12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

13 **PART 1**
14 **GENERAL GOVERNMENT**

15 NEW SECTION. **Sec. 1001.** A new section is added to 2023 c 474
16 (uncodified) to read as follows:

17 **FOR THE OFFICE OF THE GOVERNOR**

18 OCO Tenant Improvements (30000001)

19 Appropriation:

1	State Building Construction Account—State.	\$350,000
2	Prior Biennia (Expenditures).	\$0
3	Future Biennia (Projected Costs).	\$0
4	TOTAL.	\$350,000

5 **Sec. 1002.** 2023 c 474 s 1013 (uncodified) is amended to read as
6 follows:

7 **FOR THE DEPARTMENT OF COMMERCE**

8 2023-25 Broadband Infrastructure Federal Match Projects
9 (40000290)

10 The appropriations in this section are subject to the following
11 conditions and limitations:

12 (1) (a) \$50,000,000 of the state building construction account—
13 state appropriation and \$11,390,000 of the public works assistance
14 account—state appropriation in this section (~~is~~) are provided
15 solely as match for federal authority allocated under this section
16 and section 7017 of this act for the statewide broadband office to
17 administer the broadband equity, access, and deployment state grants
18 program in section 60102 of P.L. 117-58 (infrastructure investment
19 and jobs act). Expenditure of the amounts in this subsection (~~is~~)
20 are contingent on the receipt of this grant funding.

21 (b) To the extent permitted by federal law, the office shall
22 provide state match only for projects where the lead applicant is a
23 public entity.

24 (c) The legislature intends to provide sufficient funds to match
25 federal funds available during the 2025-2027 fiscal biennium.

26 (2) In addition to scoring and weighting criteria established
27 pursuant to the federal broadband equity, access, and deployment
28 program, the state broadband office must establish additional
29 secondary selection criteria, including, but not limited to, criteria
30 that give weight to projects that:

31 (a) Provide open-access wholesale last-mile broadband service for
32 the useful life of the subsidized networks on fair, equal, and
33 neutral terms to all potential retail providers; and

34 (b) Demonstrate support from the local government or any tribal
35 government with oversight over the location or locations to be
36 served.

37 (3) The statewide broadband office must include, in the five-year
38 action plan developed using initial planning funds from the broadband

1 equity, access, and deployment program funded under P.L. 117-58
2 (infrastructure investment and jobs act):

3 (a) Consideration of broadband infrastructure projects that use
4 wireless technology in order to expand access at the lowest cost to
5 the most unserved or underserved residents; and

6 (b) Steps the office will take to promote: The use of existing
7 infrastructure; dig-once policies; streamlined permitting processes;
8 and cost-effective access to poles, conduits, easements, and rights-
9 of-way. To the extent permitted under federal law, the office must
10 consider creating a pool of grant funds dedicated to pole costs.

11 (4) \$300,000 of the general fund—federal appropriation provided
12 in this section is for a staff position dedicated to advising the
13 statewide broadband office on the availability and feasibility of
14 deploying new and emerging technologies in broadband internet
15 service.

16 Appropriation:

17	General Fund—Federal.	((\$150,000,000))
18		<u>\$245,560,000</u>
19	<u>Public Works Assistance Account—State.</u>	\$11,390,000
20	State Building Construction Account—State.	\$50,000,000
21	Subtotal Appropriation.	((\$200,000,000))
22		<u>\$306,950,000</u>
23	Prior Biennia (Expenditures).	\$0
24	Future Biennia (Projected Costs).	\$150,000,000
25	TOTAL.	((\$350,000,000))
26		<u>\$456,950,000</u>

27 NEW SECTION. **Sec. 1003.** A new section is added to 2023 c 474
28 (uncodified) to read as follows:

29 **FOR THE DEPARTMENT OF COMMERCE**

30 Crisis Stabilization Facility-Trueblood Phase 3 (40000601)

31 Appropriation:

32	State Building Construction Account—State.	\$5,000,000
33	Prior Biennia (Expenditures).	\$0
34	Future Biennia (Projected Costs).	\$5,000,000
35	TOTAL.	\$10,000,000

1 NEW SECTION. **Sec. 1004.** A new section is added to 2023 c 474
2 (uncodified) to read as follows:

3 **FOR THE DEPARTMENT OF COMMERCE**

4 Communities of Concern (40000603)

5 The appropriations in this section are subject to the following
6 conditions and limitations:

7 (1) The department shall not expend the appropriation in this
8 section unless and until the nonstate share of project costs have
9 been either expended or firmly committed, or both, in an amount
10 sufficient to complete the project or a distinct phase of the project
11 that is useable to the public for the purpose intended by the
12 legislature. This requirement does not apply to projects where a
13 share of the appropriation is for design costs only.

14 (2) Prior to receiving funds, project recipients must demonstrate
15 that the project site is under control for a minimum of 10 years,
16 either through ownership or a long-term lease. This requirement does
17 not apply to appropriations for preconstruction activities or
18 appropriations in which the sole purpose is to purchase real property
19 that does not include a construction or renovation component.

20 (3) Projects funded in this section may be required to comply
21 with Washington's high performance building standards under chapter
22 39.35D RCW.

23 (4) Project funds are available on a reimbursement basis only and
24 may not be advanced under any circumstances.

25 (5) In contracts for grants authorized under this section, the
26 department shall include provisions that require that capital
27 improvements be held by the grantee for a specified period of time
28 appropriate to the amount of the grant and that facilities be used
29 for the express purpose of the grant. If the grantee is found to be
30 out of compliance with provisions of the contract, the grantee shall
31 repay to the state general fund the principal amount of the grant
32 plus interest calculated at the rate of interest on state of
33 Washington general obligation bonds issued most closely to the date
34 of authorization of the grant.

35 (6) Projects funded in this section, including those that are
36 owned and operated by nonprofit organizations, are generally required
37 to pay state prevailing wages.

38 (7) The department must comply with the requirements set forth in
39 executive order 21-02 and must consult with the department of
40 archaeology and historic preservation and affected tribes on the

1 potential effects of these projects on cultural resources and
2 historic properties. Consultation with the department of archaeology
3 and historic preservation and affected tribes must be initiated
4 before project funds are made available.

5 (8) The appropriation in this section is provided solely for the
6 following list of projects:

7	Addis Village (Seattle)	\$944,000
8	African Diaspora Cultural Anchor Village (SeaTac).	\$250,000
9	Asia Pacific Cultural Center - Facility (Tacoma).	\$2,000,000
10	Bryant Manor Redevelopment - Phase II (Seattle).	\$250,000
11	FHPM Childcare Project (Bremerton).	\$200,000
12	FHPM Kitsap Way Village (Bremerton).	\$200,000
13	Monterey Lofts Renovation - Phase 2 (Seattle).	\$987,000
14	Nuwe Reis Village at Barker Creek (Bremerton).	\$2,953,000
15	Plaza Intramuros Housing Project (Lynnwood).	\$500,000
16	PRWA Infrastructure Improvement Project (Rosalia).	\$267,000
17	Rainier Valley Homeownership Initiative (Seattle).	\$500,000
18	Seattle Indian Services Commission (Seattle).	\$300,000
19	Seattle Tibetan Community Center (Seattle).	\$1,022,000
20	United Indians All Tribes Foundation (Seattle).	\$56,000

21 Appropriation:

22	State Building Construction Account—State.	\$10,429,000
23	Prior Biennia (Expenditures).	\$0
24	Future Biennia (Projected Costs).	\$0
25	TOTAL.	\$10,429,000

26 NEW SECTION. **Sec. 1005.** A new section is added to 2023 c 474
27 (uncodified) to read as follows:

28 **FOR THE DEPARTMENT OF COMMERCE**

29 Green Jobs and Infrastructure Catalytic Funds (40000604)

30 The appropriation in this section is subject to the following
31 conditions and limitations:

32 (1) The appropriation in this section is provided solely for
33 grants to eligible entities that help mitigate and reverse the
34 effects of climate change, help communities meet their energy and
35 climate change regulatory requirements, bring increased federal and
36 private investment to the state, help develop the advanced workforce
37 of the future, and ensure Washington state maintains or grows its
38 position as a world leader in developing the projects and processes

1 that are used to fight climate change globally. Eligible activities
2 under this section include, but are not limited to, planning
3 predevelopment, design, engineering, and construction of clean
4 technology projects.

5 (2) Entities eligible for grants under this section include, but
6 are not limited to, local governments, federally recognized tribal
7 governments and tribes' contracted service providers, public and
8 private utilities, ports, associate development organizations, for-
9 profit entities, academic and research institutions, nonprofit
10 organizations, and state agencies.

11 (3) Projects eligible for funding must be physically located in
12 Washington state. Eligible projects must be consistent with the state
13 energy strategy adopted under chapter 43.21F RCW and clean energy
14 policies under chapter 19.405 RCW. Projects must further the goals of
15 the climate commitment act as described in RCW 70A.65.260(1)(j).

16 (4) The department must consider equity and environmental justice
17 when developing the program structures and opportunities for
18 applicant participation and must follow principles established in its
19 community engagement plan adopted under RCW 70A.02.050.

20 (5) Except for match funds allocated in subsection (7) of this
21 section, when soliciting and evaluating grant application proposals,
22 awarding contracts, and monitoring projects under this section, the
23 department must:

24 (a) Use competitive processes to select all projects, except as
25 otherwise noted in this section. The department must design a
26 competitive process to allow provision of grant award to projects in
27 a timely manner and consistent with the project timeline.
28 Applications must be accepted on a rolling basis, and final
29 determination must be made by the department;

30 (b) Ensure compliance with all applicable laws related to the
31 project selection process, project monitoring, and contracting; and

32 (c) Prioritize projects that leverage the greatest amount of
33 matching funds, such as local levy funding or private investment in
34 advanced manufacturing capability.

35 (6) Project applicants must disclose all sources of public
36 funding invested in a project. Grant contracts must provide that if,
37 after a grant has been awarded, the department finds that a grantee
38 has violated chapter 42.52 RCW, either in procuring or performing
39 under the grant, the department in its sole discretion may terminate
40 the grant funding by written notice, and that, if the grant is

1 terminated, the department will reserve its right to pursue all
2 available remedies under law to address the violation.

3 (7) \$80,000,000 of the appropriation in this section is provided
4 solely for grants to be used as state match for competitive federal
5 funding and for formula grants that require state match. To the
6 extent practicable, the department shall prioritize grants that
7 provide benefit to vulnerable populations in overburdened
8 communities, with a goal of directing at least 20 percent of funds to
9 this purpose.

10 (8) \$50,000,000 of the appropriation in this section is provided
11 solely for grants to projects that demonstrate high-wage, clean job
12 creation in Washington, provide risk reduction for investments in
13 public and private infrastructure to enhance industrial lands in
14 order to increase a community's capacity for clean manufacturing, or
15 provide investments in workforce development to attract and train the
16 workforce required to grow the clean energy economy.

17 (9) \$6,500,000 of the appropriation in this section is provided
18 solely for the department to support access to and to flexibly
19 administer the program. The department may use these funds to hire
20 full-time equivalent positions within the department, as well as
21 contract for additional capacity and subject matter expertise.

22 (10) The department must strive to allocate all of the amounts
23 appropriated in this section within the 2023-2025 fiscal biennium in
24 the manner prescribed in each subsection. However, no sooner than
25 January 1, 2025, if upon review of applications the department
26 determines there are not adequate suitable projects in a category,
27 the department may reallocate funding among the purposes of
28 subsections (7) and (8) of this section. Beginning January 1, 2025,
29 the department must provide quarterly notice of any funding
30 reallocations to the governor and appropriate fiscal committees of
31 the legislature.

32 Appropriation:

33	Climate Commitment Account—State.	\$136,500,000
34	Prior Biennia (Expenditures).	\$0
35	Future Biennia (Projected Costs).	\$0
36	TOTAL.	\$136,500,000

37 NEW SECTION. **Sec. 1006.** A new section is added to 2023 c 474
38 (uncodified) to read as follows:

1 **FOR THE DEPARTMENT OF COMMERCE**

2 Clean Energy Community Decarbonization (40000606)

3 The appropriation in this section is subject to the following
4 conditions and limitations:

5 (1) The appropriation in this section is provided solely for the
6 department to administer noncompetitive grants to nonprofit
7 organizations, local governments, federally recognized tribal
8 governments and tribal entities, state agencies, housing authorities,
9 ports, transit agencies, research organizations, and eligible third-
10 party administrators for planning, design, and implementation of
11 capital projects and clean energy technologies that reduce greenhouse
12 gas emissions in vulnerable, overburdened, and tribal communities
13 identified by the department. The department must prioritize grants
14 providing meaningful benefit to vulnerable populations in
15 overburdened communities as defined under RCW 70A.02.010.

16 (2) Eligible uses of grant funds include, but are not limited to,
17 planning for sustainable communities and predesign work, energy
18 efficiency improvements, renewable energy generation, increasing the
19 supply of affordable, energy efficient housing, developing resilient
20 and sustainable infrastructure systems, zero-emission, active
21 mobility, and micromobility transportation infrastructure, education
22 and engagement, and workforce development.

23 (3) Up to five percent of the appropriation in this section is
24 for the department to administer the grant program. Administration
25 includes, but is not limited to, identifying eligible communities and
26 third-party administrators, providing technical assistance, managing
27 contracts, reporting, and providing planning and implementation
28 assistance.

29 (4) For the purposes of this section, "eligible third-party
30 administrators" means entities that have sufficient expertise and
31 relationships within the identified community to help plan for,
32 design, or implement capital projects that reduce greenhouse gases or
33 develop clean energy resources for the community.

34 Appropriation:

35	Climate Commitment Account—State.	\$100,000,000
36	Prior Biennia (Expenditures).	\$0
37	Future Biennia (Projected Costs).	\$0
38	TOTAL.	\$100,000,000

1 (3) \$15,000,000 of the appropriation in this section is provided
 2 solely for acquisition of manufactured homes for the purpose of
 3 preserving and creating new manufactured and mobile home communities.
 4 The department must contract with the northwest cooperative
 5 development center—resident owned communities to preserve mobile home
 6 communities as nonprofits or coop run affordable housing projects
 7 that benefit households at or below 80 percent of the area median
 8 income. The department, in collaboration with the contractor, must
 9 submit an interim report to the governor and the legislature by June
 10 30, 2025, on the number of mobile home parks purchased and the
 11 demographics of the residents.

12 (4) When selecting housing projects funded in this section, the
 13 department shall balance the state's interest in quickly approving
 14 and financing projects, the degree to which the project will leverage
 15 other funds, the extent to which the project promotes racial equity,
 16 and the extent to which the project will promote priorities on a
 17 statewide basis, including in rural areas and in geographically
 18 diverse parts of the state.

19 (5) If the department finds a recipient to be out of compliance
 20 with the provisions of the contract, the recipient shall repay to the
 21 state general fund the principal amount of the award plus interest
 22 calculated at the rate of interest on state of Washington general
 23 obligation bonds issued on the date closest to the date of
 24 authorization of the award.

25 (6) The funding provided under this section is not subject to the
 26 60-day application periods in RCW 43.185A.050.

27 (7) The department must strive to allocate all of the amounts
 28 appropriated in this section within the 2023-2025 fiscal biennium in
 29 the manner prescribed in each subsection. However, if upon review of
 30 applications the department determines there are not adequate
 31 suitable projects in a category, the department may reallocate
 32 funding among the purposes of the other subsections of this section.

33 Appropriation:

34	State Building Construction Account—State.	\$100,000,000
35	Prior Biennia (Expenditures).	\$0
36	Future Biennia (Projected Costs).	\$0
37	TOTAL.	\$100,000,000

1 (3) Projects funded in this section may be required to comply
2 with Washington's high performance building standards under chapter
3 39.35D RCW.

4 (4) Project funds are available on a reimbursement basis only and
5 may not be advanced under any circumstances.

6 (5) In contracts for grants authorized under this section, the
7 department shall include provisions that require that capital
8 improvements be held by the grantee for a specified period of time
9 appropriate to the amount of the grant and that facilities be used
10 for the express purpose of the grant. If the grantee is found to be
11 out of compliance with provisions of the contract, the grantee shall
12 repay to the state general fund the principal amount of the grant
13 plus interest calculated at the rate of interest on state of
14 Washington general obligation bonds issued most closely to the date
15 of authorization of the grant.

16 (6) Projects funded in this section, including those that are
17 owned and operated by nonprofit organizations, are generally required
18 to pay state prevailing wages.

19 (7) The department must comply with the requirements set forth in
20 executive order 21-02 and must consult with the department of
21 archaeology and historic preservation and affected tribes on the
22 potential effects of these projects on cultural resources and
23 historic properties. Consultation with the department of archaeology
24 and historic preservation and affected tribes must be initiated
25 before project funds are made available.

26 (8) The state building construction account—state appropriation
27 in this section is provided solely for the following list of
28 projects:

29	2026 FIFA World Cup (Seattle).	\$10,000,000
30	Algae Carbon Sequestration and Regenerative Soils	
31	(Statewide).	\$2,500,000

35	Opioid Recovery and Care Access (Seattle).	\$3,500,000
36	Prototype Electric Hydrofoil Ferry and Shoreside Infrastructure	
37	(Statewide).	\$2,000,000
38	Seattle Storm Center (Seattle).	\$1,000,000
39	Tristate Health Hospital (Clarkston).	\$3,000,000

1 (9) \$3,250,000 of the natural climate solutions account—state
2 appropriation in this section is provided solely for the following
3 list of projects:

4 Carbon Sequestration Prairie Restoration (Tumwater). . . \$2,000,000
5 Silver Bay Logging Property Acquisition (Seattle). . . \$1,250,000

6 (10) \$4,000,000 of the climate commitment account—state
7 appropriation in this section is provided solely for the Nisqually
8 Indian Tribe microgrid system.

9 Appropriation:

10 State Building Construction Account—State. \$32,000,000
11 Climate Commitment Account—State. \$4,000,000
12 Natural Climate Solutions Account—State. \$3,250,000
13 Subtotal Appropriation. \$39,250,000
14 Prior Biennia (Expenditures). \$0
15 Future Biennia (Projected Costs). \$0
16 TOTAL. \$39,250,000

17 NEW SECTION. **Sec. 1011.** A new section is added to 2023 c 474
18 (uncodified) to read as follows:

19 **FOR THE DEPARTMENT OF COMMERCE**

20 Housing for People with Intellectual & Developmental Disabilities
21 (40000615)

22 Appropriation:

23 Washington Housing Trust Account—State. \$4,500,000
24 Prior Biennia (Expenditures). \$0

28 (uncodified) to read as follows:

29 **FOR THE DEPARTMENT OF COMMERCE**

30 2023-25 Community Solar Resilience Hubs (40000620)

31 The appropriation in this section is subject to the following
32 conditions and limitations:

33 (1) The appropriation in this section is provided solely for
34 grants to increase solar deployment and installation of battery
35 storage in community buildings to enhance grid resiliency and provide
36 backup power for critical needs, such as plug load and refrigeration

1 for medication, during outages, or to provide incentives to support
2 electric utility demand response programs that include customer-sited
3 solar and battery storage systems. Eligible uses of the amounts
4 provided in this section include, but are not limited to, planning
5 and predevelopment work with vulnerable, highly impacted, and rural
6 communities.

7 (2) For the purposes of this subsection "community buildings"
8 means K-12 schools, community colleges, community centers, recreation
9 centers, libraries, tribal buildings, state and local government
10 buildings, and other publicly owned infrastructure.

11 Appropriation:

12	State Building Construction Account—State.	\$74,000,000
13	Prior Biennia (Expenditures).	\$0
14	Future Biennia (Projected Costs).	\$0
15	TOTAL.	\$74,000,000

16 NEW SECTION. **Sec. 1013.** A new section is added to 2023 c 474
17 (uncodified) to read as follows:

18 **FOR THE DEPARTMENT OF COMMERCE**

19 2023-25 Community Solar (40000621)

20 The appropriation in this section is subject to the following
21 conditions and limitations:

22 (1) The appropriation in this section is provided solely for a
23 grant program to provide solar and battery storage community solar
24 projects for public assistance organizations serving low-income
25 communities. Eligible uses of the amounts provided in this section
26 include, but are not limited to, planning and predevelopment work
27 with vulnerable, highly impacted, and rural communities.

28 (a) Grants are not to exceed 100 percent of the cost of the
29 project, taking into account any federal tax credits or other federal
30 or nonfederal grants or incentives that the project is benefiting
31 from.

32 (b) Priority must be given to projects sited on "preferred sites"
33 such as rooftops, structures, existing impervious surfaces,
34 landfills, brownfields, previously developed sites, irrigation canals
35 and ponds, storm water collection ponds, industrial areas, dual-use
36 solar projects that ensure ongoing agricultural operations, and other
37 sites that do not displace critical habitat or productive farmland.

(2) For the purposes of this subsection "low-income" has the same meaning as provided in RCW 19.405.020 and "community solar project" means a solar energy system that: Has a direct current nameplate capacity that is greater than 12 kilowatts but no greater than 1,000 kilowatts; and has, at minimum, either two subscribers or one low-income service provider subscriber.

Appropriation:

State Building Construction Account—State.	\$39,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$0
TOTAL.	\$39,000,000

NEW SECTION. **Sec. 1014.** A new section is added to 2023 c 474 (uncodified) to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2023-25 Community EV Charging (40000622)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the development of community electric vehicle charging infrastructure.

(2) Funding provided in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state.

(3) Projects that receive funding under this section must be implemented by, or include partners from, one or more of the following: Local governments, federally recognized tribal governments, or public and private electrical utilities that serve retail customers in the state.

(4) Grant funding must be used for level two or higher charging infrastructure and related costs including, but not limited to, construction and site improvements. Projects may include a robust public and private outreach plan that includes engaging with affected parties in conjunction with the new electric vehicle infrastructure.

(5) The department must prioritize funding for projects in the following order:

- (a) Multifamily housing;
- (b) Publicly available charging at any location;

- 1 (c) Schools and school districts;
- 2 (d) State and local government buildings and office buildings;
- 3 (e) All other eligible projects.
- 4 (6) The department must coordinate with other electrification
- 5 programs, including projects developed by the department of
- 6 transportation, to determine the most effective distribution of the
- 7 systems. The department must also collaborate with the interagency
- 8 electric vehicle coordinating council established in RCW 43.392.030
- 9 to implement this section and must work to meet benchmarks
- 10 established in chapter 182, Laws of 2022.

26 Energy Efficiency Revolving Loan Fund Capitalization Program
27 (40000629)

28 The appropriation in this section is subject to the following
29 conditions and limitations: The appropriation in this section is
30 provided solely as expenditure authority for grant funding received
31 by the department for the energy efficiency revolving loan fund
32 capitalization program in section 40502 of P.L. 117-58
33 (infrastructure investment and jobs act). The department's
34 expenditures under this section may not exceed the actual amount of
35 grant funding awarded.

6 follows:

7 **FOR THE DEPARTMENT OF COMMERCE**

8 Transit Oriented Housing Development Partnership Match (40000298)

9 The appropriations in this section are subject to the following
10 conditions and limitations: The appropriations in this section are
11 provided solely as match to private investment for grants or loans to
12 for-profit and nonprofit housing developers and public entities to
13 carry out projects designed to increase the supply and affordability
14 of transit-oriented housing development. (~~Grants~~) Awards from this
15 appropriation may only be used for the construction of units
16 affordable at 80 percent of area median income or lower, if a project
17 includes a range of affordability levels. The department shall work
18 with the department of transportation to develop and administer a
19 competitive grant or loan program to assist in the financing of
20 housing projects within rapid transit corridors. The department shall
21 implement the program pursuant to the following eligibility criteria
22 and definitions:

23 (1) Entities eligible to receive (~~grant~~) awards are state
24 agencies, local governments, and nonprofit or for-profit housing
25 developers. Eligible uses of (~~grant~~) awards include project capital
26 costs and infrastructure costs and addressing gaps in project
27 financing that would prevent ongoing or complete project
28 construction.

29 (2) Eligible housing projects must meet the following
30 requirements:

31 (a) Be within a rapid transit corridor. For purposes of this
32 subsection (2), "rapid transit corridor" includes either one-half
33 mile from light rail or commuter rail, or one-quarter mile from bus
34 rapid transit.

35 (b) Produce at least 100 units of housing; and

36 (c) Include a covenant on the property requiring at least 10
37 percent of total housing units in the project remain affordable for
38 households with incomes at or below 60 percent of area median income

1 and at least 10 percent of total housing units in the project remain
2 affordable for households with incomes at or below 80 percent of area
3 median income for at least 99 years.

4 (3) The department must prioritize eligible projects by occupancy
5 date, with a target occupancy date of December 31, 2025, or sooner.

6 (4) To source project requests, the department may first review
7 the list of housing trust fund applications from the prior two years
8 to determine if any projects not fully funded would meet the criteria
9 listed in subsection (2) of this section and would be able to proceed
10 to construction. If so, the department must conduct outreach to those
11 project owners to discuss the (~~grant~~) program before soliciting new
12 projects.

13 (5) The department must also consider the following criteria when
14 prioritizing all projects:

15 (a) Are comprised of the largest number of affordable units;

16 (b) Have the largest total number of units affordable to
17 households with incomes at or below 60 percent area median income;

18 (c) Include land acquired at a reduced price or without cost;

19 (d) Abide by any applicable antidisplacement measures;

20 (e) Include units with additional bedrooms or intended for
21 occupancy by families with multiple dependents; or

22 (f) Have acquired all necessary permits.

23 (6) The department may adopt any necessary guidance or rules to
24 implement the competitive grant or loan program under this section,
25 including any additional project eligibility criteria and
26 prioritization criteria.

27 (7) The department must report a program update and any projects
28 awarded on their website by June 30, 2024. The report must include
29 project award data at the time of award, such as, but not limited to,
30 the awardee, total project cost, amount of the award, number of
31 households being served by household income, project location, and
32 any other relevant information.

33 (8) The department must strive to allocate the amounts
34 appropriated in this section by September 30, 2024, in the manner
35 prescribed in this section. However, if upon review of applications
36 the department determines there are not adequate suitable projects to
37 receive awards, the department may allocate state funding to other
38 affordable housing projects serving other low-income and special
39 needs populations.

9 **Sec. 1020.** 2023 c 474 s 1025 (uncodified) is amended to read as
10 follows:

11 **FOR THE DEPARTMENT OF COMMERCE**

12 2024 Local and Community Projects (40000301)

13 The appropriations in this section are subject to the following
14 conditions and limitations:

15 (1) The department shall not expend the appropriation in this
16 section unless and until the nonstate share of project costs have
17 been either expended or firmly committed, or both, in an amount
18 sufficient to complete the project or a distinct phase of the project
19 that is useable to the public for the purpose intended by the
20 legislature. This requirement does not apply to projects where a
21 share of the appropriation is for design costs only.

22 (2) Prior to receiving funds, project recipients must demonstrate
23 that the project site is under control for a minimum of 10 years,
24 either through ownership or a long-term lease. This requirement does
25 not apply to appropriations for preconstruction activities or
26 appropriations in which the sole purpose is to purchase real property
27 that does not include a construction or renovation component.

28 (3) Projects funded in this section may be required to comply
29 with Washington's high performance building standards under chapter
30 39.35D RCW.

31 (4) Project funds are available on a reimbursement basis only and
32 may not be advanced under any circumstances.

33 (5) In contracts for grants authorized under this section, the
34 department shall include provisions that require that capital
35 improvements be held by the grantee for a specified period of time
36 appropriate to the amount of the grant and that facilities be used
37 for the express purpose of the grant. If the grantee is found to be
38 out of compliance with provisions of the contract, the grantee shall

1 repay to the state general fund the principal amount of the grant
2 plus interest calculated at the rate of interest on state of
3 Washington general obligation bonds issued most closely to the date
4 of authorization of the grant.

5 (6) Projects funded in this section, including those that are
6 owned and operated by nonprofit organizations, are generally required
7 to pay state prevailing wages.

8 (7) The department must comply with the requirements set forth in
9 executive order 21-02 and must consult with the department of
10 archaeology and historic preservation and affected tribes on the
11 potential effects of these projects on cultural resources and
12 historic properties. Consultation with the department of archaeology
13 and historic preservation and affected tribes must be initiated
14 before project funds are made available.

15 (8) The state building construction account—state appropriation
16 in this section is provided solely for the following list of

32 (2) The funding appropriated under this section must be combined
33 with local funds.

34 (3) The department may not expend funding for a project in this
35 section unless and until the nonstate share of that project's costs
36 have been either expended or firmly committed, or both, in an amount
37 sufficient to complete the project or a distinct phase of the

1 project. This requirement does not apply to projects where a share of
2 the appropriation is for design costs only.

3 (4) Prior to receiving funding, grant recipients must demonstrate
4 that the project site is under control for a minimum of 10 years,
5 either through ownership or a long-term lease. This requirement does
6 not apply to grants for preconstruction activities or grants in which
7 the sole purpose is to purchase real property that does not include a
8 construction or renovation component.

9 (5) In contracts for grants authorized under this section, the
10 department must include provisions that require that capital
11 improvements be held by the grantee for a specified period of time
12 appropriate to the amount of the grant and that facilities be used
13 for the express purpose of the grant. If the department finds the
14 grantee to be out of compliance with provisions of the contract, the
15 grantee shall repay to the state general fund the principal amount of
16 the grant plus interest calculated at the rate of interest on state
17 of Washington general obligation bonds issued most closely to the
18 date of authorization of the grant.

19 (6) \$360,000 of the state building construction account—state

35 follows:

36 **FOR THE DEPARTMENT OF ENTERPRISE SERVICES**

1 Legislative Campus Modernization (92000020)

2 The appropriations in this section are subject to the following
3 conditions and limitations:

4 (1) The reappropriations are subject to the provisions of section
5 1059, chapter 296, Laws of 2022.

6 (2) The department must consult with the senate facilities and
7 operations committee or its designees and the house of
8 representatives' executive rules committee or its designees at least
9 every other month.

10 (3) All appropriations must be coded and tracked as separate
11 discrete subprojects in the agency financial reporting system.

12 (4) If the department receives information, after value
13 engineering has been performed, that projected costs for any of the
14 subprojects in subsections (5), (6), or (7) of this section will
15 exceed the amount provided in the respective subsections, including
16 projected costs in future biennia, the department must timely notify
17 and provide that information in writing to the project executive
18 team. Prior to proceeding with design or construction, the department
19 must:

20 (a) Provide at least three options that do not include square
21 footage reduction to reduce the subproject costs to stay within the
22 amount provided for that subproject and the project schedule;

23 (b) Consult with the project executive team on the options
24 offered, prior to proceeding with a reduced cost option; and

25 (c) Receive majority consensus from the project executive team to
26 either adopt and move forward with reduced cost options that bring
27 the subproject costs within amounts appropriated or adopt a tentative
28 modified budget for the subproject. If a tentative modified budget is
29 adopted, the department must seek additional funding in the next
30 agency budget submittal.

31 (5) (~~(\$20,751,000)~~) \$24,851,000 of the amount provided in this
32 section is provided solely for the Irv Newhouse building replacement
33 design and construction subproject on opportunity site six west. The
34 department must:

35 (a) Start Newhouse building construction by July 1, 2023;

36 (b) Complete Newhouse building construction by October 31, 2024;

37 and

38 (c) Consult with the leadership of the senate, or their
39 designees, at least every month, beginning July 1, 2023.

1 (6) \$87,000,000 of the amount provided in this section is
 2 provided solely for the rehabilitation, design, and construction of
 3 the Pritchard building and the renovation of the John L. O'Brien
 4 building subproject. The legislature intends to provide funding in
 5 the amount of \$136,504,000 over the course of the 2023-2025 and the
 6 2025-2027 fiscal biennia for design and construction of this project.
 7 Pursuant to RCW 43.88.130, the department may enter into a
 8 multibiennium contract for the construction of the subproject.
 9 Nothing in this section authorizes the agency to make an expenditure
 10 without an appropriation.

11 (7) \$4,865,000 of the amount provided in this section is provided
 12 solely for the legislative campus modernization global subproject
 13 that includes, but is not limited to, the visitor lot (opportunity
 14 site six east), Columbia street site work, the legislative modular
 15 building, and Water street site work.

16 (8) \$500,000 of the model toxics control capital account—state
 17 appropriation is provided solely for Newhouse parcel soil
 18 decontamination.

FOR THE STATE CONSERVATION COMMISSION

2023-25 Conservation Reserve Enhancement Program (CREP) (40000023)

The appropriations in this section are subject to the following conditions and limitations: The state conservation commission may expend the state building construction account—state appropriation in this section as grants to private land owners who were enrolled in

1 the conservation reserve enhancement program, and whose acreage meets
2 state program goals of providing riparian habitat or hydrologically
3 connected wetland enhancements in salmon-bearing streams as
4 determined by the Washington state department of fish and wildlife,
5 but are now disenrolled due to a September 2023 contract termination
6 by the United States department of agriculture farm service agency,
7 or who voluntary terminated their enrollment.

18 2023-25 Regional Conservation Partnership Program (RCPP)
19 (40000026)

20 The appropriation in this section is subject to the following
21 conditions and limitations:

22 (1) The 2025-2027 fiscal biennium budget request for the regional
23 conservation partnership program state match must include the
24 following information:

25 (a) Total project cost broken out by federal, state, and other
26 fund sources;

27 (b) Anticipated budget by fund source by state fiscal year;

28 (c) Whether or not the commission received the project cost
29 information from the project sponsor prior to the sponsor applying
30 for funding from the federal government; and

31 (d) The date of when the federal award was received or is
32 anticipated to be received.

33 (2) It is the intent of the legislature to prioritize projects
34 that report the need for state match to the commission prior to
35 submitting an application to the federal government. The commission
36 must communicate this requirement and legislative intent to
37 conservation districts and other interested applicants.

16 follows:

17 **FOR THE DEPARTMENT OF NATURAL RESOURCES**

18 Carbon Sequestration Forests (40000405)

19 The appropriation in this section is subject to the following
20 conditions and limitations: \$83,000,000 of the appropriation is
21 provided solely for the purchase of property to be managed for
22 increased carbon sequestration and carbon storage through sustainable
23 harvests and as replacement trust lands for existing encumbered
24 forested state trust lands; and for structurally complex, carbon
25 dense, forested state trust lands that may be transferred from trust
26 status. The amount provided in this section is also to be used to
27 carry out additional silvicultural activities on state trust lands,
28 to convene a stakeholder group and conduct additional analysis
29 related to the management of forested state trust lands, and to cover
30 department costs to implement this section. Of the amount provided in
31 this section:

32 (1) (a) \$70,000,000 of the appropriation is provided solely to
33 purchase forestland in counties west of the crest of the Cascade
34 mountains, all of Skamania county, and the western portion of
35 Klickitat county. When feasible and appropriate, the department
36 should prioritize the purchase of lands at risk of conversion to a

1 nonforested use. Once purchased, the land must be considered as part
2 of the land bank created in RCW 79.19.020. The property must be
3 purchased before the transfer of any existing trust land is fully
4 executed. The department must transfer the appropriated amount into
5 the natural resources real property replacement account in accordance
6 with RCW 79.17.210.

7 (b) Up to 2,000 acres of structurally complex, carbon dense
8 forestland currently existing on state trust lands may be transferred
9 out of trust status with, prior to the transfer, a letter of support
10 issued to the department by the legislative authority of the county
11 in which the forestland is located. Forestland transferred out of
12 trust status according to this subsection (1)(b) must be replaced
13 with lands purchased in (a) of this subsection (1). Replacement lands
14 must be of equal value to the lands transferred. The department must
15 prepare a preliminary identification of the acres intended to be
16 transferred out of trust status under this subsection (1)(b) and
17 submit it to the board of natural resources no later than December
18 31, 2023.

19 (c) The remainder of the new purchased land may be used as
20 exchange land for any encumbered state forest lands in Clallam,
21 Jefferson, Pacific, Skamania, and Wahkiakum counties. Any exchanged
22 land under this purpose must be designated as state forest transfer
23 land and be managed under the department's habitat conservation plan
24 and policy for sustainable forests.

25 (d) Forested state trust lands exchanged with lands purchased
26 under this subsection (1) may be designated by the department as
27 natural area preserves or natural resource conservation areas without
28 being subject to the requirements of chapter 79.70 and 79.71 RCW. The
29 legislative authority of the county from which the real property was
30 transferred may not request that the department distribute a
31 percentage of the proceeds associated with the valuable materials to
32 the legislative authority of the county from which the real property
33 was transferred.

34 (e) By December 1, 2023, the department must submit an initial
35 progress report to the legislature on the implementation of this
36 subsection (1).

37 (2) \$10,000,000 of the appropriation is provided solely for the
38 department to enhance forest stand growth on managed trust lands in
39 western Washington, employing silviculture to increase growth and
40 vigor of the trees for healthy, resilient forests.

1 (3) \$2,500,000 of the appropriation is provided solely for the
2 department to:

3 (a) Contract with an independent facilitator to convene a
4 stakeholder group comprised of a balanced representation of relevant
5 stakeholders and tribal interests to:

6 (i) Collaborate on approaches related to the conservation and
7 management of older, carbon dense, structurally complex forest stands
8 located on lands managed by the department; increasing carbon
9 sequestration and storage in forests and harvested wood products from
10 department managed forestlands; generating predictable beneficiary
11 revenue; maintaining timber supplies that support local industry; and
12 addressing economic needs in rural counties;

13 (ii) Develop an understanding of current timber supply by region
14 and the effect of potential changes to forest management practices on
15 regional wood supply for the timber market, including an analysis of
16 what is currently known about the needs of existing forest industry
17 infrastructure and what information gaps exist; and

18 (iii) Explore concepts and strategies relevant to the
19 sequestration and storage of carbon in forests and wood products from
20 forested state trust lands managed by the department, including the
21 effect of potential changes to forest management practices, that
22 satisfy the department's trust management responsibilities; and

23 (b) Contract with universities or other researchers or
24 consultants for additional analysis or existing research that is
25 beneficial in the execution of this section, which must include an
26 analysis of:

27 (i) The existing and future demand for wood supply by region,
28 including levels required to maintain existing industry related
29 infrastructure, and modeled impacts on wood supply increases or
30 decreases based on potential changes to forest management practices;

31 (ii) Carbon accounting and quantification methodologies outlined
32 by the intergovernmental panel on climate change as well as emerging
33 scientific research. The methodologies considered must be used to
34 verify and assess the potential increases or decreases in carbon
35 sequestration and storage, in both forests and harvested wood
36 products based on potential changes to management practices on
37 forested state trust lands that also account for increases or
38 decreases in the availability of wood products harvested from forests
39 managed by the department.

1 (c) A report of the stakeholder group's findings, including any
2 information received in work performed in (b) of this subsection (3),
3 must be submitted to the appropriate committees of the legislature by
4 December 1, 2023.

5 (4) \$500,000 of the appropriation is provided solely for the
6 department to analyze the appropriateness of using consulting
7 businesses for buying large forest parcels in a competitive
8 marketplace as a way to execute the provisions of this section, and,
9 if appropriate, enter into contracts for that purpose. If the
10 department does not enter into a contract or contracts with
11 consultants for the purposes of purchasing large forest parcels, the
12 funding appropriated for this subsection (4) may be solely used for
13 the purposes of subsection (3) of this section.

14 (5) \$10,000,000 of the appropriation is provided solely for
15 commercial thinning timber sales for the purposes of restoring
16 spotted owl and riparian habitat.

18 follows:

19 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

20 2023-25 School District Health and Safety (40000067)

21 The appropriation in this section is subject to the following
22 conditions and limitations:

23 (1) ~~(\$5,000,000)~~ \$11,000,000 of the appropriation in this
24 section is provided solely for emergency repair grants to address
25 unexpected and imminent health and safety hazards at K-12 public
26 schools, including skill centers, that will impact the day-to-day
27 operations of the school facility, and this is the maximum amount
28 that may be spent for this purpose. For emergency repair grants only,
29 an emergency declaration must be signed by the school district board
30 of directors and submitted to the superintendent of public
31 instruction for consideration. The emergency declaration must include
32 a description of the imminent health and safety hazard, the possible
33 cause, the proposed scope of emergency repair work and related cost
34 estimate, and identification of local funding to be applied to the
35 project. Grants of emergency repair moneys must be conditioned upon
36 the written commitment and plan of the school district board of

1 directors to repay the grant with any insurance payments or other
2 judgments that may be awarded, if applicable.

3 (2) (~~(\$11,600,000)~~) \$12,700,000 of the appropriation in this
4 section is provided solely for urgent repair grants to address
5 nonrecurring urgent small repair projects at K-12 public schools,
6 excluding skill centers, that could impact the health and safety of
7 students and staff if not completed, and this is the maximum amount
8 that may be spent for this purpose. The office of the superintendent
9 of public instruction, after consulting with maintenance and
10 operations administrators of school districts, shall develop criteria
11 and assurances for providing funding for specific projects through a
12 competitive grant program. The criteria and assurances must include,
13 but are not limited to, the following: (a) Limiting school districts
14 to one grant, not to exceed \$500,000, per three-year period; (b)
15 prioritizing applications based on limited school district financial
16 resources for the project; and (c) requiring any district receiving
17 funding provided in this section to demonstrate a consistent
18 commitment to addressing school facility needs. The grant
19 applications must include a comprehensive description of the health
20 and safety issues to be addressed, a detailed description of the
21 remedy, including a detailed cost estimate of the repair or
22 replacement work to be performed, and identification of local
23 funding, if any, which will be applied to the project. Grants may be
24 used for, but are not limited to: Repair or replacement of failing
25 building systems, abatement of potentially hazardous materials, and
26 safety-related structural improvements.

27 (3) (~~(\$3,600,000)~~) \$4,600,000 of the appropriation in this
28 section is provided solely for equal access grants for facility
29 repairs and alterations at K-12 public schools, including skills
30 centers, to improve compliance with the Americans with disabilities
31 act and individuals with disabilities education act, and this is the
32 maximum amount that may be spent for this purpose. The office of the
33 superintendent of public instruction shall develop criteria and
34 assurances for providing funding for specific projects through a
35 competitive grant program. The criteria and assurances must include,
36 but are not limited to, the following: (a) Limiting districts to one
37 grant, not to exceed \$100,000, per three-year period; (b)
38 prioritizing applications based on limited school district financial
39 resources for the project; and (c) requiring recipient districts to
40 demonstrate a consistent commitment to addressing school facility

1 needs. The grant applications must include a description of the
2 Americans with disabilities act or individuals with disabilities
3 education act compliance deficiency, a comprehensive description of
4 the facility accessibility issues to be addressed, a detailed
5 description of the remedy including a detailed cost estimate of the
6 repair or replacement work to be performed, and identification of
7 local funding, if any, which will be applied to the project. Priority
8 for grant funding must be given to school districts that demonstrate
9 a lack of capital resources to address the compliance deficiencies
10 outlined in the grant application.

11 (4) The superintendent of public instruction must notify the
12 office of financial management, the legislative evaluation and
13 accountability program committee, the house capital budget committee,
14 and the senate ways and means committee as projects described in
15 subsection (1) of this section are approved for funding.

31 construction account—state appropriation in this section is provided
32 solely for healthy kids and healthy schools grants for projects that
33 are consistent with the healthiest next generation priorities.

34 (b) The appropriation in this subsection (1) is provided solely
35 for grant funding to school districts for the purchase of equipment
36 or to make repairs to existing equipment that is related to
37 improving: (i) Children's physical health, and may include, but is

1 not limited to, fitness playground equipment, covered play areas, and
2 physical education equipment or related structures or renovation; and
3 (ii) children's nutrition, and may include, but is not limited to,
4 garden related structures and greenhouses to provide students access
5 to fresh produce, and kitchen equipment or upgrades.

6 (c) The office of the superintendent of public instruction shall
7 develop criteria for grant funding under this subsection (1) that
8 include, but are not limited to, the following requirements: (i)
9 Districts may apply for grants, but no single district may receive
10 more than \$200,000 of the appropriation for grants awarded under this
11 section; (ii) any district receiving funding provided in this section
12 must demonstrate a consistent commitment to addressing school
13 facilities' needs; and (iii) applicants with a high percentage of
14 students who are eligible and enrolled in the free and reduced-price
15 meals program may be prioritized.

16 (2) \$1,500,000 of the state building construction account—state
17 appropriation in this section is provided solely for grants to school
18 districts, charter schools, and state-tribal education compact
19 schools for the replacement of lead-contaminated pipes, drinking
20 water fixtures, and the purchase of water filters, including the

9 (~~(\$371,683,000)~~) \$342,236,404 for the 2025-2027 biennium, and
10 (~~(\$519,454,000)~~) \$491,366,915 for the 2027-2029 biennium.

11 **Sec. 8002.** 2023 c 474 s 8002 (uncodified) is amended to read as
12 follows:

13 ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL
14 CONTRACTS. (1) The following agencies may enter into financial
15 contracts, paid from any funds of an agency, appropriated or
16 nonappropriated, for the purposes indicated and in not more than the
17 principal amounts indicated, plus financing expenses and required
18 reserves pursuant to chapter 39.94 RCW. When securing properties
19 under this section, agencies shall use the most economical financial
20 contract option available, including long-term leases, lease-purchase
21 agreements, lease-development with option to purchase agreements or
22 financial contracts using certificates of participation. Expenditures
23 made by an agency for one of the indicated purposes before the issue
24 date of the authorized financial contract and any certificates of
25 participation therein are intended to be reimbursed from proceeds of
26 the financial contract and any certificates of participation therein
27 to the extent provided in the agency's financing plan approved by the
28 state finance committee.

29 (2) Those noninstructional facilities of higher education
30 institutions authorized in this section to enter into financial
31 contracts are not eligible for state funded maintenance and
32 operations. Instructional space that is available for regularly
33 scheduled classes for academic transfer, basic skills, and workforce
34 training programs may be eligible for state funded maintenance and
35 operations.

36 (3) Secretary of state: Enter into a financing contract for up to
37 \$119,000,000 plus financing expenses, required reserves, and

1 capitalized interest pursuant to chapter 39.94 RCW to construct a new
2 library-archives building.

3 (4) Department of social and health services: Enter into a
4 financing contract for up to \$175,888,000 plus costs and financing
5 expenses, required reserves, and capitalized interest pursuant to
6 chapter 39.94 RCW to construct a nursing facility on the Fircrest
7 residential habilitation center campus. The department may contract
8 to lease develop or lease purchase the facility. Before entering into
9 a contract, the department must consult with the office of financial
10 management and the office of the state treasurer. Should the
11 department of social and health services choose to use a financing
12 contract that does not provide for the issuance of certificates of
13 participation, the financing contract shall be subject to approval by
14 the state finance committee as required by RCW 39.94.010. In
15 approving a financing contract not providing for the use of
16 certificates of participation, the state finance committee should be
17 reasonably certain that the contract is excluded from the computation
18 of indebtedness, particularly that the contract is not backed by the
19 full faith and credit of the state and the legislature is expressly
20 not obligated to appropriate funds to make payments. For purposes of
21 this subsection, "financing contract" includes but is not limited to
22 a certificate of participation and tax exempt financing similar to
23 that authorized in RCW 47.79.140.

24 (5) Western Washington University: Enter into a financing
25 contract for up to \$4,900,000 plus costs and financing expenses,
26 required reserves, and capitalized interest pursuant to chapter 39.94
27 RCW to construct an electrical engineering and computer science
28 building.

29 (6) The state board for community and technical colleges: Enter
30 into a financing contract for up to \$2,000,000 plus costs and
31 financing expenses, required reserves, and capitalized interest
32 pursuant to chapter 39.94 RCW to renovate building J at the Renton
33 technical college.

34 **Sec. 8003.** RCW 43.155.050 and 2023 c 475 s 932 and 2023 c 474 s
35 8037 are each reenacted and amended to read as follows:

36 (1) The public works assistance account is hereby established in
37 the state treasury. Money may be placed in the public works
38 assistance account from the proceeds of bonds when authorized by the
39 legislature or from any other lawful source. Money in the public

1 works assistance account shall be used to make loans and grants and
2 to give financial guarantees to local governments for public works
3 projects. Moneys in the account may also be appropriated or
4 transferred to the water pollution control revolving fund and the
5 drinking water assistance account to provide for state match
6 requirements under federal law. Moneys in the account may be
7 transferred to the move ahead WA account to provide support of public
8 works projects funded in the move ahead WA program. Not more than 20
9 percent of the biennial capital budget appropriation to the public
10 works board from this account may be expended or obligated for
11 preconstruction loans and grants, emergency loans and grants, or
12 loans and grants for capital facility planning under this chapter.
13 Not more than 10 percent of the biennial capital budget appropriation
14 to the public works board from this account may be expended or
15 obligated as grants for preconstruction, emergency, capital facility
16 planning, and construction projects. During the 2017-2019 and
17 2019-2021 fiscal biennia, the legislature may appropriate moneys from
18 the account for activities related to rural economic development, the
19 growth management act, the aviation revitalization loan program, the
20 community economic revitalization board broadband program, and the
21 voluntary stewardship program. During the 2021-2023 and 2023-2025
22 fiscal biennia, the legislature may appropriate moneys from the
23 account for activities related to the community aviation
24 revitalization board. During the 2019-2021 fiscal biennia, the
25 legislature may direct the state treasurer to make transfers of
26 moneys in the public works assistance account to the education legacy
27 trust account. During the 2019-2021 and 2021-2023 fiscal biennia, the
28 legislature may direct the state treasurer to make transfers of
29 moneys in the public works assistance account to the statewide
30 broadband account. The legislature may appropriate moneys from the
31 public works assistance account for activities related to the
32 voluntary stewardship program, rural economic development, and the
33 growth management act. During the 2021-2023 biennium, the legislature
34 may appropriate moneys from the account for projects identified in
35 section 1033, chapter 296, Laws of 2022. During the 2023-2025 fiscal
36 biennium, the legislature may appropriate moneys from the public
37 works assistance account for an evaluation of the costs of relocating
38 public utilities related to fish barrier removal projects(~~(. During~~
39 ~~the 2023-2025 fiscal biennium, the legislature may appropriate moneys~~
40 ~~from the account)), for activities related to broadband~~

1 infrastructure federal match projects and broadband subgrantee
2 technical assistance, and for activities related to developing a data
3 dashboard to map investments made by the public works board, the
4 department of commerce, the department of health, the department of
5 ecology, the department of transportation, the transportation
6 improvement board, and by board partners to the system improvement
7 team created in RCW 43.155.150.

8 (2) For fiscal year 2024 through fiscal year 2038, the state
9 treasurer must transfer from the public works assistance account to
10 the move ahead WA account created in RCW 46.68.510 \$57,000,000 each
11 fiscal year in four equal quarterly transfers.

12 **Sec. 8004.** RCW 70A.65.240 and 2022 c 182 s 101 are each amended
13 to read as follows:

14 (1) The carbon emissions reduction account is created in the
15 state treasury. Moneys in the account may be spent only after
16 appropriation. Expenditures from the account are intended to affect
17 reductions in transportation sector carbon emissions through a
18 variety of carbon reducing investments. These can include, but are
19 not limited to: Transportation alternatives to single occupancy
20 passenger vehicles; reductions in single occupancy passenger vehicle
21 miles traveled; reductions in per mile emissions in vehicles,
22 including through the funding of alternative fuel infrastructure and
23 incentive programs; and emission reduction programs for freight
24 transportation, including motor vehicles and rail, as well as for
25 ferries and other maritime and port activities. Expenditures from the
26 account may only be made for transportation carbon emission reducing
27 purposes and may not be made for highway purposes authorized under
28 the 18th Amendment of the Washington state Constitution, other than
29 specified in this section, and shall be made in accordance with
30 subsection (2) of this section. However, during the 2023-2025 fiscal
31 biennium, the legislature may also appropriate moneys from the
32 account in the omnibus capital appropriations act. It is the
33 legislature's intent that expenditures from the account used to
34 reduce carbon emissions be made with the goal of achieving equity for
35 communities that historically have been omitted or adversely impacted
36 by past transportation policies and practices.

37 (2) Appropriations in an omnibus transportation appropriations
38 act from the carbon emissions reduction account shall be made
39 exclusively to fund the following activities:

- 1 (a) Active transportation;
- 2 (b) Transit programs and projects;
- 3 (c) Alternative fuel and electrification;
- 4 (d) Ferries; and
- 5 (e) Rail.

6 **Sec. 8005.** RCW 70A.65.305 and 2022 c 253 s 1 are each amended to
7 read as follows:

8 (1) Agencies that allocate funding or administer grant programs
9 appropriated from the climate investment account created in RCW
10 70A.65.250, the climate commitment account created in RCW 70A.65.260,
11 and the natural climate solutions account created in RCW 70A.65.270
12 must offer early, meaningful, and individual consultation with any
13 affected federally recognized tribe on all funding decisions and
14 funding programs that may impact tribal resources, including tribal
15 cultural resources, archaeological sites, sacred sites, fisheries, or
16 other rights and interests in tribal lands and lands within which a
17 tribe or tribes possess rights reserved or protected by federal
18 treaty, statute, or executive order. The consultation is independent
19 of, and in addition to, any public participation process required by
20 federal or state law, or by a federal or state agency, including the
21 requirements of Executive Order 21-02 related to archaeological and
22 cultural resources, and regardless of whether the agency receives a
23 request for consultation from a federally recognized tribe. The goal
24 of the consultation process is to identify tribal resources or rights
25 potentially affected by the funding decisions and funding programs,
26 assess their effects, and seek ways to avoid, minimize, or mitigate
27 any adverse effects on tribal resources or rights.

28 (2) At the earliest possible date prior to submittal of an
29 application, applicants for funding from the accounts created in RCW
30 70A.65.250, 70A.65.260, and 70A.65.270 shall engage in a
31 preapplication process with all affected federally recognized tribes
32 within the project area. During the 2023-2025 fiscal biennium, salmon
33 habitat and climate resilience projects funded from the natural
34 climate solutions account created in RCW 70A.65.270 that went through
35 the application and prioritization process before July 1, 2023, are
36 exempt from the preapplication requirements under this subsection.

37 (a) The preapplication process must include the applicant
38 notifying the department of archaeology and historic preservation,
39 the department of fish and wildlife, and all affected federally

1 recognized tribes within the project area. The notification must
2 include geographical location, detailed scope of the proposed
3 project, preliminary application details available to federal, state,
4 or local governmental jurisdictions, and all publicly available
5 materials, including public funding sources.

6 (b) The applicant must also offer to discuss the project with the
7 department of archaeology and historic preservation, the department
8 of fish and wildlife, and all affected federally recognized tribes
9 within the project area. Discussions may include the project's impact
10 to tribal resources, including tribal cultural resources,
11 archaeological sites, sacred sites, fisheries, or other rights and
12 interests in tribal lands and lands within which a tribe or tribes
13 possess rights reserved or protected by federal treaty, statute, or
14 executive order.

15 (c) All affected federally recognized tribes may submit to the
16 appropriate agency or agencies a summary of tribal issues, questions,
17 concerns, or other statements regarding the project, which must
18 become part of the official application file. The summary does not
19 limit what issues affected federally recognized tribes may raise in
20 the consultation process identified in subsections (1), (3) through
21 (7), and (9) of this section.

22 (d) The notification and offer to initiate discussion must be
23 documented with the application when it is filed, and a copy of the
24 application must be delivered to the department of archaeology and
25 historic preservation, the department of fish and wildlife, and to
26 the affected federally recognized tribe or tribes. If the discussions
27 pursuant to (b) of this subsection do not occur, the applicant must
28 document the reason why the discussion or discussions did not occur.

29 (e) Nothing in this section may be interpreted to require the
30 disclosure of information that is exempt from disclosure pursuant to
31 RCW 42.56.300 or federal law, including section 304 of the national
32 historic preservation act of 1966. Any information that is exempt
33 from disclosure pursuant to RCW 42.56.300 or federal law, including
34 section 304 of the national historic preservation act of 1966, shall
35 not become part of the official application file.

36 (3) If any funding decision, program, project, or activity that
37 may impact tribal resources, including tribal cultural resources,
38 archaeological sites, sacred sites, fisheries, or other rights and
39 interests in tribal lands and lands within which a tribe or tribes
40 possess rights reserved by federal treaty, statute, or executive

1 order is funded from the accounts created in RCW 70A.65.250,
2 70A.65.260, and 70A.65.270 without such a consultation with an
3 affected federally recognized tribe, the affected federally
4 recognized tribe may request that all further action on the decision,
5 program, project, or activity cease until meaningful consultation is
6 completed. Upon receipt of such a request by an agency or agencies
7 with the authority to allocate funding or administer grant programs
8 from the accounts listed in subsection (1) of this section in support
9 of the proposed project, further action by the agency or agencies on
10 any decision, program, project, or activity that would result in
11 significant physical disturbance of the tribal resource or resources
12 described in this subsection must cease until the consultation has
13 been completed.

14 (4) Upon completion of agency and tribal consultation, an
15 affected federally recognized tribe may request a formal review of
16 the consultation by submitting a request to the governor's office of
17 Indian affairs and notifying the appropriate agencies and the
18 department of archaeology and historic preservation. The state
19 agencies and tribe must meet to initiate discussion within no more
20 than 20 days of the request. This consultation must be offered and
21 conducted separately with each affected federally recognized tribe,
22 unless the tribes agree to conduct a joint consultation with the
23 state.

24 (5) After the state agencies and tribe or tribes have conducted a
25 formal review under subsection (4) of this section, an affected
26 federally recognized tribe or state agency may request that the
27 governor and an elected tribal leader or leaders of a federally
28 recognized tribal government meet to formally consider the
29 recommendations from the parties. If requested, this meeting must
30 occur within 30 days of the request, except that a federally
31 recognized tribe may choose to opt out of the meeting. This timeline
32 may be extended by mutual agreement between the governor and the
33 tribal leaders.

34 (6) After the meeting identified in subsection (5) of this
35 section has occurred, the governor or an elected tribal leader of a
36 federally recognized tribe may call for the state and tribe or tribes
37 to enter into formal mediation, except that a federally recognized
38 tribe may choose to opt out of the mediation. If entered into, the
39 mediation must be conducted as a government-to-government proceeding,
40 with each sovereign government retaining their right to a final

1 decision that meets their separate obligations and interests.
2 Mediators must be jointly selected by the parties to the mediation.
3 An agreement between the governor and a tribal leader or leaders
4 resulting from the mediation is formally recognized and binding on
5 the signatory parties. Absent an agreement, participation in
6 mediation does not preclude any additional steps that any party can
7 initiate, including legal review, to resolve a continuing
8 disagreement.

9 (7) During the proceedings outlined in subsections (4) through
10 (6) of this section, the agency or agencies with the authority to
11 allocate funding or administer grant programs from the accounts
12 listed in subsection (1) of this section in support of the proposed
13 project may not approve or release funding, or make other formal
14 decisions, including permitting, that advance the proposed project
15 except where required by law.

16 (8) By June 30, 2023, the governor's office of Indian affairs, in
17 coordination with the department of archaeology and historic
18 preservation and federally recognized tribes, shall develop a state
19 agency tribal consultation process, including best practices for
20 early, meaningful, and effective consultation, early notification and
21 engagement by applicants with federally recognized tribes as a part
22 of the preapplication process in subsection (2) of this section, and
23 protocols for communication and collaboration with federally
24 recognized tribes. The consultation process developed under this
25 section must be periodically reviewed and updated in coordination
26 with federally recognized tribes. The governor's office of Indian
27 affairs must provide training and other technical assistance to state
28 agencies, as they implement the required consultation.
29 Notwithstanding the governor's office of Indian affairs' ongoing work
30 pursuant to this subsection, the provisions of subsections (1)
31 through (7) and (9) of this section become effective as of June 9,
32 2022.

33 (9) The requirements of this section apply to local governments
34 that receive funding from the accounts created in RCW 70A.65.250,
35 70A.65.260, and 70A.65.270, where that funding is disbursed to
36 project and program applicants. Where requested, the governor's
37 office of Indian affairs must provide training and other technical
38 assistance to local government agencies as they implement the
39 consultation requirements of this section.

1 (10) Any agency subject to or implementing this section may adopt
2 rules in furtherance of its duties under this section.

3 (11) Subject to the availability of amounts appropriated for this
4 specific purpose, the department must establish a tribal capacity
5 grant program to provide funding to federally recognized tribes for
6 the costs of implementing this section.

7 NEW SECTION. **Sec. 8006.** If any provision of this act or its
8 application to any person or circumstance is held invalid, the
9 remainder of the act or the application of the provision to other
10 persons or circumstances is not affected.

11 NEW SECTION. **Sec. 8007.** This act is necessary for the immediate
12 preservation of the public peace, health, or safety, or support of
13 the state government and its existing public institutions, and takes
14 effect immediately.
