1ST SESSION

H. RES. 771

Censuring the President of the United States.

IN THE HOUSE OF REPRESENTATIVES

DECEMBER 18, 2019

Ms. GABBARD submitted the following resolution; which was referred to the Committee on the Judiciary

RESOLUTION

Censuring the President of the United States.

Whereas, in his conduct of the office of President of the United States—and in violation of his constitutional oath to faithfully execute the office of the President of the United States and, to the best of his ability, preserve, protect, and defend the Constitution of the United States, and in violation of his constitutional duty to take care that the laws be faithfully executed—Donald J. Trump, acting both directly and through his agents within and outside the United States Government, abused the powers of the Presidency for his own personal political gain;

Whereas President Trump, using the powers of his high office, solicited the interference of Ukraine in the 2020 United States Presidential election;

Whereas President Trump conducted a scheme or course of conduct that included a recorded telephone conversation with President Zelensky, soliciting the Government of Ukraine to investigate his political rival, former Vice President Joseph R. Biden, Jr.;

Whereas President Trump abused the powers of the Presidency by ignoring or injuring vital national interests to obtain an improper personal political benefit by abusing his high office to undermine the integrity of the United States democratic process;

Whereas President Trump has undermined America's national security and the safety of our people with a growing list of unconstitutional and reckless actions, including but not limited to:

- (1) Violating the War Powers Resolution and Article I of the Constitution by carrying out acts of war without Congressional approval.
- (2) Illegally and unconstitutionally using U.S. military forces to occupy and pillage oilfield reserves of Syria, a sovereign nation.
- (3) Recklessly enabling President Erdogan of Turkey to invade and occupy Northern Syria and conduct ethnic cleansing of Syrian Kurds.
- (4) Continued support for Saudi Arabia's genocidal war in Yemen that has caused death, suffering, and starvation.
- (5) Recklessly abandoning nuclear agreements and treaties, like the INF treaty with Russia and the Iran nuclear agreement, thereby increasing the risk of nuclear war, nuclear proliferation, and war with Iran.

In these and other ways, President Donald Trump has undermined the safety and security of the American people;

Whereas President Trump has demonstrated that he has acted in a manner grossly incompatible with self-governance and the rule of law; and

Whereas President Trump has acted in a manner contrary to the trust voters placed in him as President, to the great prejudice of the cause of law and justice, and to the manifest injury of the people of the United States: Now, therefore, be it

1 *Resolved*, That the House of Representatives does

12 frain from any conduct that invites foreign inter-
13 ference in United States elections or undermines
14 United States Government investigations into for-
15 eign interference;
