

## 2019 ASSEMBLY BILL 896

February 11, 2020 - Introduced by Representative SPIROS. Referred to Committee on State Affairs.

\*\*\*AUTHORS SUBJECT TO CHANGE\*\*\*

1 AN ACT *to create* 165.87 of the statutes; **relating to:** body cameras on law  
2 enforcement officers.

---

### *Analysis by the Legislative Reference Bureau*

This bill creates requirements for law enforcement agencies that use body cameras on law enforcement officers. Under the bill, if a law enforcement agency uses a body camera, the agency must have a written policy on the use, maintenance, and storage of the cameras and the data recorded by the cameras. The bill also requires that the law enforcement agencies retain data from the recordings for at least 120 days and specifies the circumstances in which that data must be retained longer. For instance, under the bill, if data depict an encounter that resulted in a death, injury, or custodial arrest; a search during temporary questioning; or an encounter that involved an officer using force, the agency must retain the data until the final disposition of the investigation, case, or complaint to which the data pertain. Under the bill, the data from body cameras are subject to inspection and copying under the open records laws with exceptions to protect privacy and the identity of victims and minors.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
