

Calendar No. 570113TH CONGRESS
2^D SESSION**S. 2583**

To promote the non-exclusive use of electronic labeling for devices licensed
by the Federal Communications Commission.

IN THE SENATE OF THE UNITED STATES

JULY 10, 2014

Mrs. FISCHER (for herself and Mr. ROCKEFELLER) introduced the following
bill; which was read twice and referred to the Committee on Commerce,
Science, and Transportation

SEPTEMBER 17 (legislative day, SEPTEMBER 16), 2014

Reported by Mr. ROCKEFELLER, without amendment

A BILL

To promote the non-exclusive use of electronic labeling for
devices licensed by the Federal Communications Commission.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Enhance Labeling, Ac-
5 cessing, and Branding of Electronic Licenses Act of 2014”
6 or the “E-LABEL Act”.

1 **SEC. 2. FINDINGS.**

2 Congress finds the following:

3 (1) The Federal Communications Commission
4 (referred to in this section as the “Commission”)
5 first standardized physical labels for licensed prod-
6 ucts such as computers, phones, and other electronic
7 devices in 1973, and the Commission has continually
8 refined physical label requirements over time.

9 (2) As devices become smaller, compliance with
10 physical label requirements can become more dif-
11 ficult and costly.

12 (3) Many manufacturers and consumers of li-
13 censed devices in the United States would prefer to
14 have the option to provide or receive important Com-
15 mission labeling information digitally on the screen
16 of the device, at the discretion of the user.

17 (4) An electronic labeling option would give
18 flexibility to manufacturers in meeting labeling re-
19 quirements.

20 **SEC. 3. AUTHORIZATION FOR FEDERAL COMMUNICATIONS**

21 **COMMISSION TO ALLOW ELECTRONIC LABEL-**
22 **ING.**

23 Title VII of the Communications Act of 1934 (47
24 U.S.C. 601 et seq.) is amended by adding at the end the
25 following:

1 **“SEC. 720. OPTIONAL ELECTRONIC LABELING OF COMMU-**
2 **NICATIONS EQUIPMENT.**

3 “(a) DEFINITIONS.—In this section—

4 “(1) the term ‘electronic labeling’ means dis-
5 playing required labeling and regulatory information
6 electronically; and

7 “(2) the term ‘radiofrequency device with dis-
8 play’ means any equipment or device that—

9 “(A) is required under regulations of the
10 Commission to be authorized by the Commis-
11 sion before the equipment or device may be
12 marketed or sold within the United States; and

13 “(B) has the capability to digitally display
14 required labeling and regulatory information.

15 “(b) REQUIREMENT TO PROMULGATE REGULATIONS
16 FOR ELECTRONIC LABELING.—Not later than 9 months
17 after the date of enactment of the Enhance Labeling, Ac-
18 cessing, and Branding of Electronic Licenses Act of 2014,
19 the Commission shall promulgate regulations or take other
20 appropriate action, as necessary, to allow manufacturers
21 of radiofrequency devices with display the option to use
22 electronic labeling for the equipment in place of affixing
23 physical labels to the equipment.”.

24 **SEC. 4. SAVINGS CLAUSE.**

25 The amendment made by section 3 shall not be con-
26 strued to affect the authority of the Federal Communica-

1 tions Commission under section 302 of the Communica-
2 tions Act of 1934 (47 U.S.C. 302a) to provide for elec-
3 tronic labeling of devices.
