

116TH CONGRESS
1ST SESSION

S. 2246

To amend titles XVIII and XIX of the Social Security Act to provide equal coverage of in vitro specific IgE tests and percutaneous tests for allergies under the Medicare and Medicaid programs, and for other purposes.

IN THE SENATE OF THE UNITED STATES

JULY 24, 2019

Mr. MORAN introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To amend titles XVIII and XIX of the Social Security Act to provide equal coverage of in vitro specific IgE tests and percutaneous tests for allergies under the Medicare and Medicaid programs, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Allergy Testing Access
5 Act of 2019”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) Allergies, when not properly diagnosed, can-
2 not be effectively treated.

3 (2) Allergies to food, inhaled particles, or other
4 sources can cause debilitating and, in some cases,
5 fatal reactions.

6 (3) Allergies can substantially compound other
7 illnesses, including asthma, emphysema, and adult
8 obstructive pulmonary diseases, leading to social and
9 economic costs for families and our Nation's health
10 care system.

11 (4) According to clinical guidelines from the
12 National Institutes of Health and recommendations
13 from peer-reviewed literature, in vitro specific IgE
14 tests and percutaneous tests are considered equiva-
15 lent as confirmatory tests in terms of their sensi-
16 tivity and accuracy.

17 (5) Despite these recommendations, some cur-
18 rent Medicare local coverage determinations and
19 Medicaid coverage policies deny equal access to in
20 vitro specific IgE tests and percutaneous tests.

21 (6) In vitro specific IgE tests and percutaneous
22 tests must be equally accessible for clinicians and
23 patients to improve health outcomes, reduce system
24 costs, and reduce current health care disparities
25 caused by the lack of equal coverage.
