

118TH CONGRESS  
1ST SESSION

# H. RES. 374

Supports the designation of “ALS Awareness Month”.

---

## IN THE HOUSE OF REPRESENTATIVES

MAY 9, 2023

Mr. CROW (for himself, Mr. FITZPATRICK, Ms. SEWELL, Mr. CALVERT, Mrs. LEE of Nevada, Mr. QUIGLEY, and Mr. BACON) submitted the following resolution; which was referred to the Committee on Energy and Commerce

---

## RESOLUTION

Supports the designation of “ALS Awareness Month”.

Whereas amyotrophic lateral sclerosis (referred to in this preamble as “ALS”) is a progressive neurodegenerative disease that affects nerve cells in the brain and the spinal cord;

Whereas the life expectancy for an individual with ALS is between 2 and 5 years after the date on which the individual receives an ALS diagnosis;

Whereas ALS occurs throughout the world with no racial, ethnic, gender, or socioeconomic boundaries;

Whereas ALS may affect any individual in any location;

Whereas the cause of ALS is unknown in up to 90 percent of cases;

Whereas approximately 10 percent of cases have a strong known genetic driver;

Whereas, on average, the period between the date on which an individual first experiences symptoms of ALS and the date on which the individual is diagnosed with ALS is more than 1 year;

Whereas the onset of ALS often involves muscle weakness or stiffness, and the progression of ALS results in the further weakening, wasting, and paralysis of—

(1) the muscles of the limbs and trunk; and

(2) the muscles that control vital functions, such as speech, swallowing, and breathing;

Whereas ALS can strike individuals of any age but predominantly strikes adults;

Whereas it is estimated that tens of thousands of individuals in the United States have ALS at any given time;

Whereas, based on studies of the population of the United States, more than 5,000 individuals in the United States are diagnosed with ALS each year, and 15 individuals in the United States are diagnosed with ALS each day;

Whereas every 90 minutes an individual dies from ALS;

Whereas the majority of individuals with ALS die of respiratory failure;

Whereas military veterans are more likely to be diagnosed with ALS than those with no history of military service;

Whereas as of the date of introduction of this resolution, there is no cure for ALS;

Whereas the spouses, children, and family members of individuals living with ALS provide support to those individuals with love, day-to-day care, and more; and

Whereas an individual with ALS, and the caregivers of such an individual, can be required to bear significant costs for medical care, equipment, and home care services for the individual as the disease progresses: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) supports the designation of “ALS Aware-  
3       ness Month”;

4               (2) affirms the dedication of the House of Rep-  
5       resentatives to ensuring people with ALS have ac-  
6       cess to effective treatments as soon as possible and  
7       identifying risk factors and causes of ALS to pre-  
8       vent new cases;

9               (3) affirms the dedication of the House of Rep-  
10       resentatives to empowering people with ALS to en-  
11       gage with the world in the way they want;

12               (4) affirms the dedication of the House of Rep-  
13       resentatives to reducing physical, emotional, and fi-  
14       nancial burdens of living with ALS;

15               (5) affirms the dedication of the House of Rep-  
16       resentatives to ensuring all people with ALS and  
17       their caregivers receive high-quality services and  
18       supports that benefit them; and

19               (6) commends the dedication of the family  
20       members, friends, organizations, volunteers, re-  
21       searchers, and caregivers across the United States

1       that are working to improve the quality and length  
2       of life of ALS patients and the development of treat-  
3       ments and cures that reach patients as soon as pos-  
4       sible.
