1ST SESSION

H. RES. 488

Supporting the goals and ideals of National Retirement Security Week, including raising public awareness of the various tax-preferred retirement vehicles, increasing personal financial literacy, and engaging the people of the United States on the keys to success in achieving and maintaining retirement security throughout their lifetimes.

IN THE HOUSE OF REPRESENTATIVES

OCTOBER 22, 2015

Mr. POLIS (for himself, Mr. ROE of Tennessee, Ms. WILSON of Florida, and Ms. STEFANIK) submitted the following resolution; which was referred to the Committee on Ways and Means

RESOLUTION

Supporting the goals and ideals of National Retirement Security Week, including raising public awareness of the various tax-preferred retirement vehicles, increasing personal financial literacy, and engaging the people of the United States on the keys to success in achieving and maintaining retirement security throughout their lifetimes.

Whereas people in the United States are living longer, and the cost of retirement is increasing significantly;

Whereas Social Security remains the bedrock of retirement income for the great majority of the people of the United States but was never intended by Congress to be the sole source of retirement income for families;

Whereas recent data from the Employee Benefit Research Institute indicates that, in the United States—

(1) only approximately $\frac{2}{3}$ of workers or the spouses of the workers are saving for retirement; and

(2) the amount that workers have saved for retirement is much less than the amount the workers need to adequately fund their retirement years;

Whereas the financial literacy of workers in the United States is important for the workers to understand the need to save for retirement;

Whereas saving for retirement is a key component of overall financial health and security during retirement years, and the importance of financial literacy in planning for retirement must be advocated;

Whereas many workers may not—

(1) be aware of the various options in saving for retirement; or

(2) have focused on the importance of, and need for, saving for retirement and successfully achieving retirement security;

Whereas, although many employees have access through their employers to defined benefit and defined contribution plans to assist the employees in preparing for retirement, many of the employees may not be taking advantage of those plans at all or to the full extent allowed by Federal law;

Whereas saving for retirement is necessary even during economic downturns or market declines, which makes continued contributions all the more important;

Whereas all workers, including public and private sector employees, employees of tax-exempt organizations, and self-

employed individuals, can benefit from developing personal budgets and financial plans that include retirement savings strategies that take advantage of tax-preferred retirement savings vehicles;

Whereas effectively and sustainably withdrawing retirement resources throughout the retirement years of an individual is as important and crucial as saving and accumulating funds for retirement; and

Whereas the week of October 18 through October 24, 2015, has been designated as “National Retirement Security Week”: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) supports the goals and ideals of National
3 Retirement Security Week, including raising public
4 awareness of the importance of saving adequately for
5 retirement;

6 (2) acknowledges the need to raise public
7 awareness of a variety of tax-preferred retirement
8 vehicles that are used by many people in the United
9 States but could be used by more; and

10 (3) calls on States, localities, schools, univer-
11 sities, nonprofit organizations, businesses, other en-
12 tities, and the people of the United States to observe
13 National Retirement Security Week with appropriate
14 programs and activities, with the goal of increasing
15 the retirement savings and personal financial lit-
16 eracy of all people in the United States, thereby en-

1 hancing the retirement security of the people of the
2 United States.
