Analysis by the Legislative Reference Bureau

Beginning in the 2020-21 school year, this bill requires the Department of Public Instruction to award grants to school districts for weatherization projects. Under the bill, DPI must establish an advisory council to make recommendations on the criteria for awarding weatherization grants and, after reviewing applications, recommendations on which school districts should receive grants. Finally, the bill specifies that the annual maximum award amount is \$100,000 and that a school district may use up to ten percent of a grant award for educational materials related to the weatherization project.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
