Analysis by the Legislative Reference Bureau

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Study Committee on Problem-Solving Courts, Alternatives, and Diversions. The bill creates a family treatment court grant program under the Children's Code, to be administered by the Department of Children and Families (DCF) and operating within the court assigned to exercise jurisdiction under the Children's Code. The bill also creates a similar program under the Juvenile Justice Code, to be administered by DCF and operating within the court assigned to exercise jurisdiction under the Juvenile Justice Code (collectively, "juvenile court").

Under the family treatment court grant program, DCF makes grants available to counties to enable them to establish and operate programs to develop procedures that screen, assess, and provide new dispositional alternatives for parents whose children

ASSEMBLY BILL 51

have come under the jurisdiction of the juvenile court due to parental problems related to mental illness or substance abuse. A county that receives a grant must establish eligibility criteria for participation in the county's program, provide evidence-based treatment services to program participants, and integrate all services provided to program participants by various governmental and non-governmental entities. The bill also requires counties that receive those grants to submit data to DCF that must be analyzed annually by DCF. DCF must also, every five years, prepare a comprehensive report of the program.

Under the juvenile treatment court grant program, DCF similarly makes grants available to counties to enable them to establish and operate programs to develop procedures that screen, assess, and provide new dispositional alternatives for juveniles who have problems related to mental illness or substance abuse. In all other respects the juvenile treatment court grant program is very similar to the family treatment court grant program.

Funding for the family treatment court and juvenile treatment court grant programs is within the limits of available funding from the appropriation that is used to fund both the family alcohol and other drug abuse pilot program under s. 48.547, stats., and the juvenile alcohol and other drug abuse pilot program under s. 938.547, stats. The appropriation is federally funded for specific, limited-term projects, to be expended as local assistance for the purposes specified.
