2 statutes; **relating to:** issuing a license to teach based on equivalency and
3 granting rule-making authority.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Public Instruction to offer a statutory pathway to teacher licensure based on equivalency. Prior to August 1, 2022, DPI offered a similar pathway under its administrative rules.

Under the bill, DPI must grant a provisional teaching license to an individual who 1) has a bachelor's degree; 2) has at least six semesters of teaching experience, which may include experience in a public school, private school, postsecondary institution, or industry setting; and 3) successfully completes a standards-based assessment program approved by DPI and an assessment approved by DPI of the individual's knowledge, skills, and disposition. The bill also requires DPI to approve a standards-based assessment and an assessment of knowledge, skills, and disposition, which are required under the pathway, by no later than approximately six months after the date on which the bill becomes law. Finally, the bill specifies that an individual who obtains a provisional teaching license under this pathway is eligible for a lifetime license if the individual successfully completes six semesters of teaching experience under the license.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

ASSEMBLY BILL 639**SECTION 1**

1 **SECTION 1.** 115.28 (7) (a) of the statutes is amended to read:

2 115.28 (7) (a) License all teachers for the public schools of the state; make rules
3 establishing standards of attainment and procedures for the examination and
4 licensing of teachers within the limits prescribed in ss. 118.19 (2) and (3), 118.191,
5 118.1913, 118.1915, 118.192, 118.193, 118.194, 118.195, and 118.197; prescribe by
6 rule standards, requirements, and procedures for the approval of teacher
7 preparatory programs leading to licensure, including a requirement that, beginning
8 on July 1, 2012, and annually thereafter, each teacher preparatory program located
9 in this state shall submit to the department a list of individuals who have completed
10 the program and who have been recommended by the program for licensure under
11 this subsection, together with each individual's date of program completion, from
12 each term or semester of the program's most recently completed academic year; file
13 in the state superintendent's office all papers relating to state teachers' licenses; and
14 register each such license.

15 **SECTION 2.** 118.19 (3) (a) of the statutes is amended to read:

16 118.19 (3) (a) No license to teach in any public school may be issued unless the
17 applicant possesses a bachelor's degree including such professional training as the
18 department by rule requires, except as permitted under par. (b) and ss. 115.28 (17)
19 (a), 118.191, 118.1913, 118.1915, 118.192, 118.193, 118.194, and 118.197.
20 Notwithstanding s. 36.11 (16), no teacher preparatory program in this state may be
21 approved by the state superintendent under s. 115.28 (7) (a), unless each student in
22 the program is required to complete student teaching consisting of full days for a full
23 semester following the daily schedule and semester calendar of the cooperating
24 school or the equivalent, as determined by the state superintendent. No license to
25 teach in any public school may be granted to an applicant who completed a

ASSEMBLY BILL 639

1 professional training program outside this state unless the applicant completed
2 student teaching consisting of full days for a full semester following the daily
3 schedule and semester calendar of the cooperating school or the equivalent, as
4 determined by the state superintendent. The state superintendent may grant
5 exceptions to the student teaching requirements under this paragraph when the
6 midyear calendars of the institution offering the teacher preparatory program and
7 the cooperating school differ from each other and would prevent students from
8 attending classes at the institution in accordance with the institution's calendar.
9 The state superintendent shall promulgate rules to implement this subsection. If for
10 the purpose of granting a license to teach or for approving a teacher preparatory
11 program the state superintendent requires that an institution of higher education
12 be accredited, the state superintendent shall accept accreditation by a regional or
13 national institutional accrediting agency recognized by the U.S. department of
14 education or by a programmatic accrediting organization.

15 **SECTION 3.** 118.1913 of the statutes is created to read:

13 4. Reading.

14 **(3)** A provisional license under sub. (1) authorizes an individual to teach the
15 subject and educational levels for which the individual has successfully
16 demonstrated equivalency, as determined by the department by rule.

17 **(4)** The department shall issue a lifetime license to an individual who obtains
18 a provisional license under sub. (1) if the individual successfully completes 6
