21 (11) The new Postmaster General should be
22 given the opportunity to review the operations and
23 finances of the Postal Service and, in coordination
24 with the rest of the Board of Governors of the Post-

1 al Service, propose a plan to ensure its long-term vi-
2 ability.

3 (12) At the same time, the COVID–19 pan-
4 demic has significantly contributed to the decline in
5 market dominant mail volumes and revenues while
6 increasing costs, putting additional stress on the fi-
7 nancial situation of the Postal Service.

8 (13) Now more than ever, affordable mail and
9 package delivery provided by the Postal Service is a
10 lifeline for people in the United States, especially for
11 seniors and others living in remote and rural areas.

12 (14) The critical services the Postal Service
13 provides will play a fundamental part of the eco-
14 nomic recovery of the United States.

15 (15) Congress should provide immediate emer-
16 gency appropriations to cover financial losses to the
17 Postal Service caused by the COVID–19 pandemic
18 in order to keep the Postal Service operating without
19 interruptions in service and to give the new Post-
20 master General and the Board of Governors of the
21 Postal Service time to formulate and propose to
22 Congress a plan to ensure the long-term viability of
23 the Postal Service.
