## A BILL

To establish a Restore Employment in Natural and Environmental Work Conservation Corps in the Department of the Interior and the Department of Agriculture, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Restore Employment  
5 in Natural and Environmental Work Conservation Corps  
6 Act” or the “RENEW Conservation Corps Act”.

7       **SEC. 2. FINDINGS AND PURPOSES.**

8       (a) FINDINGS.—Congress finds that—

1           (1) as a result of the Coronavirus Disease 2019  
2 (COVID–19) pandemic, more than 40,000,000 peo-  
3 ple in the United States have filed claims for unem-  
4 ployment benefits since March 2020, which is a level  
5 of unemployment not seen since the Great Depres-  
6 sion;

7           (2) investments in fish, wildlife, and habitat  
8 restoration and outdoor recreation infrastructure  
9 generate as many as 33 jobs per \$1,000,000 in-  
10 vested, as demonstrated by the American Recovery  
11 and Reinvestment Act of 2009 (Public Law 111–5;  
12 123 Stat. 115);

13           (3) the outdoor recreation economy—

14           (A) generates \$887,000,000,000 in eco-  
15 nomic activity each year, which is 2.2 percent  
16 of the gross domestic product of the United  
17 States, according to the Bureau of Economic  
18 Analysis; and

19           (B) was 1 of the fastest growing sectors of  
20 the United States economy before the  
21 Coronavirus Disease 2019 (COVID–19) pan-  
22 demic;

23           (4) the Federal Government and State and local  
24 governments and agencies have many “shovel-ready”  
25 projects and green infrastructure maintenance back-

1 log projects that would improve the quality of life,  
2 outdoor experiences, and access to outdoor recre-  
3 ation opportunities of people of the United States on  
4 completion of the projects;

5 (5) many facilities and natural resources lo-  
6 cated on dedicated conservation land are in disrepair  
7 or degraded and in need of labor-intensive rehabili-  
8 tation, restoration, and enhancement work that can-  
9 not be carried out at existing staffing levels;

10 (6) enhancing and maintaining environmentally  
11 and recreationally important land and waters  
12 through the participation of unemployed individuals  
13 in the United States in a conservation corps could—

14 (A) provide critical employment, education,  
15 and skill development opportunities to the indi-  
16 viduals;

17 (B) prepare the individuals for permanent  
18 jobs in the conservation field; and

19 (C) benefit the economy and environment  
20 of the United States; and

21 (7) existing networks of conservation corps are  
22 in place but need additional resources in order to  
23 scale up the activities of the conservation corps to  
24 meet growing deferred maintenance needs on public  
25 land.

1 (b) PURPOSES.—The purposes of this Act are—

2 (1) to employ, during the 5-year period begin-  
3 ning on the date of enactment of this Act, a total  
4 of 1,000,000 people in the United States in dedi-  
5 cated conservation land projects to support the  
6 growing backlog of deferred conservation land  
7 projects;

8 (2) to expose Participants to public service  
9 while furthering the understanding and appreciation  
10 of the Participants of the natural and cultural re-  
11 sources of the United States;

12 (3) to stimulate interest among Participants in  
13 conservation careers by exposing the Participants to  
14 conservation professionals in land management  
15 agencies; and

16 (4) to build on the existing network of con-  
17 servation corps organizations working across the  
18 United States while providing for expanded partici-  
19 pation in urban centers.
