

2013 ASSEMBLY JOINT RESOLUTION 110

March 7, 2014 - Introduced by Representatives KRUG, SPIROS, CLARK, MILROY, HULSEY, CZAJA, WRIGHT, MURSAU, KNODL, BALLWEG, TITTL, THIESFELDT, KAUFERT, WILLIAMS, SHANKLAND and PETRYK, cosponsored by Senators TIFFANY, L. TAYLOR, KEDZIE, COWLES, PETROWSKI and GROTHMAN. Referred to Committee on Rules.

1 **Relating to:** proclaiming April 2014 as Forestry and Paper Products Month.

2 Whereas, Wisconsin has nearly 17 million acres of public and private forests,
3 managed by the forest products industry, non-industrial private landowners, and
4 county, state, and tribal agencies, which provide the essential raw material for the
5 state's forest products and paper industry along with a myriad of benefits; and

6 Whereas, the forest products industry—composed of the logging, pulp and
7 paper, lumber and wood products, and printing industries—significantly contributes
8 to Wisconsin's economic health and well-being by employing more than 53,000
9 women and men in family-supporting jobs whose annual income exceeds \$3.2
10 billion; and

11 Whereas, the forest products industry contributes an estimated \$215 million
12 in state and local taxes; and

13 Whereas, Wisconsin's forest products industry accounts for 13.2 percent of
14 manufacturing jobs, is the number one employer in 23 counties, and for every 10

1 forest industry jobs supports the existence of an additional 23 in other sectors of the
2 state's economy; and

3 Whereas, the products of Wisconsin's pulp, paper, lumber, and wood
4 manufacturing industries are worth more than \$17.8 billion annually, including
5 more than \$14.4 billion in pulp and paper products and more than \$3.3 billion in
6 lumber and wood products; and

7 Whereas, Wisconsin's papermakers employ more than 31,000 men and women,
8 earning more than \$2.4 billion in family-supporting salaries; Wisconsin's 18,400
9 lumber and wood products employees earn more than \$732 million; the state's 3,280
10 forestry and logging workers earn more than \$34.6 million; the printing industries
11 of Wisconsin employ more than 28,700 employees earning more than \$309.2 million;
12 and

13 Whereas, papermaking began in 1848, three months before Wisconsin became
14 a state, and paper manufacturing has been a cornerstone of the state's economy for
15 more than 165 years, and in fact Wisconsin has led the nation in paper
16 manufacturing for more than 60 years; and

17 Whereas, Wisconsin produces a greater diversity of paper products than any
18 other state in the four main categories of packaging, communication (printing and
19 writing), tissue, and specialty grades; and

20 Whereas, Wisconsin's lumber and wood products industry predates the state,
21 leads the nation in millwork production, and is third nationally in hardwood veneer
22 output; and

23 Whereas, the industry's products are societal staples that include lumber and
24 wood material for homes as well as other residential, commercial, industrial,
25 municipal, and agricultural buildings, plus essentials and amenities including

1 cabinets, furniture and fixtures, windows, pallets and shipping materials, posts and
2 poles, fuel wood, and biomass for energy and other purposes, as well as Christmas
3 trees; and

4 Whereas, Wisconsin's nearly 17 million acres of forest lands and its millions of
5 urban trees significantly enhance the quality of life in our great state, contribute to
6 water quality, support and enhance soil quality, provide habitat and sustenance for
7 terrestrial and aquatic flora and fauna, and offer four-season recreational and
8 aesthetic opportunities to residents and visitors of all ages; and

9 Whereas, Wisconsin forests are growing one and a half times more timber than
10 is being harvested each year, with saw timber volume increasing by 1.68 billion
11 board-feet annually; and

12 Whereas, the forest products industry in Wisconsin supports sustainable
13 forestry to maintain woodlands as healthy, complex ecosystems that provide
14 ecological, social, and economic benefits today and for future generations; and

15 Whereas, 7.2 million forested acres—including county, state, tribal, private
16 non-industrial, and private industrial ownerships—are third-party certified as
17 "sustainably managed" regarding widely accepted forest practices and standards,
18 and most of this forest land (public and private) is open for hunting, hiking,
19 bird-watching, and other recreational activities; now, therefore, be it
