\*\*\*AUTHORS SUBJECT TO CHANGE\*\*\*

1     **AN ACT** *to create* 947.014 of the statutes; **relating to:** falsely reporting an  
2             emergency and providing a penalty.

---

### *Analysis by the Legislative Reference Bureau*

Under this bill, it is a Class I felony to engage in the behavior known as “swatting,” which means falsely reporting an emergency to a public safety entity, knowing that no emergency exists, with the intent to elicit a response from an emergency response team. In addition, under the bill, it is a Class H felony to engage in swatting if the incident results in physical harm to any person.

Under current law, certain false emergency reports result in a fine or a misdemeanor conviction, depending on the circumstances of the report. A false report of a bomb threat or a threat to release a harmful substance is a Class I felony, and a false terrorist threat is a Class G felony.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.
