## A BILL

To provide certain coverage of audiologist services under the Medicare program, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Medicare Audiologist  
5       Access and Services Act of 2019”.

6       **SEC. 2. FINDINGS.**

7       Congress finds the following:

8           (1) Individuals with mild hearing loss are 3  
9       times more likely to experience a fall, and falls are

1       the leading cause of fatal injury for Americans over  
2       65.

3           (2) Seniors with hearing loss are more likely to  
4       develop cognitive problems and experience cognitive  
5       decline up to 40 percent faster than those without  
6       hearing loss.

7           (3) Untreated hearing loss can lead to depression,  
8       anxiety, and social isolation.

9           (4) Timely access to diagnosis and treatment  
10      for hearing and vestibular conditions can improve  
11      outcomes for beneficiaries and reduce overall cost of  
12      care.

13          (5) Licensed audiologists in all 50 States and  
14       the District of Columbia are health care professionals  
15       trained in the diagnosis, treatment, and rehabilitation  
16       of individuals with hearing, balance, and related disorders.

18          (6) The Medicare program covers a range of  
19       hearing health services, including diagnostic and  
20       therapeutic services. However, Medicare will only reimburse  
21       audiologists for a narrow set of diagnostic services—even when Medicare-covered treatment services are in the scope of practice of audiologists.  
22       Medicare also requires patients to receive a physician order before even receiving diagnostic services

1 from audiologists in order for those services to be  
2 covered by Medicare.

3 (7) The Department of Defense Medical Health  
4 System, the Veterans Health Administration, the Of-  
5 fice of Personnel Management (through many of its  
6 Federal Employees Health Benefits plans), and  
7 many Medicaid and private health plans provide pa-  
8 tients “direct access” to audiologists and do not con-  
9 dition reimbursement on referral by a physician.

10 (8) The National Academy of Sciences, Engi-  
11 neering, and Medicine issued a report, entitled  
12 ,“Hearing Health Care for Adults: Priorities for Im-  
13 proving Access and Affordability”, which rec-  
14 commended that the Centers for Medicare & Medicaid  
15 Services “examine pathways for enhancing access to  
16 assessment for and delivery of auditory rehabilita-  
17 tion services” through Medicare, “including reim-  
18 bursement to audiologists for these services”.

19 (9) Administrative requirements for referral,  
20 plan of care, consultation with the attending physi-  
21 cian or other health care practitioner, and oversight  
22 unnecessarily delay care and may increase costs.

23 (10) Medicare beneficiaries should have access  
24 to the same level of audiology care as is available  
25 in the Veterans Administration, under the Federal

1 Employees Health Benefits Program, and under pri-  
2 vate insurance.

3 **SEC. 3. MEDICARE COVERAGE OF AUDIOLOGIST SERVICES.**

4 (a) IN GENERAL.—Section 1861(s) of the Social Se-  
5 curity Act (42 U.S.C. 1395x(s)) is amended—

25 ICES.—Paragraph (3) of section 1861(ll) of the Social Se-

2 follows:

3       “(3) The term ‘audiologist services’ means such diag-  
4 nostic or treatment services furnished by a qualified audi-  
5 ologist which the qualified audiologist is legally authorized  
6 to perform under State law (or the regulatory mechanism  
7 provided by State law), as would otherwise be covered if  
8 furnished by a physician or as an incident to a physician’s  
9 service, without regard to any requirement that the indi-  
10 vidual receiving such audiologist services is under the care  
11 of (or referred by) a physician or other health care practi-  
12 tioner or that such services are furnished under the super-

12 “(vii) An audiologist.”.

## 17 SEC. 4. RULE OF CONSTRUCTION.

be construed to expand the scope of audiologist services  
or services for which payment may be made to other pro-  
viders under title XVIII of the Social Security Act (42  
U.S.C. 1395 et seq.) beyond those services for which such  
payment may be made as of December 31, 2019.

1   **SEC. 5. EFFECTIVE DATE.**

2         The amendments made by this Act shall apply to
