11 For purposes of section 1110 of this title, and subject to
12 section 1113 of this title, each disease specified in para-
13 graph (2) becoming manifest as specified in that para-
14 graph shall be considered to have been incurred in or ag-
15 gravated by service referred to in that paragraph, notwith-
16 standing that there is no record of evidence of such disease
17 during the period of such service.

18 “(2) A disease specified in this paragraph is any dis-
19 ease that—

20 “(A) the Secretary determines in regulations
21 prescribed under this section warrants a presump-
22 tion of service connection by reason of having suffi-
23 cient evidence of positive association with exposure
24 to a toxic substance; and

25 “(B) becomes manifest within the period, if
26 any, prescribed in such regulations in a veteran who

1 was exposed to that toxic substance during active
2 military, naval, or air service.

3 “(3)(A) For purposes of this subsection, the Sec-
4 retary may presume that a veteran who has a disease spec-
5 ified in paragraph (2) was exposed to the toxic substance
6 for which the Secretary has determined under paragraph
7 (2)(A) warrants a presumption of service connection by
8 reason of having sufficient evidence of positive association
9 with exposure to the toxic substance, notwithstanding that
10 there is no record of evidence of such exposure, if the Sec-
11 retary determines based on one or more of the factors set
12 forth in subparagraph (B) that a presumption of exposure
13 is warranted.

14 “(B) The factors set forth in this subparagraph are
15 as follows:

16 “(i) The duty location of the veteran.

17 “(ii) The length of service of the veteran.

18 “(iii) Such other factors as the Secretary con-
19 siders appropriate.

20 “(b) DETERMINATIONS RELATING TO DISEASES.—

21 (1) Whenever the Secretary determines, on the basis of
22 sound medical and scientific evidence, that sufficient evi-
23 dence of positive association exists between the exposure
24 of humans to a toxic substance and the occurrence of a
25 disease in humans, the Secretary shall prescribe regula-

1 tions providing that a presumption of service connection
2 is warranted for that disease for purposes of this section.

3 “(2) In making determinations under paragraph (1),
4 the Secretary shall take into account—

5 “(A) reports received by the Secretary from the
6 National Academies of Sciences, Engineering, and
7 Medicine under section 202(g) of the Toxic Expo-
8 sure in the American Military Act of 2020; and

9 “(B) all other sound medical and scientific in-
10 formation and analyses available to the Secretary.

11 “(3)(A) In evaluating any report, information, or
12 analysis for purposes of making such determinations, the
13 Secretary shall consider only scientific studies that are
14 valid in accordance with contemporary scientific stand-
15 ards.

16 “(B) The Secretary may define the standards de-
17 scribed in subparagraph (A) for purposes of that subpara-
18 graph.

23 emies of Sciences, Engineering, and Medicine under sec-
24 tion 202(g) of the Toxic Exposure in the American Mili-
25 tary Act of 2020, the Secretary shall determine whether

1 a presumption of service connection is warranted for each
2 disease covered by the report.

3 “(2) If the Secretary determines under paragraph (1)
4 that a presumption of service connection is warranted for
5 a disease, the Secretary shall, not later than 60 days after
6 making the determination, issue proposed regulations set-
7 ting forth the determination.

8 “(3)(A) If the Secretary makes a determination de-
9 scribed in subparagraph (B), the Secretary shall, not later
10 than 60 days after making the determination, publish in
11 the Federal Register a notice of the determination.

12 “(B) A determination described in this subparagraph
13 is a determination by the Secretary under paragraph (1)
14 that a presumption of service connection is not warranted
15 for a disease as to which the National Academies of
16 Sciences, Engineering, and Medicine determined that
17 there was—

18 “(i) sufficient evidence of an association be-
19 tween the exposure of humans to a toxic substance
20 and the occurrence of the disease in humans; or

21 “(ii) limited evidence or suggestive evidence of
22 such an association.

23 “(C) Any notice published under subparagraph (A)
24 shall include an explanation of the scientific basis for the
25 determination described in subparagraph (B).

1 “(D) If a disease already presumed to be service con-
2 nected under this section is subject to a determination de-
3 scribed in subparagraph (B), the Secretary shall, not later
4 than 60 days after publication of the notice under sub-
5 paragraph (A), issue proposed regulations removing the
6 presumption of service connection for the disease.

7 “(4) Not later than 180 days after the date on which
8 the Secretary issues any proposed regulations under this
9 subsection, the Secretary shall issue final regulations.

10 “(d) REMOVAL OF PRESUMPTION OF SERVICE CON-
11 NECTION.—Whenever the presumption of service connec-
12 tion for a disease under this section is removed under sub-
13 section (c)—

14 “(1) a veteran who was awarded compensation
15 for the disease on the basis of the presumption be-
16 fore the effective date of the removal of the pre-
17 sumption shall continue to be entitled to receive
18 compensation on that basis; and

19 “(2) a survivor of a veteran who was awarded
20 dependency and indemnity compensation for the
21 death of a veteran resulting from the disease on the
22 basis of the presumption before that date shall con-
23 tinue to be entitled to receive dependency and in-
24 demnity compensation on that basis.

1 “(e) REFERENCE TO NATIONAL ACADEMIES OF
2 SCIENCES, ENGINEERING, AND MEDICINE.—In the case
3 that the Secretary enters into an agreement with another
4 organization as described in section 202(h)(1) of the Toxic
5 Exposure in the American Military Act of 2020, any ref-
6 erence in this section to the National Academies of
7 Sciences, Engineering, and Medicine shall be treated as
8 a reference to the other organization.

9 “(f) DEFINITIONS.—In this section:

10 “(1) The term ‘sufficient evidence of positive
11 association’ means, with respect to an association
12 between exposure to a toxic substance and the occur-
13 rence of a disease in humans, that—

14 “(A) there is credible evidence for the asso-
15 ciation and such evidence is equal to or out-
16 weighs the credible evidence against the associa-
17 tion; and

18 “(B) the association has been observed in
19 studies in which chance, bias, and confounding
20 can be ruled out with reasonable confidence.
